SUFFRAGE DEFEATED

Women Claim to See Victory.

Majority of Two Votes for Bill to Submit Question to People.

Hard Fight Made to Swing Two-thirds Vote Is Unsuccessful.

Legislators Grow Heated in Debate and Women Wait Breathlessly.

[ASSOCIATED PRESS NIGHT REPORT.]

SACRAMENTO, Jan. 28.—"We do not admit defeat—in fact, we feel that we won a great victory today," said Mrs. Lillian Harris Coffin, State chairman of the Woman's Suffrage League, tonight.

"We mustered thirty-nine votes for the woman's suffrage constitutional amendment, with two absent who would have been for us, to thirty-seven against us, thus giving us a majority in the Assembly. We are more determined than ever to push our fight and believe that as a result of today's battle we have gained thousands of converts."

The amendment that Grove L. Johnson proposed to submit to the voters at the next election, franchising the women, was defeated only after the most stubborn struggle of the session. Roll was called shortly before 4 o'clock this afternoon. From 11 o'clock until that hour, with the exception of a short recess, the champions of the fair sex used every argument in their power to swing the necessary two-thirds vote to carry the measure and their opponents answered with equally vigorous arguments.

Many personalities were indulged in by both sides, and the women, who crowded the galleries, hung over the railings to hear every word as the debate developed into a whirlwind of contention, Assemblymen asking and giving answers to questions out of order, arising to questions of personal privilege to deny allegations or to apologize for words hastily spoken.

JOHNSON IS SPONSOR.

Grove L. Johnson, sponsor for the measure, in his opening address, declared that he was opposed to woman's suffrage, but he did think the many women who were advocating it were entitled to have it submitted to a vote of the people. He did not believe the Legislature should deny the people the right to pass upon the question, and he defied the Democrats to go back upon the plank in their State platform that committed them to the submission of such an amendment. He said in part:

"We are not discussing this from a sentimental point of view. It is merely an effort to apply the principle that the people should rule. There are 500,000 women in the State. Why should we attempt to decide whether or not they should have the ballot? Should we make the laws for them against their will? Should we compel one-half of the people to submit to the rule of the other half?"

George M. Perine of San Francisco was the first to voice the sentiments of the opposition. His speech was brief.

"I am against this measure because I do not believe that our wives, our mothers and our sisters wish, nor should they, the privilege of rubbing elbows at the polls with depraved women and dope fiends. It is the duty of all men to protect their women from such influences. Manly men will not make it possible for their daughters to stand shoulder to shoulder at the ballot box with fallen women."

"SEND WOMEN HOME."

Preston, of Ukiah, a Democrat, opposed the amendment in an eloquent address in which he read a letter he had received, he said, from an aged woman from Oakland, declaring that the place of the woman was at home.

"Kill the bill and send them home," was the way the letter concluded.

Roll call resulted as follows:

Ayes—Barndollar, Bohnett, Butler, Callan, Cattell, Coghlan, Cogswell, Collum, Costar, Cronin, Drew, Gibbons, Gillis, Hayes, Hewitt, Hinkle, Holmquist, Hawkins, Johnson, of Sacramento; Johnson of San Diego; Johnson of Placer; Juilliard, Kehoe, Maher, Melrose, Mendenhall, Otis, O'Neil, Poisley, Pulcifer, Sackett, Silver, Stuckenbruck, Telfer, Webber, Wheelan, Wilson, Wyllie, Young—39.

Nays—Baxter, Beardslee, Beatty, Beban, Collier, Cullen, Dean, Feeley, Flaveile, Fleisher, Flint, Gerdes, Greer, Griffiths, Hammon, Hanlon, Hans, Hawk, Johnson, of Contra Costa; Leeds, Lightner, McCauley, McClellan, McManus, Moore, Mott, Nelson, Odom, Preston, Pugh, Rech, Rutherford, Schmitt, Transue, Whitney, Speaker Stanton—37.

Absent—Black, Irwin, Perine, Wyatt—4. Wyatt has not been present this session.

Mrs. Coffin called a meeting of the women tonight to discuss plans for the future. Most of them will leave for their homes tomorrow.

SURE AS DEATH AND TAXES.

PLANS READY FOR BIG EXPOSITION BUILDING.

Little Doubt That Los Angeles Will Get Quarter-Million Structure for Agricultural Park; Drawings Exhibited—Project Grows.

BY B. FRANK GREAVES.

[BY DIRECT WIRE TO THE TIMES.]

SACRAMENTO, Jan. 28.—[Exclusive Dispatch.] It is about as certain as death and taxes that Los Angeles will get the $250,000 State Exposition building in Agricultural Park, provided for in the bill introduced by Speaker Stanton in the Assembly. Within a few days the bill will be reported out favorably by the Ways and Means Committee of the lower house. On February 8 it will be acted upon finally by the Senate Finance Committee, and there is every indication that the action will be favorable.

W. M. Bowen of Los Angeles, attorney for the Agricultural Park Association, was before the Finance Committee today and before the Ways and Means Committee yesterday. The showing he made won support for the measure. Besides, it is known that Gov. Gillett will approve the appropriation in preference to many others that are asked.

Mr. Bowen laid before the committees some matters that have not yet become known to the Los Angeles public. For instance, he exhibited plans that have been prepared for a Los Angeles county historical building, to have a place in Agricultural Park. This project, which is backed by the Supervisors, will have great weight in influencing the State Legislators to make an appropriation for the exposition building. It contemplates a building to cost $150,000 to be used as an art gallery and museum, in which may be displayed the rich stores of relics now available in Los Angeles county, many of them stored away in the basement of the Courthouse, others housed in fire-traps.

The drawings for the historical building exhibited by Mr. Bowen, are of an ornate one-story structure, to be of steel frame and of brick and concrete construction.

The extreme dimensions are 310x176 feet, with a dome rising to a height of eighty feet; exterior finish glazed brick and terra cotta; roof of Mission tile, copper and ribbed glass. The rotunda under the dome is to be seventy feet in diameter, with a balcony ten feet above the floor.

Two wings of the building are set aside for the museum, which is to occupy two rooms, each 50 by 100 feet, with balconies, and six rooms, each 24 by 24, for special collections; also two office rooms, each 24 by 24. The room allotted to the art gallery is 50 by 75 feet. Floors throughout the building are to be of Mosaic tile.

In addition to the part Los Angeles county proposes to play in getting the State appropriation, it is assured that the city of Los Angeles will beautify the 110-acre tract that makes up Agricultural Park. Municipal support has been pledged to the plan.

Because he was able to show that Los Angeles city and county will do their share in improving the park, Mr. Bowen has been able to make an excellent impression on the legislative committees, and, while it is too early to state that the quarter-million appropriation has been approved, that approval is not far off. Speaker Stanton is behind the bill, which is enough to prove that there will be no sleeping at the switch.

In the Senate Finance Committee today it was even hinted that the State might sell the Normal School property at Fifth street and Grand avenue and use the proceeds to erect a fine new school building in Agricultural Park.

BIG ADDITION TO RESERVE.

President Adds 630,000 Acres to San Jacinto National Forest.

[ASSOCIATED PRESS NIGHT REPORT.]

WASHINGTON, Jan. 28.—The President today signed a proclamation adding more than 630,000 acres to the Cleveland national forest in Southern California and eliminating from that reserve 1632 acres of land not considered suitable for national forest purposes.

After these changes the forest has a present area or more than 1,573,000 acres.

This forest originally called the San Jacinto, was named by President Roosevelt in July last in honor of the late President Cleveland who created that and twelve other reserves on Washington's Birthday in 1897.

FAITHFUL PROMISE.

CUBA HAS LIBERTY.

America Bestows a Great Gift.

Gen. Gomez Is Inaugurated as President of the Republic.

Gov. Magoon Steps from His Office to Return Home.

Brilliant Scenes Mark Day of Historic Moment to Nation.

[ASSOCIATED PRESS NIGHT REPORT.]

HAVANA, Jan. 28.—José Miguel Gomez was inaugurated first President of the reestablished Cuban republic, at a few minutes after noon today, and the American control of insular affairs came to an end with the departure of Gov. Magoon and all the provisional officials.

The Americans left the harbor on warships and transports immediately after the formal turning over of the government to the native officials.

An immense crowd stood with bare heads in the Plaza de Armas, facing the palace, when President Gomez stepped out on the palace balcony and took the oath of office from the Chief Justice of the Supreme Court.

The President was surrounded by the dignitaries of state, the members of the diplomatic corps and the special envoys, in brilliant uniforms.

The day was intensely warm. There was little or no cheering from the holiday throng lining the thoroughfares, over which the inaugural procession passed, the Cubans contenting themselves with raising their hats as a joint salute to the new President and the departing American Governor.

The affairs of the island have been administered by American officials for more than two years, as a result of the revolution against former President Palma in 1906.

January 28 will hereafter take rank with May 20 as a national holiday in Cuba, for it was on the latter day in 1902 that the island was first transferred to the Cuban people by the United States after a period of rehabilitation following the Spanish War.

The coming of this day of Cuban liberty was signalled by a general display of fireworks, the screeching of rockets and bombs sending down showers of golden rain and vari-colored lights. The streets of the city, which were brilliantly illuminated and gas-landed with chains of incandescent bulbs, were thronged until an early hour this morning, and a carnival spirit everywhere prevailed.

Thousands of people gathered around the chief clerks' club throughout the night, where inaugural and farewell balls were held jointly in honor of President Gomez and Vice-President Zayas and Governor-General Magoon, all three of whom were quickly recognized and loudly applauded on entering the building and leaving it. The halls constituted one of the most brilliant functions held here since the days of the Spanish rule.

The ceremonies today began almost with the dawn, and they lasted long after nightfall.

The inaugural parade, in which only native troops, civil organizations and the rural guards participated, passed under the magnificent triumphal arch erected in Gonzerrato Square, facing Central Park.

One of the first ceremonies of this morning was the placing of a wreath on the tablet marking the house in which Jose Marti, the Cuban patriot, was born.

Next came the presentation of the new Cuban flag, which was raised on the flagstaff of the palace, marking the end of the American intervention. The Cuban flag had floated throughout this period, the American civil governor and the American army officer detailed to supervise the various governmental departments having really served throughout as Cuban officials. The old flag will be sent to Washington and placed in the National Museum.

Gen. Gomez, who plotted against former President Palma and who was imprisoned by him for one month and released only when Secretary of War Taft came to the island to settle the revolution of 1906, took the oath of office as President of the republic at noon. Afterward, President Gomez, who is more of a soldier than a speaker, made a short address from the balcony.

Returning to the reception of the palace, Gen. Gomez received from the hands of Mr. Magoon the final decree turning over all the affairs of the island, together with an order from Washington terminating Mr. Magoon's commission as provisional Governor.

Vice-President Zayas was sworn in at a special session of the Senate this morning. The House of Representatives was also in session.

Mr. Magoon went to Knights Key, Fla., whence he will take a train directly to Washington.

José Miguel Gomez goes into power as leader of the Liberal Coalition party as a result of the overwhelming choice of the Cuban people last fall. The Cubans always held it against former President Palma that he was the choice of the American government. No such complaints can be made in the case of President Gomez, for the Americans studiously avoided anything savoring of advice or suggestion as to the candidates or the platform in the call for last campaign.

REPUBLIC OWNERS LIBEL THE FLORIDA.

Oceanic Company Asks Damages of Two Million Dollars for Injuries in Accident, While Italian Company Makes Counter-claim.

[ASSOCIATED PRESS NIGHT REPORT.]

NEW YORK, Jan. 28.—Counsel for the Oceanic Steam Navigation Company, owners of the White Star Line steamer Republic, filed a libel in the United States District Court today against the steamer Florida of the Lloyd-Italiano line, which ran down and sunk the Republic off Nantucket, Mass., lightship. Damages for $1,500,000 for the loss of the ship, and $500,000 for the loss of cargo and effects of the passengers and crew, were claimed.

It was asserted in the libel that the collision was due to no fault on the part of Capt. Sealby, of the Republic, but wholly to the fault of the Florida, which, it was alleged, did not keep a proper course, had no sufficient lookout, did not give proper whistles, did not pay heed to the whistles of the Republic; that the Florida failed to indicate her changes of helm; that she was proceeding at an immoderate speed, and did not stop or back her engines; that the Republic was running at regulated speed; that the captain, two officers, a quartermaster and a seaman were on the bridge with two lookouts.

The court is asked to condemn the Florida and order the payment of $2,000,000 damages to the owners of the Republic.

The Lloyd-Italiano Societie de Navigatione, owners of the steamship Florida, also filed in the Federal District Court a libel and petition for a limitation of liability against the Florida, her freight and passage money. The papers state the collision was solely caused by the faults and neglect on the part of the Republic.

The petitioners say that damage value of the Florida now does not exceed $224,000, and asks the court to fix the liability at not more than that amount.

After the filing of papers in the proceedings, against the Florida, U. S. Marshal Henckle seized the Italian vessel under a writ of attachment.

OLD ANIMOSITY.

DIPLOMATIC RUPTURE OF CHILE AND PERU.

[ASSOCIATED PRESS NIGHT REPORT.]

VALPARAISO (Chile) Jan. 28.—The rupture of diplomatic relations between Chile and Peru, signalized by the withdrawal of Señor J. M. Echinque, the Chilean Minister at Lima, has aroused more or less excitement here, and the old animosities between the two countries, dating back to the war of 1879, and the consequent acquisition of the Peruvian provinces of Tacna and Arica by Chile, have, to a certain measure, been revived.

It is declared here today that the Chilean squadron, under Admiral Wilson, now in the Strait of Magellan, has been ordered north.

The difficulty between Chile and Peru came to general notice when the Peruvian government, a few months ago, refused to permit Chile, represented by Señor Echinque, to place a tablet on the monument erected by Peru to the memory of her soldiers who lost their lives in the war of 1879.

Señor Echinque was then recalled. The controversy is entirely diplomatic and has not yet assumed a serious character.

LAND LACKING FOR SAN PEDRO.

NECESSARY ITEM LEFT OUT IN HOUSE COMMITTEE.

Application for Purchase of Site Not Provided for in Bill and Senator Flint Is Greatly Exercised When Discovery Is Made—Second Effort Will Be Made.

[BY DIRECT WIRE TO THE TIMES.]

WASHINGTON, Jan. 28.—[Exclusive Dispatch.] The application for the purchase of the land necessary to be acquired, prior to beginning work on the fortifications planned for San Pedro, is in danger. It appears that when the item was reached in committee in the House it was not properly presented, possibly through some inadvertence, and the committee struck out the items.

Senator Flint was asked about it today and was considerably exercised. The Senator said he was not advised that the House had failed to provide for the item, that if it had he was in hope that the Senate would allow the $400,000 needed to insure the beginning of work on the fortifications, in which event it would again come before members of the House in conference and he would then do everything in his power to have it kept in the bill.

Senator Perkins, who is chairman of the Subcommittee on Fortifications, has informed Flint that he is heartily in favor of providing adequate coast defenses for Los Angeles, and as the other members of the subcommittee are in favor of fortifying San Pedro, they will undoubtedly report in favor of it.

Portuguese Capital Placarded With Incendiary Proclamations to Republicans Despite Military Precautions for Anniversary Services Monday.

[BY DIRECT WIRE TO THE TIMES.]

LISBON, Jan. 28.—[Exclusive Dispatch.] With detachments of soldiers posted at strategic points throughout the city, the police gathering in suspects by the score, and King Manuel under guard of a picked regiment, the government is going ahead today with its plans for a memorial service Monday for King Carlos and Crown Prince Luis, determined to brook no interference by republicans.

In face of the most emphatic announcement that no republican gatherings would be permitted on the anniversary of the assassination of King Carlos and Prince Luis, the city has been placarded with incendiary proclamations calling on the people to gather at the graves of Buissa and Costa, the regicides, during the requiem services in the cathedral. It is said that 3000 persons have pledged themselves to take part in the republican demonstration.

Another meeting to follow the services at the grave is scheduled to take place in the Praccde Commercio, where the assassinations occurred

Solid Three Vote to Recommend Bill Killed, but It Will Pass.

BY B. FRANK GREAVES.

[BY DIRECT WIRE TO THE TIMES.]

SACRAMENTO, Jan. 28.—[Exclusive Dispatch.] The biggest public hearing held by any committee of this session of the Legislature was that tonight before the Senate Committee on Public Morals, which had under consideration that Walker-Otis anti-race track gambling bill, already passed by the Assembly. Immediately after the hearing, the committee voted to report the bill back to the Senate tomorrow with the recommendation that it do not pass.

Senators Wood, Leavitt and Wolfe stood together against the bill; Savage and Kennedy voted that the bill do pass. The minority, however, will not make a report.

The matter is likely to reach a vote on Saturday or Monday. It is a foregone conclusion that the Senate will pass the bill by an overwhelming majority. It is likely to vote 30 to 10 for the Bill, several Senators having climbed onto the band-wagon in the last few days.

ARTHUR LETTS SPEAKS.

A. J. Treat of San Francisco, representing the Anti-Footroom League, opened the discussion. Chairman Wood of the committee presiding. Arthur Letts of Los Angeles, president of the Business Men's Anti-Race Track Gambling League of Southern California, told of the evils of gambling in connection with Agcot and Arcadia tracks. He was followed by L. H. Garrett, secretary of the same league, who spoke at length.

The audience clearly was with the supporters of the anti-gambling bill, but there were many who applauded the champions of the "ponies," most prominent among whom were Barney Schreiber, owner of hundreds of blooded horses, and "Tom" Williams, head of the entire racing game on the Pacific Coast, as president of the California Jockey Club.

Schreiber was witty and good-natured. There are more "broke" than prosperous bookmakers in California, he said; not more than ten at Emeryville and Arcadia who are making their own books. Schreiber said there is a total of 2500 to 3000 horses at Emeryville and Arcadia.

BOOKIES AVOID CHURCH.

"Nothing advertises California so much as racing," he declared. "The tourists don't come here to see the sunsets and the scenery; they come to see the races. I've made boats for many years, but I'm not a millionaire, but there are many millionaires who have made their money in buckethops and on boards of trade and who pass the plate in church on Sunday. You don't see bookmakers doing that; they haven't the gall."

Schreiber said the passage of the anti-gambling bill would mean a loss of probably $300,000 to him.

"I can stand it," he said, "but thought I was in a legitimate business."

F. J. Stoer, member of the Board of Trustees of Emeryville, told how the farmers of that section would suffer through the loss of a market for straw, hay and oats. Prices will go down 50 per cent., he said, with the closing of the track.

Tom Williams said that without betting or gambling, racing will cease. It must have that support or stop.

Partisans of Menelik's Grandson Plan to Wrest Throne from Queen.

[BY DIRECT WIRE TO THE TIMES.]

ROME, Jan. 28.—[Exclusive Dispatch.] Partisans of Prince Lij, the twelve-year-old grandson of King Menelik of Abyssinia, are today reported in a message from Addis Ababa as gathering a large force to attempt to wrest the throne from Queen Taitou. The latter controls the capital, and her position is so strong that it is believed she cannot be deposed without a battle.

The report of Menelik's death still lacks confirmation. The latest version is that Menelik is unconscious, and at the point of death. The report that he had left the capital for a trip into the mountains is discredited.

JAPANESE NO LONGER COME.

Emigration Exceeds Immigration for Last Year.

Secretary Straus Believes the Problem Solved.

Surreptitious Influx Is not Worth Considering.

[ASSOCIATED PRESS NIGHT REPORT.]

WASHINGTON, Jan. 28.—Secretary Straus forwarded a letter today to Senator Frank P. Flint of California, discussing the statistics of the Department of Commerce and Labor, covering the immigration of Japanese to the United States, and the emigration of Japanese from the United States. Secretary Straus writes:

"You will observe that the entire number (Japanese) admitted was 12,413 for the calendar year 1907, while the entire number admitted was but 4477 for the calendar year 1908. You will also bear in mind that the executive order of the President was issued on March 14, 1907, but it took a considerable time to prepare regulations provided for in that order and put the regulations into effect, and for the Department of State, both here and through our Ambassador to Japan, to arrive at a definite understanding with the Japanese government.

"I desire furthermore to direct your attention to the fact that the entire immigration for the year beginning November 1, 1907, and ending October 31, 1908, was 6017, while the departures for the same period were 5522, leaving an increase for immigration of Japanese for that year of 135.

"It is further to be observed that beginning with the month of June, 1908, to October, 1908, the emigration of Japanese exceeded the immigration to the United States by 1542, showing distinctly that the trend of the migration of Japanese is from the United States.

"It is further shown by the marked decrease of immigration during the months referred to of 1908, as compared with the same months of 1907.

"The press reports which I have seen contain statements made by some of your people in California that these figures are inexact. I desire emphatically to state that they are absolutely correct, and the proof thereof, which is on file in the department, clearly demonstrates the accuracy of the figures.

"It has further been intimated, as I see from reports, that there is a large surreptitious influx of Japanese over the Mexican and Canadian borders. I am justified in saying that this it not true, for obvious reasons. That there are some few scattered surreptitious entries is quite probable, but the sum is so small that it cannot be consequential.

"Finally I wish to call your attention to the fact, which the statements above referred to indicate, that the arrangements which has been called the 'gentlemen's agreement' we have with Japan, in my judgment, is working more effectively than would result from any restriction laws, because of the effective embargo Japan has placed on departure of her subjects from Japan."

WARNINGS OF DANGER.

VOLCANO ABOUT TO BE VIOLENT.

SEVERE ERUPTION OF COLIMA IS PREDICTED.

Lava Starts from Lower Crater, Showers of Ashes and Stones Are Falling for Miles Around and Scientists Expect Worst Outbreak in Negro at Any Time.

[BY DIRECT WIRE TO THE TIMES.]

CITY OF MEXICO, Jan. 28.—[Exclusive Dispatch.] The National Geological Institute has received advices from Tuxpan that lava is now running from one of the lower craters of Colima volcano. Warning has been spread among the people who live in the vicinity of the volcano that an eruption is impending, which will be the most violent in the last quarter century.

This prediction is made upon the reports of Aniseto Castellanos, who is in charge of the observatory, and Severo Diaz, who takes observations of the condition of the volcano at the town of Zapotlan, situated near the base of the mountain. These observations were established by ecclesiastical authorities twenty years ago.

The appearance of the lava flow and the growing whiteness of the smoke that is issuing from the main and two lateral craters of the volcano are the forerunners of the violent outburst that is soon to occur, according to the opinions of the two observers.

Shower of ashes and stone have been falling for many miles around the volcano during the last twenty-four hours.

So said Edna Wallace Hopper today when she saw the story from New York that the trustee of the bankrupt firm of A. O. Brown & Co. had filed papers against her and A. O. Brown, demanding an accounting.

"The engagement presents were given to me six months before the petition in bankruptcy," she said. "Think of a court interfering with gifts of that nature!"

"And you are still engaged to Mr. Brown?"

"Still engaged to him? Why, of course."

MYSTERIOUS KIDNAPING.

[ASSOCIATED PRESS DAY REPORT.]

CHICAGO, Jan. 28.—Mrs. Richard Gibson has asked the police to explain the kidnaping and mysterious restoration of her 5-year-old son, Archie. The boy was snatched from his mother in a street crowded by theater-goers Sunday night, and forty-eight hours later was thrust back into her arms by a strange woman who hid her identity in flight.

FRAUDS IN MILK.

[ASSOCIATED PRESS DAY REPORT.]

CHICAGO, Jan. 28.—Investigation has been begun by milk inspectors into what are termed wholesale frauds perpetrated by veterinary surgeons and farmers who supply milk to Chicago citizens. Plans are being made to revise the system of inspection of cows and a law to change the present system will be sought.

MEASURED GREEK THEATER.

[ASSOCIATED PRESS DAY REPORT.]

CHICAGO, Jan. 28.—Measurements of the Greek Theater at Taormina, Italy, the auditorium referred to in ancient history and famous the world over because of its perfect acoustic properties, have been brought to Chicago by Architect J. E. O. Pridmore. As the ruins are reported to have been completely demolished by the earthquake of December 28, Mr. Pridmore probably has the only measurements in existence.

HIS CAR KILLED FOUR.

[ASSOCIATED PRESS DAY REPORT.]

CHICAGO, Jan. 28.—Four persons have been killed beneath the wheels of electric cars of which he was motorman, and two women have been maimed for life, and L. A. Broadway is now taking a voluntary rest, "to recover his nerve." Within another week he expects to be at work again, and says he trusts his car never will kill another person. He is not particularly sure of such luck, as he says people seem to be taking greater chances with electric cars every day. In none of the accidents in which his car has figured has Broadway been censured by the Coroner. "People generally take all kinds of chances with electric cars. They completely disregard the fact that the electrics often are running faster than steam cars. They jump in front of electric cars where they would give a steam train a wide berth."

BOY PAYS FOR LAMP.

[ASSOCIATED PRESS DAY REPORT.]

CHICAGO, Jan. 28.—Because he felt that a clear conscience was worth more than 25 cents, Russel B. Snow, aged 12 years, has mailed a quarter to the Commissioner of Public Works in payment for a broken street lamp. Last week young Russell hurled a stone through a glass, and ever since then he has been troubled with a strong sense of remorse. He finally revealed to his mother the whole secret, and was told that he must make amends.

"LITTLE OLD WOMAN" DEAD.

[ASSOCIATED PRESS DAY REPORT.]

CHICAGO, Jan. 28.—The "Little Old Woman of State street" is dead. She was found unconscious on her soap box from which she had sold gum and papers for more than a dozen years, and taken to a hospital, but failed to revive. She had been a familiar sight to thousands, but no one knew her name.

CALL OF KANSAS.

[ASSOCIATED PRESS DAY REPORT.]

CHICAGO, Jan. 28.—Tomorrow is Kansas day in Chicago, and tomorrow night the first annual dinner of the Kansas Society will be held. Among the speakers will be George R. Peck, Col. Henry King, of St. Louis; Charles S. Gleed of Kansas, President Winchell of Rock Island, President Harris of the Burlington, W. B. Biddle of the Rock Island system, Frederick J. V. Skiff, Henry Schott of the Kansas City Star and John Whitman. Miss Esther Clark will recite her poem, "The Call of Kansas."

BLACK CAT'S LAST CALL.

[ASSOCIATED PRESS DAY REPORT.]

CHICAGO, Jan. 28.—Tom, a black cat, for nine years mascot of Engine No. 49, is no more. In answering its last alarm of fire, it fell short in its accustomed leap for the shoulders of Mike Malloy, driver. Tom suffered a broken back and was killed by a bystander.

DISAPPEARED FROM TRAIN.

[ASSOCIATED PRESS DAY REPORT.]

CHICAGO, Jan. 28.—A search carried on by the Chicago & Northwestern officials has failed to explain the mysterious disappearance of a man from a passenger train at Maple Park, Ill., early Tuesday. A report that the man had leaped from the train while it was running at a high rate of speed, was denied. "The passenger in question had displayed signs of extreme nervousness," said an official, "and although he had a ticket for Chicago, seemed to want to leave the train. When Maple Park had been reached, and the train was leaving the place, the conductor was told the anxious passenger had leaped through a car window while the train was stationary."

HALF CENT ON THE DOLLAR.

[ASSOCIATED PRESS DAY REPORT.]

CINCINNATI, Jan. 28.—Depositors in the Fidelity National Bank, the E. L. Harper institution which went under in 1857, following the failure of Harper to "corner" the wheat market, have received a final dividend of .55 of 1 per cent." This will make a total of 59.01 per cent., recovered by the depositors. The Fidelity National had a capital of $1,000,000 and a large surplus and the deposits aggregated about $4,000,000. The capital and surplus were wiped out and the stockholders were assessed for 100 per cent.

TWO LONG JOURNEYS.

[ASSOCIATED PRESS DAY REPORT.]

CHICAGO, Jan. 28.—Clasping her two-year-old boy to her breast, Mrs. Johanna Weilbacher, just returned from a trip to Germany, died last night in a railroad station five minutes after her arrival in Chicago. She went to Germany last year to benefit her failing health, but on being told by specialists that there was no hope, returned to Chicago to see her children before she died.

DIED WITH HER PETS.

[ASSOCIATED PRESS DAY REPORT.]

CHICAGO, Jan. 28.—Unwilling to leave her pet cat, two dogs, a canary bird and a robin to the care of others, Mrs. Emilia Tilman killed them and herself by turning on the gas at her residence. She was despondent because of ill health.

WOMEN DUPED; ALL IN LOVE.

Arrested Real Estate Dealer Has Many Letters.

Writers, Expecting to Marry Him, Sent Money.

Some Were Impatient and Demanded Return.

[ASSOCIATED PRESS NIGHT REPORT.]

KANSAS CITY (Mo.) Jan. 28.—Charles E. Nord, formerly a Kansas City real estate dealer, has been placed in the County Jail here on a charge of passing a worthless check. He was arrested in Omaha on a warrant sworn out by a local grocer. Following his return to Kansas City the police seized Nord's trunk and it was found to contain several hundred letters from women in various parts of the country. These letters, which were made public last night, invariably refer to Nord in terms of endearment, generally speak of a coming marriage and in each case mention loans of money alleged to have been made by the writers to Nord.

The letters disclosed the following signatures, among others:

"Jean Ida Bell, Haileybury, Ont.;" "Jane, 1223 Irwin street, Pittsburgh, Pa.;" "Mrs. Ida M. Stern, 5519 Madison avenue, Chicago;" "Miss Anna Heerhold, 2688 North Forty-fourth street, Irving Park, Chicago," and "Mary L. Beory, Savannah, Ill."

"HOW HAPPY WE'LL BE."

One writer pleaded with the man to sell his office furniture in Buffalo and come to her and marry her. Another letter read:

"We will be happy when we are married, but Charles, if you expect to keep my confidence you must square yourself in regard to that check."

The same writer in another letter said:

"I just received a notice from the First National Bank saying that the note for $1000 was due April 13, and must be paid."

Still another writer says:

"Fortunately, dear boy, I have the loan at hand that you ask. Of course, you hate to ask me for it, but I am only too glad to do you the favor."

BEFORE AND AFTER.

"My own dearie," writes another, "I was so sorry that my brokers told me that money was so hard to get they could not accommodate me with the $2000 you asked me for. We could live," she added, "on the $100 a month of mine until you get on your feet."

Later the same writer penned this: "You will please send the $10 at once or I shall be compelled to bring suit."

One letter signed "Iodad" from Chihuahua, Mex., says:

"As for your picture (no matter what may come) I shall never part with it while I have a breath of life, and even after life it shall go with me to one last place."

The only other western writer, so far developed, signs herself as "Ida M., Kansas City," and speaks of a loan made to Nord and of failure to make him repay it.

EMMA IN SWEDEN.

Two letters, one from Stockholm, Sweden, and the other from Mikkala, Sweden, were signed "Emma." In one of them the writer says:

"I must tell our parents of our marriage."

A letter written from the Waldorf-Astoria Hotel, New York, spoke of the writer as the mother of the girl interested, and said: "I think it about time I stepped in and attended to this very disgusting affair. You seem to warn Miss Farquharson that you wish to make trouble. I fail to see how you can do it."

Nord, in his cell here today, declared he was innocent of any wrong.

"I'm not worried and never proposed to marry any woman," he said. "You know how women are. Any time they find you a good fellow and you show any liking for them, they think you are bent on marrying them. When a man knocks about the world he is bound to run into a raft of them. I met nearly all those women who wrote to me in Chicago. I lived seven years there."

He said he could prove that he had done no wrong. Nord said he owned a mine in Northwest Quebec, worth $150,000.

SQUARING THE CIRCLE.

KIERNAN IN BANKRUPT CASE.

CHURCH FINANCIER GOES ON WITNESS STAND.

Testifies That He Has no Bank Account, That He Drew Balances in Several Banks Last September. Personal Property Mostly Hypothecated in Small Sums.

[ASSOCIATED PRESS NIGHT REPORT.]

NEW YORK, Jan. 28.—Patrick J. Kiernan, formerly president of the defunct Fidelity Funding Company, was a witness in the bankruptcy proceedings against this company, before United States Commissioner Alexander here today. It was the first time the authorities had succeeded in getting Kiernan in court since his disappearance after the involuntary failure of his company for about $5,000,000.

The creditors include a score of prominent Catholic institutions scattered throughout the country.

Kiernan today testified he had no bank accounts. He had his accounts in various banks and trust companies in this city, Buffalo and Pittsburgh up to last September, when he drew out the balances.

"Did you draw out all these balances about the same time?" he was asked.

"Yes," answered Kiernan.

The witness said he had sent his private books to his attorneys in Buffalo.

The witness said he had a considerable amount of personal property in various places. Most of it had been hypothecated in small sums, he said.

Kiernan said the Windsor Trust Company had several hundred thousand dollars' worth of bonds of the Fidelity Funding Company, and other collateral stock in excess of loans which the trust company had made him and in which he had a property interest.

ROOT POINTS DANGERS.

New York Senator-elect Opposes Initiative and Referendum and Direct Vote.

[ASSOCIATED PRESS NIGHT REPORT.]

ALBANY (N. Y.) Jan. 28.—United States Senator-elect Root today addressed the Senate and Assembly in joint session. He indorsed the parcels post proposition. Mr. Root pointed out what he believed were two dangers due to the development of this country.

One was the danger of national government breaking down in its effective machinery through the burdens that threaten to be cast upon it.

"The other," he continued, "is the danger of breaking down the local self-government of the States.

"The tendency of vesting all powers in the central government at Washington is to produce the decadence of the powers of the State."

Mr. Root said he was opposed to the initiative and referendum and the election of Senators by direct vote of the people.

SAY INFANT RULER DIED.

Pu Yi, Emperor of China, Reported Victim of Smallpox.

[BY DIRECT WIRE TO THE TIMES.]

TOKIO (Japan) Jan. 28.—[Exclusive Dispatch.] Private messages received from Pekin today, say that Pu Yi, the infant emperor of China, is dead of smallpox. The report has not been verified. The report has been given wide circulation and has caused great excitement. It has been known that the infant ruler was sick.

MUSIC HATH POWER.

JILTS FIANCE FOR VIOLINIST.

On Way to Her Wedding, the Bride Elopes.

Leaves Train to Wed Admirer of Two Weeks.

Disappointed Denver Man Starts for Scene.

[BY DIRECT WIRE TO THE TIMES.]

PHOENIX (Ariz.) Jan. 28.—[Exclusive Dispatch.] Miss Ramona Rollins, daughter of W. E. Rollins, well-known painter of the Grand Cañon, and of Indian scenes in Arizona, New Mexico, was married Tuesday evening, January 26, in Kingman, Ariz., to Ralph Wylie. Wylie is an accomplished violinist who has toured this country since completing his musical education in Europe, and who came here two or three weeks ago and gave a concert, since which time he has remained here visiting with relatives and friends, a brother, Dr. Win Wylie, being a Phoenix physician.

The newly-married couple first met about two weeks ago, the violinist paying his way into the heart of the girl, who recently graduated from the Boston Conservatory of Music.

A sensation is created by the marriage through the fact that last summer the Rollins family was at Taos, N. M., where Joseph B. Warner, a wealthy business man of Denver, met Miss Rollins, while there on business matters, and between them a bond of affection immediately developed. Later the girl named her wedding day with Warner as January 29, in Denver, after having visited Warner's relatives with her own mother. Mother and daughter left here Monday morning to keep the engagement.

But the notes of the artist who had made ardent love in the preceding few days, kept ringing in her ears, and at Prescott she wired Wylie to the effect that she would discard the Denver man in his favor, and leave the train at Ash Fork, the junction point of the trains. The girl's father was also advised, and either Rollins or his wife wired Warner, who immediately started west.

Wylie overtook Ramona and her mother at Ash Fork, and they boarded a west-bound train for Kingman, where they were married Tuesday night, and where they probably are now, Ramona in Frisco and Wylie in Phoenix, Warner being off.

Warner is supposed to be at Ash Fork, and likely to appear here tomorrow morning. There have been several telegraphic interchanges between Warner and Rollins, both men having been overcome by surprise at the girl's action.

CALHOUN CASE.

NO PROGRESS.

[ASSOCIATED PRESS NIGHT REPORT.]

SAN FRANCISCO, Jan. 28.—Failing to find a citizen who had not already made up his mind as to the guilt or innocence of Patrick Calhoun, president of the United Railroads, attorneys engaged in the trial today completed the examination of twenty-two talesmen without the acceptance of a single juror.

PORK IS FATAL DIET.

Members of Family Die from Trichinosis and Third is Very Ill.

[BY DIRECT WIRE TO THE TIMES.]

STOCKTON, Jan. 28.—[Exclusive Dispatch.] The second victim of the deadly trachina was claimed today at Lodi and it is possible the entire family of three will be killed by this fatal disease. The funeral of Mrs. Lydia Ross was held yesterday, and early this morning her husband died from eating pork that had not been properly cooked.

The family has been ill for several days and at first the members did not know what was the matter and applied home remedies but later called in a physician, who, on making a diagnosis, learned they were suffering from trichinosis.

The family has been given every attention but two have died and the only child, the 8-year-old daughter, is in a critical condition tonight and there is little hope of her recovery. Both the husband and daughter were too ill to attend the funeral of the mother.

LOSES FROZEN FOOT.

Hand Chopper Lost for Three Days in Oregon Forests Is Badly Frostbitten.

[BY DIRECT WIRE TO THE TIMES.]

PORTLAND, Jan. 28.—[Exclusive Dispatch.] After being lost in the timber of Eastern Oregon near Wapinitia for three days and nights, in a raging snowstorm, M. Haasle, a wood chopper of that section, has lost his left foot, which was amputated. Both feet were frozen to the knees, but it is hoped to save the other.

Haasle has been employed at a logging camp and had completed a job of wood cutting. He set out in the forest for camp, but paths were completely obliterated and he wandered over the hills and cañons for three days and nights, when he finally reached an Indian camp.

The red man gave the wood chopper such help possible. Haasle was taken to the hospital at The Dalles and the foot amputated.

JAPANESE GOING HOME.

THREE TO ONE.

[ASSOCIATED PRESS NIGHT REPORT.]

PORTLAND, Jan. 28.—Statistics covering the present general homeward movement of Japanese from this country have just been received by Imperial Japanese Consul Yi Numano, who is here. The data is supplied through the Foreign Office at Tokio. The compilations cover the first nine months of 1908 and indicate, in fact, that for every Japanese that is coming to the United States, three are returning. The last report sent out by Count Komura's office shows the same situation, covering the first six months of 1908, the number of Japanese returning home from January to October, inclusive, exceeding American ports, 1407; net outward movement, 2846.

UNION LABOR MANGER DOG.

Makes Government Printing Cost Too Much.

House Allows Census Sent to Open Shop.

Hepburn Scores Organization Method of Control.

[BY DIRECT WIRE TO THE TIMES.]

WASHINGTON, Jan. 28.—[Exclusive Dispatch.] Union labor and the Government Printing Office came in for some hard knocks today in the House, which finally decided to allow the director of the census to have work done by private contract, if he saw fit. It was stated that the Government Printing Office could not complete the work within three years after the census was taken.

Pete Hepburn of Iowa poured some hot shot into the G. P. O. He said that, "in the interest of economy a great printing office had been established in Washington. It ought to be the most complete printing establishment in the world. It ought to be able to execute in the best possible manner and upon the cheapest possible scale, yet we are told that this establishment of ours, without taking into account rents, deterioration of plant, insurance or any expense of that kind, makes it more expensive to the government to do work in that establishment by 35 per cent. than in the private establishments of the country.

"The reason of this excessive cost is because that establishment is run in the interest of a labor union in this city, that it is dominated by the labor union and that these excessive expenses are the result of power and influence of that union over the management of that institution.

"Mr. Speaker, there are gentlemen who forget that union labor in the United States does not represent labor in the United States. There are perhaps 2,000,000 men who insist upon the closed shops, who insist that no man shall work in the United States who does not pay allegiance to them, who does not bear their certificate, who does not pay taxes to their treasury and yet there are twenty-four other millions of Americans who labor by their hands that these gentlemen do not seem to be at all solicitous about."

"It seems to be a question," said Cox of Indiana, "whether the work shall be done with reasonable promptness, or whether 80,000,000 people shall await the convenience of the government printer."

WILL NOT RIDE WITH TAFT.

President to Quit Washington as Soon as Oath of Office Is Taken by Successor.

[ASSOCIATED PRESS NIGHT REPORT.]

WASHINGTON, Jan. 28.—President Roosevelt will not follow the custom and ride back to the White House on March 4 with his successor in office. He told a New York Congressman today that he would go direct from the Capitol, after President-elect Taft took the oath of office, to the Union Station and take a train for New York.

The President's purpose was made known in accepting an invitation of the New York County Committee to be allowed to act as his personal escort on the way from the Capitol to the depot. This invitation was presented by Representatives Parsons, Bennett and Olcott of New York.

The County Committee will have 500 members in line. They will form a part of the great parade to the Capitol, will go with the ex-President to the train, and return to their place in line on the return march.

FELICITATES CUBA.

PRESIDENT SENDS MESSAGE.

[ASSOCIATED PRESS NIGHT REPORT.]

WASHINGTON, Jan. 28.—A message expressing hope for Cuba's success was sent by President Roosevelt to the President and the Congress of the Republic of Cuba today. It follows:

"Gov. Magoon will, by my direction, turn over to you, on the 28th of this month, the control and government of the island of Cuba, and he will thereupon declare the provisional administration of affairs of the island by the United States to be at an end.

"Upon the occasion of this final act, I desire to express to you the sincere friendship and wishes of the United States and our most earnest hope for the stability and success of your government. Our fondest hope is that you may enjoy the blessings of peace, justice, prosperity and orderly liberty and that the friendship which has existed between the republic of the United States and the republic of Cuba may continue for all time to come."

HOUSE DISCUSSES CENSUS.

ARMY BILL UP.

[ASSOCIATED PRESS NIGHT REPORT.]

WASHINGTON, Jan. 28.—Almost the entire session of the House was taken up today with a discussion of the conference report on the bill providing for the taking of the next census. A provision granting to the Director of the Census the right to have the printing of reports done by private concerns in case such action should be deemed advisable, was agreed to.

The army appropriation bill had been briefly discussed when the House adjourned.

SENATE CONSIDERS CLAIMS.

FORAKER PERSISTENT.

[ASSOCIATED PRESS NIGHT REPORT.]

WASHINGTON, Jan. 28.—The omnibus claims bill was before the Senate today. Various amendments were offered, the vote on an amendment to repeal the Tucker act, under which war claims are sent to the court of claims, being postponed until tomorrow.

Senator Foraker gave notice that tomorrow he would call up his bill for the reinstatement of the soldiers of the Twenty-fifth regiment, who were discharged without honor on account of the Brownsville affair, August 13-14, 1906.

PROSECUTION OF LIBEL SUIT IN PREPARATION.

Douglas Robinson Signs Affidavit and Jonas Whitley Makes Deposition, but District Attorney Says He Has no Reply as to What Government Will Do.

[ASSOCIATED PRESS NIGHT REPORT.]

NEW YORK, Jan. 28.—Uncertainty as to what action would be taken on the suggestion of Dist.-Atty. Jerome, in the government suit against the New York World for libel, that the Federal authorities permit him to proceed in their stead, was in a measure removed today by the signing of an affidavit by Douglas Robinson, brother-in-law of President Roosevelt.

It is believed that this means that Mr. Robinson has accepted Mr. Jerome's proposition to appear as a complainant and that the county grand jury is preparing to take the matter in hand.

Mr. Jerome declared, however, that he had received no reply from either Atty.-Gen. Bonaparte or Dist.-Atty. Stimson, as to what course the government purposed to take.

Until he received assurance that such right of way would be given him, he said, he could do nothing.

Another visitor received by Mr. Jerome today was Jonas Whitley, a representative of William Nelson Cromwell. He left after signing a deposition. This is understood to recite the fact that the day before the publication of the alleged libelous article, Mr. Whitley called at the office of the World, and notified those in charge of the paper that the allegations in the article were untrue.

NEW POWER COMPANY.

Buys up Rights on Kings River and Will Supply the San Joaquin Valley.

[BY DIRECT WIRE TO THE TIMES.]

RENO (Nev.) Jan. 28.—[Exclusive Dispatch.] Competition in the electric light and power business throughout Central California, from San Francisco to Los Angeles, was announced in Bishop, Inyo county, today, when Tasker L. Oddie and Sam Musser, representing a Chicago syndicate, purchased from J. M. Dixon water right on the Kings River.

It is the purpose of the syndicate to construct a 25,000,000 power plant to develop 250,000 horse power. Lines will be dropped down the western slope of the Sierras to Bakersfield, and strung up and down the San Joaquin Valley, giving the light and power to these towns at a fraction of the present cost.

Negotiations Looking to Settlement With United States Reach Complete Deadlock.

[ASSOCIATED PRESS NIGHT REPORT.]

CARACAS (Venezuela), Jan. 28.—The negotiations between W. I. Buchanan, the special envoy of the United States, and the Venezuelan government, looking to a settlement of the standing difficulties between the two governments, came to a complete deadlock on certain points contained in the draft of the first protocol.

It is believed here that the negotiations will be completely discontinued unless the United States modifies its contention that the claims of the New York and Bermudez Asphalt Company and the Orinoco corporation be submitted to arbitration.

Japanese Ruler Meets Unpleasant Reception in Korea and May Abandon Tour.

[ASSOCIATED PRESS NIGHT REPORT.]

TOKIO, Jan. 28.—A special report from Seoul conveys the news that while the imperial train was en route to Pyeng Yang, one of the Emperor's aides attacked the home secretary with a sword. The official escaped with his life, but suffered a wound, the severity of which is not yet known.

A bomb was thrown yesterday at a temporary building erected at Kais Yong for the reception of the Emperor. The general feeling of unrest has caused the imperial visit to Wiju to be abandoned.

UNLAWFUL LOBBYING.

NEW YORK, Jan. 28.—In his charge to the grand jury that has been hearing evidence in the suit of Edward R. Dunham, to recover $113,339 from the Hastings Pavement Company, Supreme Court Justice Greenbaum today laid down the law that even a private talk with an Alderman requesting him to vote for a resolution in favor of a contract is unlawful "lobbying," and opposed to public policy.

Civil Engineers Utterly Rout Complainants.

[BY DIRECT WIRE TO THE TIMES.]

SAN JOSE, Jan. 28.—[Exclusive Dispatch.] After a session which extended well into the evening, the State Building Trades Council forces were completely routed at Agnew today. The greater part of the session was taken up with the examination of the receiving building No. 1, which had been termed unsafe in the affidavits of the Building Trades Council men, by Prof. Charles B. Wing, head of the structural engineering department of Stanford University, and president of the commission of engineering for the building of the university buildings.

C. F. Wieland, C.E., of Berkeley acted for the defense, and Richard G. Dierfling, C.E., of Alameda for the prosecution. The two latter watched Prof. Wing as he energetically attacked the walls, columns and beams with an axe in his search for defective points. The building was given the most thorough examination, and all the experts expressed themselves as satisfied with the inspection.

Later, on the stand, both Wing and Wieland testified that the building was far above the average of reinforced concrete buildings in point of strength and durability. Doerfling declared he could see no material defects in the building that could not be safely and easily remedied. He pointed out only three places where he said there might be a weakness.

Wieland said he considered the material of excellent quality, and that it had been well handled. On cross-examination, Prof. Wing said he considered the open-shop contractor was an exceedingly competent man, and that he would recommend him any time for any kind of work. He thought the building would stand an earthquake shock much better than most buildings of the same cost.

The investigation will probably conclude tomorrow with the physical test recommended by the last witness.

Convention at Indianapolis Votes Unanimously for Public Ownership of Public Utilities—Walker of Illinois, Who Is Socialist, Is Rival of President Lewis for Leadership.

[ASSOCIATED PRESS NIGHT REPORT.]

INDIANAPOLIS, Jan. 28.—After a ten-years' struggle, the Socialists among the membership of the United Mine Workers of America, have at last obtained the balance of power in the annual national convention, now in session here.

It is estimated that 300 of the 1400 delegates are either active Socialists, or have engaged to support members of socialistic tendency in the convention.

A resolution for the "public ownership of public utilities," was adopted by the convention without a dissenting vote.

President Lewis finds a rival for his office in John Walker, of Illinois, who is a progressive Socialist. Mr. Lewis and his supporters, the conservative party in the convention, on the eve of reactional strife that threatened their régime, seem to have decided that it now would be "bad politics" to antagonize so strong an influence as the Socialists' wield.

The conservatives and Socialists have united in defeating resolutions recommending the organization of an independent party.

ARRESTED AS COUNTERFEITERS.

Man and Woman Subdued in San Francisco Only After Desperate Struggle.

[ASSOCIATED PRESS NIGHT REPORT.]

SAN FRANCISCO, Jan. 28.—Robert Bradley and Josie Livingston, arrested by secret service agents on a charge of counterfeiting, were arraigned today before United States Commissioner Peacock and committed to the Alameda County Jail to await trial. Harry Moffitt and Joseph T. Nye, the government officers who made the arrests, subdued the prisoners only after prolonged resistance and not until the woman had attempted to use a revolver.

The secret service men gained possession of three complete moulds for the manufacture of half and quarter dollars and a number of the spurious coins were found in the Mason-street apartment where the man and woman were run to earth.

Bradley and his companion had been under surveillance for several weeks and until a few days ago they rented a cottage near the ocean. It is said that the man visited the public library at frequent intervals and consulted books on chemistry and metallurgy. Bradley is believed to have come from Goldfield, Nev.

BITTER ATTACK ON PREACHERS.

"The only way to improve the thoroughbred is to encourage racing and to have racing you must have gambling. Two things there are in government, to raise up men and to raise up high-class horses.

"I have affidavits in my pocket to the effect that in each and every place where race tracks have been closed there has been an increase of handbook and poolroom gambling. You cannot stop the telegraph wire. Instead of improving the situation you will make it a hundred times worse."

Williams then made a bitter attack on the Protestant preachers of the United States, charging that they were responsible for more heinous crimes than any other class of citizens. He excluded Catholic priests and Jewish rabbis, confining his charges which were in the form of statistics to representatives of churches that have bitterly attacked race-track gambling.

Williams lost his head when Arthur Letts put to him this question: "Mr. Williams, you wouldn't be in this business unless it were profitable, would you?"

CALLS LETTS VILE NAMES.

"That is none of your business, sir," retorted Williams angrily. When Mr. Letts sat down after this rebuff, a race-track follower leaned over and called him vile names, moved by the strong talk the Los Angeles man had made against the gambling element, the fellow becoming so vehement that a sergeant-at-arms ordered him out of the chamber.

Immediately after his angry retort to Letts, Williams closed his talk and Senator Leavitt moved that the meeting adjourn. Then there was a brief session of the committee in an upstairs room with the result noted.

There has been talk of a possible joker in the anti-gambling bill. Its supporters are satisfied with the measure. They say it will hold water and that if it doesn't they will remedy any defects two years from now, after the law has been given a test. They are certain the racing people would not oppose the bill so violently if it were defective.

It is certain that the supporters of the measure will stand for no amendment.

UNION SAILORS SHOW FANGS.

WANT MORE LICENSE.

[BY DIRECT WIRE TO THE TIMES.]

SACRAMENTO, Jan. 28.—[Exclusive Dispatch.] San Francisco laborites showed their fangs today at the meeting of the Senate Judiciary Committee, when "Andy" Furuseth, president of the Sailors' Union, demanded removal from the statutes of the law making it a felony to entice a seaman to desert. In whining tones this agitator of foreign birth pleaded that the law be abolished.

In answer to a pointed question by Senator Willis, he admitted the main object of the union was to make it easier in time of strike for the unionites to board ships and call sailors from their work. Under the law at present, the agitators are liable to severe punishment for interfering with seamen.

Agents of the Ship Owners' Association of San Francisco opposed Furuseth's scheme, showing that most of the States on the Atlantic and Pacific coasts have similar laws, and declaring that the unionites only wish another club to hold over the business interests of the city and State.

The Judiciary Committee, however, is likely to report favorably on the repeal of the law and to throw the fight into the Senate, with the likelihood that the Sailors' Union will get what it wants.

EXPANSION AT RIVERSIDE.

APPROPRIATION ASKED.

[BY DIRECT WIRE TO THE TIMES.]

SACRAMENTO, Jan. 28.—[Exclusive Dispatch.] Expansion of the agricultural experiment station at Riverside is the object of a bill introduced today by Senator Estudillo. It calls for an appropriation of $30,000 to be expended under the direction of the regents of the University of California, for the good of the cause.

The bill provides that $20,000 shall be used in the purchase of additional land and $10,000 for the erection and equipment of suitable buildings.

INSTALLMENT SALES HIT.

SAVAGE OFFERS BILL.

[BY DIRECT WIRE TO THE TIMES.]

SACRAMENTO, Jan. 28.—[Exclusive Dispatch.] Once more the "conditional sales" bill, which has shown up and been knocked down at previous sessions, has made its appearance. This time it is presented in the Senate by Savage of San Pedro. It was bitterly opposed two years ago by thousands of merchants throughout the State who make sales on the installment plan, and it bids fair this year to arouse the same opposition.

The bill provides for the recording with the County Recorder of all contracts for the sale of personal property wherein the title remains with the seller until payment shall have been made in whole or in part. Unless such contracts be recorded, it is provided that they shall be void.

The objection made two years ago was that such an act would be fatal to the installment business, or, at least, would restrict such trade to a great extent. Another objection was that the public records would advertise to the world the names of every person who buys goods on the installment plan, to their discomfiture and embarrassment.

Dealers in agricultural implements, furniture, pianos and many other commodities were among the principal protestants at the last session, and Los Angeles had a big part in defeating the bill.

SAVAGE BILL DEFEATED.

VICIOUS IN EFFECT.

[BY DIRECT WIRE TO THE TIMES.]

SACRAMENTO, Jan. 28.—[Exclusive Dispatch.] By a vote of 20 to 12, the Senate today defeated Savage's vicious bill providing a minimum of $3 a day for all laborers on State or municipal work. The San Pedro Senator moved for reconsideration of the vote and the matter will come up again tomorrow.

It is certain that no additional strength can be mustered for the bill, which now will go into oblivion with other freak bills of the same legislator. When the Savage bill was reported out of the friendly committee on Labor, Capital and Immigration and went on file, it appealed at once to the handful of laborite agitators in the Senate.

Savage was the only one from the South to vote for the bill and his support from the North was so weak that the fight was seen to be over before even one-half the roll had been called.

WAS NOT INTRODUCED.

H. W. Ballard of No. 1235 West Thirty-fifth street met a burglar on the stairway when he returned home about 10 o'clock last night. He armed himself and went in pursuit of the thief, who turned and ran upstairs. The prowler raised a window and swung down from the second story, escaping through the back lot. After notifying the police, Ballard found that nothing was disturbed. The thief entered with a pass key. The man was dressed in dark clothes and a black slouch hat.

SHOPPER IS INJURED.

Mrs. Elison B. Bott, a woman weighing nearly 200 pounds, suffered a broken ankle in the crowd that attempted to enter the Central Department Store yesterday morning. A small panic ensued, which resulted in the breaking of a $400 plate glass. The Central store is retiring from business. It is understood that the premises will be occupied by a new department store backed by one of the New York wholesale dry goods firms.

BEAUTY DOCTOR

Says the New Method Increases the Bust Measurement and Rounds the Arms and Neck.

(By CLARA BELLE M.)

(From Chicago Examiner.)

"Speaking from my own personal experience and from observation of many whom I have successfully treated in the past two years, I should say that Madame Monseux really owed her great success as a beauty specialist to the use of a simple preparation which is used exclusively to develop the bust, arms and neck. I became acquainted with this formula and have used it ever since, much to the delight of patrons.

"If your bust lacks development or firmness you can rely on both increase and firmness from the persistent use of the following: Obtain from the druggist two ounces of glycerine and one ounce tincture cadomene compound (not cardamon;) mix and let stand several hours; then add a teaspoonful of borax and three ounces of rosewater. Shake well and apply to the neck, arms and bust, rubbing and massaging until it is completely absorbed; then wash the parts treated with very hot water and soap and dry thoroughly. Apply the treatment morning and night regularly for several weeks or months as the case may require, and the most exquisite firmness and rounding out of hollow places will reward you.

AUTOMOBILES DOMINATING.

Dealers, Guests at Banquet Tell of Strides.

Motor Car Business Now an Important Industry.

Southwest Much Interested in Auto Show.

That the automobile has taken a most important place in the business life of this city, was evidenced last night at a dinner in the Jonathan Club given by Norman W. Church, Coast representative of the Stoddard-Dayton Motor Car Company, in honor of the Show Committee, prominent dealers and exhibitors at the automobile show. Men who have been in the business of buying and selling automobiles for a decade, rubbed elbows with the dealer who is just breaking into the game of selling cars.

Business men who have passed successfully from the horse-drawn vehicle trade into that of the motor car and of the rapid strides into public favor of the latter. The keynote of the evening was the general progress which the automobile is making in the West, and especially in Los Angeles.

Relaxation from the strenuous duties of the week came as a relief to the men who have labored hard to make the show a success. The committee, which has been in harness for nearly three weeks, was pleased to listen, while others told of what has been done in recent years by the automobile men of the Southwest.

"Never before in the history of this city has it been possible to get so many representative automobile men together at one time. The show gave opportunity which has not existed before, and as a result men from near and far were grouped around the table, and many interesting experiences were exchanged."

SHOW A GREAT THING.

Everybody was agreed that the automobile show has accomplished great things for the automobile trade in Southern California. The fact that so many cars of all models have been on the floor, was given as a reason for holding such a show year after year. The men at the banquet table expressed themselves as specially pleased with the present display.

The Show Committee, consisting of William Bush, president of the Automobile Dealers' Association of Southern California; Ralph Hamlin, vice-president; H. O. Harrison, secretary; Clarence B. Ryus, treasurer, and Dick Ferris, manager, were the special guests last night. These men, who have done so much to make the show the success it is, were toasted by the speakers, who declared the exhibit is the finest ever held in the West, and is the best local show held in America. Dick Ferris came in for special praise for the work he has done, and the dealers said the show could not have been more successful, so far as they are concerned.

Everything of interest to the automobile trade was touched upon by the speakers. The local situation was of great interest to those who had come from the East interested the dealers and tidings from San Francisco and tidings from San Francisco

From everybody the watchword was "success."

Those who sell high-priced cars, and those who handle cars that are not so high, saw only a great future for all kinds of autos. Everybody agreed that the automobile has taken a place in this country, and especially in the West, from which it never can be removed.

The first speaker of the evening was Norman Church, the Stoddard-Dayton man, who talked about everything else but the Stoddard-Daytons. He said:

HIS APPRECIATION.

"Gentlemen, when Saturday night saw the doors of the second annual automobile show of the Automobile Dealers' Association of Southern California, it ends an eventful week in the automobile history of Los Angeles. I do not need to tell you what has been accomplished, for you were there and know that it is an offering that will interest the world at large, the way Los Angeles always does things.

"I am sure you will all agree with me that we can look back on this past week with the greatest pride, for it is undoubtedly the best local show ever held in the United States or Canada. Such an exhibition must have impressed you deeply with the enormous growth of the industry, for when you come to reflect that there were more automobiles exhibited at the local show than were sold in our city during one season six or seven years ago is almost beyond comprehension.

"As one of the early dealers in your city I recall some predictions made by the future of the industry, and they were all optimistic, they have fallen far short of this present situation. The unreliability of the automobile in its infancy made it hard for the manufacturer or dealer to believe the present familiar remark that

I have need to tell you what has been accomplished, for you were there and know that it is an offering that will attract the world at large, the way Los Angeles always does things.

"I am sure you will all agree with me that we can look back on this past week with the greatest pride, for it is generally the best local show ever held in the United States or Canada. The exhibition must have impressed you deeply with the enormous growth of the industry, for when you reflect that there were more cars exhibited at the local show were sold in our city during the past six or seven years ago it is almost beyond comprehension.

"Some of the early dealers in your midst recall some predictions made as to the future of the industry, and they were all optimistic, they fell far short of this present day. The unreliability of the car in its infancy made it hard for the manufacturer or dealer to be- lieve the present familiar remark that the automobile has come to take the place of the horse.

"But now the handwriting on the wall is plain to us all. The automobile has come to displace the horse, just as surely and inevitably as the lamp dis- placed the candle, and the electric light the lamp.

"The success of this show is due in the main to the committee in whose honor we are gathered tonight. That the success is phenomenal is not sur- prising, when we learn how much real hard work was done by everybody connected with the building of the handsome exhibit."

OPENED BY HARD WORK.

Dick Ferris told in an interesting way of the many details necessary to bring the fine exhibit into being. The show committee learned from Ferris's remarks last night how hard a task it was to complete the exhibit in time for the opening, with such a limited period in which to work. George L. Moselle, who has ably assisted the manager, told of the machinery of the exhibit.

H. O. Harrison, secretary of the dealers' association, gave reminis- cences of a secretary, and told of some of the work the engineer of the asso- ciation is obliged to do, when others are enjoying themselves. Harrison will handle the Pasadena-Altadena hill climb February 22, and he took oc- casion last night to enlist every dealer as a committee to make the races go.

Ralph Hamlin, vice-president of the association, told of his experiences during the Los Angeles-Phoenix race, when his crack car was beaten by a White Steamer. Hamlin told the dealers how it feels to be defeated. The financial side of the show was also touched upon by Hamlin.

Some of the incidents that have oc- curred on the floor of the show room were related by Leon T. Shettler, who holds the record for low-priced sales during the exhibit. Shettler talked of other cars, and of other men, than those who have to do with the Kline or the Kisselkar.

Earle C. Anthony gave some pointers to the dealers, and urged them to stand fast for the good of the trade. J. W. Leavitt of San Francisco re- sponded to the toast, "Our Sister City."

J. S. Conwell, the Maxwell man, who is sending his little car into such a popular place, talked for everybody who could not be present. His speech was optimistic. Edgar Apperson told of things which he believes the deal- ers ought not to do.

BANQUET AND GUESTS.

The banquet table was an interest- ing sight. The centerpiece was a large pond, into which a fountain poured sprays of water. Goldfish in the pond added to the effect. Vari-colored lights played on the water. Violets and jonquils formed a garland completely around the table. Centered in the flowers were tiny incandescent lights, which flashed intermittently.

The guests were assembled at the table in semi-darkness, and then the lights were turned full on, and the fountain, flowers and others decora- tions were seen to advantage.

Among those present were: W. E. Bush, Pierce; Harry Harrison, Peer- less; J. S. Connell, Maxwell; P. H. Greer and Robbins, Mitchell; Woods, Marmon; Leavitt, Locomobile; E. C. Anthony, Packard; Earl Anthony, Chalmers-Detroit; L. T. Shettler, Reo; H. E. Gilley, Auburn; William Batch- elder, Stearns; R. L. Gregory, Moline; L. L. Brentner, Ford; Capt. H. D. Ry- us, White; Ralph Hamlin, Franklin; W. K. Cowan, Rambler; Edgar Apper- son, Kokomo, Ind.; Charles Bunnan, Cleveland; J. M. Leavitt, San Francis- co; J. L. Du Broy, Lansing; L. S. Draper, Mora, Newark, N. J.; Harry Olive, C. S. Brown, Al C. Lusby, South Dakota; Dick Ferris, H. Moselle, Los Angeles; D. B. Rose, Elmore; D. M. Lee, Cadillac; Brassey, Thomas; Wal- ter Sahland, Duro; P. A. Lord, Stude- baker; Harry Lord, E. M. F.; James Gilsen, Mitchell; Charles Mitchell Lewis, V.-P. Mitchell Company; W. F. Goudy, South Dakota; Swhabe, Pre- mier; W. Bosbyshell, Dorris; Gilbert Woodill, Haynes; L. S. Thompson, Jackson; William Ruess, Pope-Hart- ford; R. W. Gallagher, American.

Some of the prominent motorists who attended the dinner at the Jonathan Club last night, as they appeared while boosting the business.

Inclement weather during the early days of the show kept many away from the Hamburger building. With only two days more to see the exhibit, there are many, it is feared, who will not have a fair chance to rize up the cars on the floor. That these may have a chance the proposition was made yesterday for longer show dates. The committee has not yet decided what to do in the matter.

Among those who are at the show from outside points are S. J. Oxar- art of Santa Ana, who came in yes- terday and remained long enough to purchase an Elmore roadster. S. D. Bastenchury, the Santa Ana Elmore agent, will deliver the car next week. George S. Osen, San Francisco agent for the Mitchell cars, was at the show yesterday.

Things were humming in the West- ern Motor Car Company's booth yes- terday, and several sales, which have been hanging fire for two or three days, were closed. Among the im- portant deals was that of a Packard "Thirty" to J. B. Banning. The car will go fully equipped and Banning will pay $5000 for his handsome prize. H. Littleton of Pasadena took a Pack- ard "Eighteen," for which he is to pay $3500, and a Packard "Thirty" was sold to J. L. Giroux. Earle C. Anthony, manager of the Western Motor Car Company, is spending his entire time at the show.

ANAHEIM.

ANAHEIM, Jan. 28.—Miss Bertha Schmidt, teacher of the seventh grade at the Central grammar school, has gone to Michigan on account of the sudden death of her mother.

The fire department has elected these officers: N. F. Steadman, chief; Her- man Stern, assistant chief and treas- urer; N. B. Tedford, secretary and foreman of the hook and ladder truck; W. P. Quarton, foreman of the hose-cart brigade. M. F. Steadman was presented with a handsome loving cup by the department members.

The Anaheim Gas Company has re- ceived a large tank which will hold 40,000 cubic feet. The company is ex- pending over $10,000 in improvements.

QUAKERS BEAT THE SPARTANS.

Fast College Team the Best in the South.

Superior Team Work Wins for Whittier Five.

Sharpless at Guard Is Star of the Contest.

Whittier College, 25; Spartans, 17.

The speedy basketball team of Whittier College defeated the Spartans of the Los Angeles Y.M.C.A. on the Whittier court last night, in one of the best games of the season by the count of 25 to 17.

The result of the struggle practically gives the Quakers the championship of Southern California, as they defeated the Thistles in a recent game, and stand unbeaten in the intercollegiate standing.

Whittier won the game on superior team work and outplayed the Spartans at every turn. The triple pass and cross-court combinations were worked almost perfectly by the home players, and the visitors were unable to break up the plays.

Sharpless at guard was the star of the game, throwing three difficult field baskets, in addition to holding his opponent to two goals. Mills was sure on the foul throws, converting six baskets. N. W. Renneker and "Big" Renneker were especially fast and effective in blocking Storry and Golding, the latter being able to score but two field goals.

The line-up of the teams was:

Whittier.		Spartans.
Mills (c.)	forward	Storry
N. W. Renneker	forward	Elkeles
N. B. Renneker	center	Terry
Todd	guard	Golding, Terry
Sharpless	guard	Kaplan

Field goals—Mills, 3; N. W. Renneker, 1; N. B. Renneker, 1; Todd, 1; Sharpless, 3; Storry, 2; Golding, 2; Elkeles. Foul goals—Mills, 6; Sharpless, 2; Golding, 3; Elkeles, 1. Fouls committed—By Whittier, 19; by Spartans, 9. Referee—Harris. Umpire—Terry.

VERY CLOSE SCORE.

THREE POINTS SEPARATE.

Harvard School basketball five defeated the Pasadena High School quintette at the Pasadena court yesterday afternoon by the score of 22 to 19. The game was closely fought throughout, as indicated by the count of 3 to 7 in favor of the cadets at the end of the first period.

The visitors were weakened by the absence of Levy at guard, but substitute Beach played creditably. The accurate goal shooting of Fowler and the close guarding of Schneider contributed greatly to the defeat of the Pasadena boys. Hayes of the home team was frequently penalized for overguarding. Gleason was the star of Pasadena, and scored seven foul goals for his team.

Harvard School team completed the league schedule yesterday with four victories and three defeats recorded, thus tying with Los Angeles High School for third place in the league standing.

The line-up of the teams was as follows:

Harvard School.		Pasadena H. S.
Mitchell	forward	Harris
Fowler	forward	Gleason
Whitman	center	Rich
Beach	guard	Hayes
Schneider	guard	Phillips

Field goals: Fowler 4, Mitchell 2, Whitman 2, Harris 2, Rich 2, Phillips 1. Foul goals: Fowler 5, Gleason 7, Whitman 1.

SAINTS ON TODAY.

TO MEET GLENDALE FIVE.

The Glendale High School and St. Vincent's College baseball teams are to meet on the Saints' indoor court at 3:30 o'clock this afternoon, in what promises to be one of the season's warmest games. Last Monday evening the Vincentians journeyed to Orange, where the Athletic Club team of that city took them into camp by the score of 35 to 14. The Saints credit defeat to the fact that as yet Coach Moores has been too busy rounding out the varsity ball team, and they have not had the necessary coaching to meet a team like the Orangemen. Orange got sixteen points on free throws, as the Saints persistently fouled their opponents.

Since the game Capt. McNeil has been drilling his men more in the finer points of the game, and hopes that in today's game his men, who are fast and accurate in other departments, will make a more creditable showing.

The line-up:

Glendale.		St. Vincents.
Anorney	forward	Holleran
Kinkle	forward	Deitricka
Taylor	center	McNeil
Walton	guard	Van Orshoven
Stein	guard	Reynolds
		Shute

ARBITRARY ACTION.

BAER CALLS OFF MATCH.

At the request of President Baer of Occidental College the basketball game between Occidental and Whittier College that was to have been played last night at Whittier was called off. The canceling of the game was a surprise to the Quakers, who had extensively advertised the contest, and were prepared to make a large killing.

Occidental students are in the midst of the semi-annual examinations this week, and Dr. Baer requested Manager Goodell to cancel the match, as he said the men needed the time to prepare for the scholarship tests. The players were willing to make the sacrifice and play the game, but the president offered to shoulder all the responsibility for the abrupt refusal to play.

The Quakers have the right to take the game by default. However, a later date may be set for the match.

Track Guards Nabbed.

SAVANNAH, Jan. 28.—County detectives this afternoon arrested two private detectives at the race track at Thunderbolt for denying them admission to the grounds upon presenting their badges. The officers wanted to get into the grounds in quest of evidence against the bookmakers. The arrested men were brought to the city.

Handball Game.

At the Broadway Athletic Club yesterday afternoon Rodney Hill beat Bill Goodan 21 to 17, in the final game of handball to decide the club championship.

BIG ONES ON.

FIRST TRACK MEET AT U. S. C. TOMORROW.

THE track squad of the University of Southern California is to meet the Polytechnic High School team in the first field contest of the season tomorrow afternoon at 2:30 o'clock at Bovard Field. The meet will be purely a try-out affair for the athletes of both teams, and the coaches are expecting but mediocre results.

The prep candidates have been training on the university oval whenever the weather would permit in the last two weeks, and appear to be in fair shape for the primary test. Olmsted, Rickhauser, Franklin, Pierce and Wolberg are the strong men of the Polytechnic squad and should give the 'varsity athletes some lively competition.

In the weight events the High School men will use the twelve-pound weights, while the 'varsity will use the sixteen-pound leads. This will give the preps a chance to win the shot and hammer events on points. In the high jump Wolberg is expected to give Murray a close contest for first honors. Both men are clearing the bar at close to 5 feet 9 inches, and the big collegian will have to extend himself to capture the event.

Harry Trotter, who holds the intercollegiate shotput record of 40 feet 10 inches, is rapidly coming into form. He is also showing great improvement in the high jump and is pushing Murray for first place.

The entries for tomorrow are:

The 100-yard dash—Roberts, Reed, Trotter, Corbin, Richardson (U.S.C.), Throop, Stanley, McAleer, Abbott (Poly.)

The 220-yard dash—Roberts, Trotter, Corbin, Richardson, Reef (U.S.C.), Pierce, Throop, Jones, Yerkes (Poly.)

The 440-yard dash—Lennox, Yerge, Wallace, Richardson (U.S.C.), Yerkes, Franklin, Munz, Felt (Poly.)

The 880-yard run—Newmire, Bruce, Baker, Scott (U.S.C.), Goodnow, Kirkhoffer, Whelan (Poly.)

Mile run—Scott, Martin, Wallace, James, Dority, McEwen, Dietrich (U.S.C.), Chamberlain, Vidder, Seecomb (Poly.)

High jump—Murray, Trotter, Haigler, Fraser (U.S.C.), Rickhauser, Malone, McKenzie, Olmsted, Vidder (Poly.)

Pole vault — McCready, Rickard, Ward, Carroll (U.S.C.), Bean, Griffen, Rivers (Poly.)

Broad jump—Reed, Ward, Corbin, Rickard, Swope, Bruce, Goodsell (U.S.C.), Rivers, Wolberg, Bean, Griffen (Poly.)

Hammer throw—Goode, Burek, Haigler, Murray (U.S.C.), Malone, Rickhauser, Vidder, Olmsted, McKenzie (Poly.)

Shot put—Trotter, Murray, Steele (U.S.C.), Olmsted, Meyer, Pierce (Poly.)

Relay race—Lennox, Yerge, Corbin, Reed, Trotter, Newmire (U.S.C.), Yerkes, Franklin, Munz, Felt (Poly.)

Starter, Kinter Hamilton of Harvard School; referee, C. H. Price of Y.M.C.A.

BRAWING NEAR.

FOUR DAYS YET FOR TRAINING.

BOTH WELSH AND MEMSIC ARE NEAR THE WEIGHT.

Camp Followers at the East Side Training Quarters Can See Nothing but the Local Boy as the Winner. Jack Burns and Cameron Are to Be Seen in Action.

With only four days left in which to train, both Freddie Welsh and George Memsic are within hailing distance of the 133-pound mark, which each is required to make at 6 o'clock next Tuesday evening when they meet at McCarey's Pavilion for their ten-round contest.

Memsic went on the road yesterday forenoon and in the afternoon limited himself to forty-five minutes' work punching the bag, manipulating the pulleys and boxing three rounds with Henry Hoppe. The exhibition which these two boys put up was of the whirlwind order and they were applauded by the spectators at the end of each session. Memsic weighed 134 pounds when he ended his work.

Welsh is toiling just as hard and worked yesterday afternoon with Maurice Sayers, who is proving a valuable aid to the English champion. Welsh is at the same weight as Memsic and will easily get down to 133 on the day of the battle.

Freddie said he was not expecting to find Memsic easy prey, but he has no doubt of the outcome of the contest and he is making all of his plans for the future as though the bout were ended and he the victor.

At Eastside there is nothing but the Memsic sentiment prevailing and his workouts have convinced the fans who have visited his camp that he surely must be reckoned with in this fight. While he is not as scientific as Welsh he has a way of getting to his sparring partner which makes trouble and if he can slow up Welsh he will have a fine chance to beat him. If he lands with either hand the way he does on a punching bag there will be a sensation in the ring that night.

NEW CARD ARRANGED.

Manager McCarey yesterday completed his card for Tuesday evening, February 9. Frank Picato and Charlie Dalton will hook up over the ten-round course, as originally arranged for last Tuesday evening, when Dalton was taken ill and the bout was called off. Dalton has begun training at Doyle's camp at Vernon and appears to have regained his former health.

The semi-wind-up will be between Jack Burns, who recently knocked out Battling Johnson in two rounds, and Jim Cameron, the dusky giant who beat Arthur Collins, when the two met last month. Burns has decided to take on Cameron merely because he is of the same height and weight and will give him a chance to show before the Los Angeles fans, but he intends to draw the color line immediately after the contest with Cameron. Five four-round bouts will fill out the programme.

NEW PUG ARRIVES.

AL FELLOWS WANTS BOUT.

A new pug arrived in town yesterday evening in Al Fellows, a 115-pound boy, who has considerable of a rep in the East as a willing fighter, at least. He is a globe trotter and has been trying for some years to get around the world, but has not made it yet, although he has been to Europe several times. He has fought Bowker, Moran, Kid Goodman, Kid Herman, Kid McFadden and Mississippi, among others, and has always given a good account of himself.

Fellows has been matched with Jimmy Walsh several times, but the bouts have been called off, the last time because Walsh thought he could get a better battle with Reagan. Fellows says he will take on any one of his weight and is willing to go on in a preliminary to show the local bugs what he can do. This is surely something in his favor.

BILLIARD CONTESTS.

Johnson Beats Morley and Davidson Trims Morse in Games That Are Long-Drawn Out.

Walter Johnson proved an easy winner over Jim Morley in their match of 200 points at three-cushion billiards that was finished last night at the Casino rooms on South Spring street. The final score of the four nights' play was 200 to 180.

The contest last night was the best of the lot, owing to Johnson's fine play near the finish. The game ran for 116 innings, and in the 112th Johnson surprised the spectators with a run of 8 and two innings later came back with 6 which took the heart out of Morley.

In Henry Berry's tourney at the Hoffman rooms, Davidson beat Morse by a score of 50 to 42, the winner coming from behind and finishing in the lead like a real classy player. Davidson's high run was 4, while the best that Morse could do was 2, and yet they finished the game in 107 innings.

CUSTOMARY.

NEW NAGS IN FRONT RANKS.

DIFFERENT SET OF PLUGS WIN AT ARCADIA TRACK.

Surprising Lot of Beasts Take Their Turns in Leading at the Finish—Stake Horse Montgomery Runs Like a Cow—Jockey Schilling Back in the Ruck.

The cheap skates took their turns at winning yesterday at the Arcadia track and the boob gamblers got a good trimming as usual from the bookmakers. The big surprise of the day was in the victory of the overlooked Far West in the fourth race, who beat such supposed good ones as Old Timer, Halket, Montgomery, Lady Irma and Mark Anthony II. It was an awful joke, but there have been so many at Baldwin's run-around this year that the gamblers expect anything.

The work of Jockey Schilling was a fair sample of what was going on. During the previous day he rode the first four winners, but yesterday he finished fifth in the first race; sixth in the second; seventh in the fourth and sixth in the fifth. Those suckers who gamble on the nags this kid rides were skinned to a frazzle yesterday. The card was a cheap one and devoid of any features.

Next Wednesday will be Elks' Day, and it looks as if this particular day was chosen for a benefit for the bookmakers, as well as the Elks lodge, for Wednesday is the regular time for a new set of bookies to begin business and there will doubtless be a big bunch of the harpies ready to separate the Elks from their money. Results:

Five and a half furlongs: Dredkin, 114 (Butwell,) won; Billy Boomer, 114 (Howard,) second; Donald McDonald, 114 (Dugan,) third; time 1:08 4-5. French Cook, Father Stafford and Robert Gray also ran. Uncle Jim scratched.

One mile: Snowball, 107 (Brooks,) won; J. C. Clem, 105 (McGee,) second; Orcagna, 103 (Yorke,) third; time 1:41 1-5. Capt. Burnett and Crack Shot also ran. Duke of Bridgewater and Chippewa scratched.

Six and a half furlongs: Far West, 107 (Butwell,) won; Old Timer, 106 (Harris,) second; Hasty Agnes, 102 (Page,) third; time 1:20. Halket, Tony Bonero, Montgomery, Lady Irma and Mark Anthony II also ran.

One mile: Galves, 109 (Howard,) won; Uncle Henry, 111 (Cullen,) second; Ivanhoe, 111 (Shriner,) third; time 1:41 2-5. Merrill, Elizabeth F., Calmar and Luck Lad also ran. Earl Rogers scratched.

Six furlongs: Joe Gaitens, 107 (Martin,) won; Galta, 107 (Butwell,) second; Rieta, 102 (Schilling,) third; time 1:14 2-5. Woodthorpe, Maid of Gotham, Right Sort, Mary F., Oriflamb and Caesar Augustus also ran. Tim O'Toole, Reformation, Belle of Brass and Orphan Boy scratched.

TODAY'S ENTRIES.

EVENTS AT OAKLAND.

TRACK DRYING RAPIDLY.

[ASSOCIATED PRESS NIGHT REPORT.]

OAKLAND, Jan. 28.—Public choices did not fare very well on the rapidly drying track at Emeryville today, but most of the winners were well liked, one of the upsets coming in the third race, when Lady Alicia won from Red Leaf.

The field in the Burns Handicap will come from the following: King James, Montgomery, Don Enrique, Arasee, Restigouche, Woodcraft, Milford, Clamor, Nadzu, Animus, Light Wool, Firestone, Big Chief, Maltbie and Col. Jack. Results:

Futurity course, selling: Lucky Mate, 92 (Quay,) won; Marion Rose, 107 (Buxton) second; Constantia, 107 (Van Dusan,) third; time 1:15. Bazil, Avona, Rose Cherry, Convent Bell, Walsenkind, Ramsack, Who and Stor finished as named.

Three and one-half furlongs, selling: Gerando, 107 (Keogh,) won; Warfare, 102 (Ross,) second; Judge Quinn, 106 (Scoville,) third; time 0:43 3-5. Salnotta, Mlle. Mischief, Electrowan, Anida Jones, Kanoma, Eddie Ducking, Wicket, Louisa Sanders and Englishman finished as named.

Mile and a sixteenth, selling: Lady Alicia, 105 (Russell,) won; Redleaf, 103 (Scoville,) second; Senator Beckham, 95 (Taplin,) third; time, 1:54 4-5. Pallini, Col. White, Rhinock, Apt. Hand Maiden and George Kilborn finished as named.

Futurity course, selling: Honest, 108 (Butler,) won; Grace G., 107 (Gilbert,) second; Raleigh, 105 (Scoville,) third; time, 1:13 2-5. Serenade, Billy Bowlegs, Dainty Belle and Seven Full finished as named.

Mile and an eighth, selling: Sea Salt, 107 (Butler,) won; Cambyses, 112 (Rettig,) second; Kego, 107 (Borel,) third; time, 2:01 3-5. Prince of Orange, Mandan, Beechwood, Flavigny, Ornate, Rose Kismet and Bellmence finished as named.

Mile, purse: Ketchemike, 100 (Scoville,) won; Early Tide, 105 (Buxton,) second; Warden, 92 (Taplin,) third; time, 1:47. Captain Kennedy also ran.

WISE TALKS

By the "Office Boy"

A woman who recently returned from a trip to Europe says wet weather hasn't bothered California at all in comparison with what she saw abroad. She says that they ran into a town named Venice where the water covered every street, and you could not get anywhere except in boats. She added: "You bet we only stayed one day in that slosh."

We've had glorious rains all right this winter. It's a little disagreeable for the tourists, but awfully good for all the other crops. Geel this is bound to be a great big prosperous year, after March 4th. "The Big Smile" will replace "The Big Stick" and the "full dinner pail" the "full baby carriage," and we'll be off for four years of prosperity, and every fellow who wants to will have a chance to work. The woods will be full of optimists and the pessimists will be filed away for future reference. The Silverwood Stores will go on doing straight legitimate business just the same as they have during the dull years, and selling you the best clothing, hats, underwear, shirts, etc., obtainable at the smallest kind of a profit. Did I tell you we were going to open Store No. 5 at San Bernardino on March 1st? Well, we are, and we're going to give those good people up there the swellest store and the best goods money will buy. We are going to merit every dollar they spend with us and hitch the biggest load of honest goods to it that they ever received. Our new Spring goods are coming in daily. When are you coming in? Can't you come today? Either Store.

ANGELS MAY LOSE ELLIS

Bresnahan of Cardinals Is After the Rube.

Griffith Holds Back Deal on That Account.

Mix-up in Baseball May Put Berry in Tangle.

[BY DIRECT WIRE TO THE TIMES.]

ST. LOUIS, Jan. 28.—[Exclusive Dispatch.] Manager Roger Bresnahan of the St. Louis Cardinals has refused to waive claim on outfielder Rube Ellis purchased by the Cincinnati Club from the Los Angeles team of the Pacific Coast League, and as a consequence Manager Griffith of Cincinnati has been compelled to hold up the deal whereby Ellis was to revert to the Los Angeles team for Outfielder Oakes, in addition to Outfielder Bob Daly, in exchange.

Manager Bresnahan is making desperate efforts to strengthen the Cardinals and in so doing has to build up almost entirely new team. Two years ago he saw Ellis play in Los Angeles and liked his free and easy style of handling the bat. At that time he predicted the boy would some day be a comer, and now when he saw a chance to grab him for the paltry price of $1800 he has nabbed onto the chance. Griffith wanted to put his Coast deal through, but according to the rules has to call it off if St. Louis wants the western man.

SAINTS WIN FIRST.

GAME IS SLOW AND WILD.

The St. Vincent's College baseball team defeated the Polytechnic High School lads at Chutes Park yesterday afternoon by the score of 4 to 2. The Saints showed rather poor form and did not give the 300 persons present exactly what they had expected from the Vincentians. Poly sent the first man across the plate, and this had the Saints somewhat nervous for a short time.

The Polytechnic men made their runs on fielders' choices. They failed to connect with Pitchers Kerr and Buckles for a hit, but reached bases on balls enough to make several runs had some one connected with the ball at the right time. The Saints netted six hits off of Perry and Capt. "Mosk" Pierce, who tossed them over for the Washington-street lads. The game was slow, lacked ginger and pep at any time to prove of interest.

Buckles struck out the Poly bat swingers in one, two, three order. He has the makings of one of the finest college slabsters in the State, and before the season comes to a close it is quite likely that he will be seen in much faster company than he is at present.

Pierce changed the Polytechnic line-up considerably in yesterday's game, and is trying out some new men, and from the showing which the youngsters made in the box, at first, second and third bases, respectively, the Poly boys have plenty of fast material with which to commence the county league season.

Captain Kennedy and Callahan played their game for the Saints, while McCarey and M. Pierce were the shining lights in the preps' line-up. Kennedy started off to bat with a man on first and second, and as the first ball Pitcher Perry put over the plate came in for the first boy, he hit for three bases, scoring Callahan and Workman. This run, and another of the same variety by Kennedy to right field, were the only runs of the game.

The Saints and Polytechnic will meet again on February 5 at Chutes, and both teams should be in much better condition and able to put up the class of ball of which they are capable.

The teams lined up as follows:

St. Vincent's.		Polytechnic.
Lechat, Buckles	P.	Pierce, Perry
Connor, Davinson	C	Pratt
Workman	1B	Price
Rosenwald	2B.	McAleer
Kennedy	S.S.	Pierce, Bibo

HIGH SCHOOL GAME.

DEFEATS ECHO PARK TEAM.

Los Angeles High School defeated the Echo Park playgrounds baseball team at Echo Park, yesterday afternoon in the second game of their series by the score of 5 to 2.

The game was fast throughout. The speedy plays being made by the members of both teams. High batted pulled off a neat double in the fourth inning when Best hit to Wilson short, who retired Bird at second. Another feature of the game was the headwork stick work of Byron, Echo Park's new first baseman. Byron hit safely in left field on one occasion which brought in two runs for the playground lads. Kelsey, one of the prep's pitchers, was not in the game owing to sickness and Miller backstopped for him, the High School's new pitching star showing in good style. There were four changes in the playgrounds line-up, but at present the team is stronger than it has been in the last two weeks.

Los Angeles High and Echo Park will meet in the last game of their series on the afternoon of February 6 on the playgrounds.

The line-up yesterday was:

DOGS PERFORM WELL.

Surprise of Field Trials Comes in Defeat of Champion Kilgariff in Members' Stake.

[ASSOCIATED PRESS NIGHT REPORT.]

BAKERSFIELD, Jan. 28.—The feature of the field trials today was the defeat of J. E. Terry's champion Kilgariff by E. Courtney Ford's Bell Fontaine for first place in the Membership stakes. At the conclusion of the first round the judges called for these two dogs to decide the final. Each was handled by its owner. Lloyd Tevis's Baywood was given third place in the event.

The first round was run as follows: Gordon Tevis's Sister with J. E. Terry's Kilgariff; Ford's Bell Fontaine with Lloyd Tevis's Baywood and Judge C. N. Post's Lightheart with Lansing Tevis's Hickorywood. All dogs in this event were handled by their owners.

The final round of the All-Age stake was run before the Membership and J. W. Considine's Kils Viola was declared the winner, with S. Christenson's St. Ives, second. They were down an hour and a half and ran a sensational race. E. Courtney Ford's Tiburon, because of its performance yesterday, was given third place. Tomorrow the Championship stakes will be run.

The new officers of the club are E. H. Cox, president, San Francisco; J. E. Terry, first vice-president, Sacramento; Judge C. N. Post, second vice-president, Sacramento; E. Courtney Ford, secretary, treasurer, San Francisco. Executive Committee, T. J. A. Tiedaman, V. A. Cagheril, H. L. Betten, E. H. Fox, San Francisco; John H. Schumacher, Los Angeles; D. G. Macdonnell, Vancouver, B. C.

RIFLES ELECT OFFICERS.

Dr. Elliot Alden Is Chosen President of Government Club of Local Marksmen.

Dr. Elliott Alden of Pasadena was chosen president of the National Rifle Association Club of the Southern California Rifles, at the annual election of officers, held in the Conservative Life building last night.

Other officers elected were: Capt. A. C. Freeman, vice-president; A. D. Ostrander, secretary; E. D. Neff, treasurer, and C. B. Hubbs, executive officer. C. W. Stein was chosen assistant secretary and statistician. Hubbs is empowered to select his own assistants and to appoint range officers for the matches.

A plan for arousing fresh interest in rifle shooting was adopted, and it is the purpose of the Rifles to classify the members into groups of marksmen according to their ability on the ranges.

TROTTER PUTS THE SHOT.

U.S.C. Heavy Man Throws Sixteen-Pound Pellet Farther Than Southern Record.

In a practice put yesterday afternoon at Bovard Field Harry Trotter, the intercollegiate champion, shot putter, hurled the sixteen-pound weight 41ft., 4in. The husky, Santa Paulan has been increasing his puts daily for the last week, and yesterday shoved the weight six inches above the present Southern California record of 40ft., 10in.

Murray has been improving rapidly at the high jump, and is clearing the bar with apparent ease around the five-foot-eight-inch mark with regularity. Murray is training very lightly at present and does not intend to get into hard training until a fortnight before the intercollegiate meets.

The entire track squad is in good condition, and Coach Cromwell is optimistic over the prospects for a strong showing against the Polytechnic High School team Saturday, when the Methodist candidates will have their first real opportunity of the season to show their worth in competition against outsiders.

TWO MARATHON RUNNERS.

Estoppey and Reinwald Agree to Turn Bona Fide Professionals to Meet Connelly.

Eugene Estoppey and Paul Reinwald last night signed up with Managers Pickering and Sorenson of Fiesta Park as two of the three runners to meet Cornelius Connelly of San Francisco some time in the latter part of February. Miller, the winner of the Venice amateur Marathon, is to be invited to turn professional for a series of contests, and his friends believe he will accept, as he is past the period where it makes much difference as to his standing.

Estoppey and Reinwald are to begin training at once. Estoppey is desirous of attempting to run 1000 miles in 1000 consecutive hours, and agrees to perform the feat by running each mile in the first few minutes of the hour. The task has never been accomplished by a runner, but O'Leary, the walker, has gone through with the difficult feat.

RANGERS AND THISTLES.

Soccer Football Players to Meet at Fiesta Park Sunday—Airship Experiments.

The Rangers and Thistles will meet in a match game of soccer football at Fiesta Park Sunday afternoon in what promises to be the best exhibition of the season. The rival aggregations have met several times before this season, and the resulting score has never been more than one point apart.

The line-up of the Rangers will be: Jarvis, goal; J. Mitchell, Smith, backs; Harrison, Duff, Gerrard, halves; Lincoln, A. Mitchell, right center; Shedden, full; MacFarlane and Ball, left center.

J. S. Zerbe will give his flying machine another tryout before and after the game. He has strengtheped the backbone tube of the aëroplane, which was bent last Sunday, and has braced the framework with light wooden pieces. He is at work on a larger propeller, which he expects to furnish increased power with which he hopes to fly.

TRACK MEET POSTPONED.

Los Angeles High School Students to Hold Class Contests Monday at Occidental.

The Los Angeles High School annual interclass track meet, which was to be held at Occidental College this afternoon, has been postponed until Monday, as the athletic field is in poor condition as a result of the recent rains and the equipment has not been fully put into shape.

The High School squad is training daily and Coach Noble is pleased with the showing that many of the boys are making. Robertson, McClure, Phil Harrigan, Jack Harrigan, Simpson and Geissler are expected to be big point winners in the dual and conference meets that have been arranged, and many of the new men seem to the students to show promise of good performance.

After the interclass meet, which will give Coach Noble the first opportunity to see all the boys in competition, the members of the team to compete against U.S.C. February 6 will be chosen.

IS LOCOMOTOR ATAXIA CURABLE?

A Question Upon Which the Medical Profession Is Divided.

It Has Been Absolutely Proven, However, That Lasting Benefit May Be Obtained from the Tonic Treatment.

The recent discussion among eminent New York nerve specialists as to whether locomotor ataxia is curable has aroused renewed interest in one of the most baffling of diseases. Locomotor ataxia is generally considered incurable, but the permanent benefit which has followed the use of Dr. Williams' Pink Pills in numerous cases shows that the disease may often be so far checked as to give the patient what is practically a cure.

A carefully investigated case in which the improvement resulting from the use of Dr. Williams' Pink Pills has been lasting is that of Mr. Francis M. Poole, a harnessmaker of No. 285 Somerset street, St. Paul, Minn.

"My illness started in 1902," he says, "with sharp pains all through my limbs. At first I thought it was rheumatism but the pains kept getting more severe and I grew steadily worse. Later a numbness came over my feet. It gradually extended up my legs to my spine and waist. By this time I had lost all control of my legs. Next my bladder and bowels were affected and I lost all control of them. At this stage of the disease I was perfectly helpless and from November, 1905 to April, 1906, I was confined to the bed. My memory was so affected that I thought I would lose my mind. I looked just like a dead person. My lips and finger nails were blue. I suffered with terrible sharp, shooting pains and could get relief only from the use of morphine.

"I was treated by five St. Paul doctors. All of them pronounced my case locomotor ataxia. One said I could not live a year and another told my wife all he could do for me was to give medicine to relieve the pain. I was discouraged, and when my brother-in-law urged me to try Dr. Williams' Pink Pills, I did so willingly for he had read of their curing a case similar to mine. I started to take the pills in March, 1906, while I was still confined to bed. I took several boxes when I felt a slight change for the better and had a healthier look. I was finally able to go to the country, but kept on with the treatment. The bluish color left my lips and my eyes became brighter. I took the pills a long time and the next spring in May I could walk around. In June I went to work although still weak. I kept on gaining and have now been working two years without the return of a symptom of my former trouble and without losing a day's work. Dr. Williams' Pink Pills absolutely cured me and I want all fellow sufferers to know of my wonderful recovery."

Dr. Williams' Pink Pills are the most direct remedy for nervous diseases caused by impure blood, as nervous exhaustion, nervousness, nervous headache, sciatica and St. Vitus' dance and they have given lasting benefit in partial paralysis.

Dr. Williams' Pink Pills are sold by all druggists, or sent, postpaid, on receipt of price, 50 cents per box; six boxes for $2.50, by the Dr. Williams Medicine Company, Schenectady, N.Y.

OWEN BIRD SKIMS ALONG.

Former Occidental Star Shows Good Form Despite Enlarged Heart and Bad Sprain.

"Ownie" Bird, the Occidental sprinter, ran a trial 440-yard dash in 53 3-5 seconds yesterday afternoon. As the track men have not been training for speed the performance is considered good for this time in the season.

Bird's mark for the 440-yard dash is 52 seconds. In the 1906 conference meet he covered a quarter-mile lap in the relay race in 50 3-5 seconds. For three years he has been the Highlanders' mainstay in the 100, 220 and 440-yard dashes, and although he had an off-year last season, the students believe he could be a valuable point winner this year.

Although Bird is getting out for light practice he claims that he will be unable to compete this year as it is said he has an enlarged heart and a bad sprain received two years ago, has never fully mended. Despite these assertions, Bird appears to be in excellent physical condition.

LONG BEACH WINS.

LONG BEACH, Jan. 28.—The Whittier High School girls' basketball team met defeat this afternoon at the hands of the Long Beach champions by a score of 20 to 4. The Long Beach guards formed a stonewall defense.

The line-up: Long Beach—Forwards, Misses Kincade and Tinkiepaugh; centers, Misses Robinson and Kendall; guards, Misses Taylor and Condor. Whittier—Forwards, Misses Newby and Crawford; centers, Volkmore and Witheroe; guards, Misses Gooch and Clayton. Referee, Dr. Beach, L. A. High; umpire, Miss Mabel Ray, Stanford.

This victory practically gives Long Beach the Southern California championship.

Driscoll Is the Star.

NEW YORK, Jan. 28.—[Exclusive Dispatch.] Driscoll and Marto were the stars at the Fairmount Athletic Club tonight. It was a very pretty exhibition of boxing, although Driscoll had everthing on Marto, the latter being able only once or twice to get home real ones, it was Driscoll across the board for all of the ten rounds. In the preliminaries Young Sullivan defeated Joe Hyland, Jimmy Moran made Johny Glover quit, Kemp put Radbury out and Billy Herman had all the best of three rounds with Eddie Stanton.

To Jail Them All.

LITTLE ROCK (Ark.) Jan. 28.—[Exclusive Dispatch.] The police chief says he will enforce the Mayor's order if it is necessary to jail everybody connected with the proposed fight between Sullivan, the St. Louisian, and Wolgast of California. A wire was received tonight that Wolgast had left Los Angeles.

NORTHERN CARD.

SAN FRANCISCO, Jan. 28.—[Exclusive Dispatch.] Tomorrow night's fight card consists of:

Terry Mustaine and Ollie Cornet, ten rounds.

Jimmy Walsh and Jimmy Regan, twelve rounds.

Kid Harrison and Lew Powell, fifteen rounds.

After many trials, Lercari has his fight card straightened out for the thirty-seven rounds of scrapping that are carded to take place in Dreamland Rink tomorrow night. By reason of the breaking of this match and that and the announcements of bouts that have never been materialized, Lercari has kept the fight fans up in the air as to what would be served to them in January. All points have been settled, however, and with Eddie Smith of Oakland to referee the two main bouts, matters should go along smoothly.

While Lercari has unfortunately made his matches the subject of more or less joking, he really has a good programme to offer. Both Kid Harrison and Lew Powell, in the main event scheduled for fifteen rounds, are local boys. Powell has had more experience than his colored opponent, but Harrison has won many friends in his last two matches. He has displayed a good wallop, as well as gameness, and is counting on his youth to get the better of Powell.

Since the night he did so well against Monte Attell the local followers of the game have been anxious to see more of Jimmy Regan in action. The lad lacks the experience and the finish that comes with more fights, but no one can deny that he is ready to work hard and that he will keep going. In Walsh he will meet one of the most clever bantams in the business.

The heavyweights, Ollie Corbett and Terry Mustaine, have both appeared before San Francisco fight crowds. Cornet put away Sailor Gordon in jig time one night. Mustaine will outweigh him and is a shifty man with the gloves.

GOOD CHANCE TO LIVE.

Thomas Ryles, a young musician who was shot through the abdomen Monday night, in an encounter with a highwayman, is slowly improving at the Sister's Hospital, according to the reports of attending physicians. Ryles spent a restful day yesterday, and unless unforeseen complications arise he will survive the injury.

HOTEL PEPPER DANCE.

Three hundred attended the formal dance given at the Hotel Pepper by the management last night. Special decorations of roses, violets and potted plants served to beautify the dining-room and lobby. Punch and refreshments were served.

A Home Remedy That Reduces Fat.

Would you like to have a nice firm figure, but escape the tiresome, bone-breaking exercise or the soul-sickening diet of the old-time plan of reducing excess flesh?

Then go to the druggist and ask for this inexpensive mixture: ½ ounce Marmola, ½ ounce Fluid Extract Cascara Aromatic, and 3¼ ounces Peppermint Water. Take a teaspoonful after meals and at bedtime, and in a few weeks you can be as fit physically as a fawn. Mix these ingredients at home if you wish, but see that you get the Marmola in a sealed package. When fresh it acts quicker.

CONQUERS RHEUMATISM

There is a cure for that merciless pain called rheumatism. The remedy is electricity properly applied. Rheumatism is caused by uric acid in the blood. Drive out this poisonous acid and you will be free from pains and aches. You can't do that by dosing yourself with drugs. Electricity as supplied by Dr. McLaughlin's Electric Belt soaks right in the veins and arteries and forces the poisonous matter back to the kidneys, which filter the blood and cleanse it of all impurities.

Dr. McLaughlin's Electric Belt has cured many cases of rheumatism in a day. Some of the most stubborn cases yield in a few weeks. I wouldn't say that if I couldn't prove it. I'll send you the names of cured patients, and you can ask them.

GET THIS FREE

Call if possible and test Dr. McLaughlin's Electric Belt free of all cost. If you can't call, mail this coupon for my free 88-page book about my treatment. I'll send the book, closely sealed.

No charge for consultation.

Classified Liners.

Times Classified rates: the rate for inserting "want" ads. in The Daily Times is 1c per word for each insertion; in the Sunday issue 1½c per word, each insertion; minimum charge 25c; except under following classifications the rate per word is 10c per line, minimum charge 81 cents: "Society Meetings," "Personals," "Special Notices," and "Baths and Massage."

"Liner" (classified) advertisements for Sunday insertion received over the counter or by telephone after 11:30 o'clock Saturday nights will be inserted under heading "Too Late To Classify."

Sunday real estate advertisements, to be classified properly, must be in The Times office before 10:30 o'clock Saturday night. Rates 1½ cents per word.

The Sunday circulation of The Times exceeds 77,000 copies, and more "liners" are regularly printed in its columns than in the five other Los Angeles newspapers combined.

Telephone your want advertisements. Ring up "The Times" any time of day or night and secure prompt and careful attention.

The Times cannot guarantee accuracy or assume responsibility for errors of any kind occurring in telephoned advertisements.

THE TIMES will not be responsible for more than one incorrect insertion of any advertisement ordered for more than one time.

Advertisers should retain receipts given by The Times in payment for "Liners," as no mistakes can be rectified without them.

SPECIAL NOTICES—

TIMES COOK BOOK, NO. 2, READY TODAY, and until the edition is exhausted, is placed on sale at the largest, most comprehensive cook book of the series issued by The Times.

The 315 recipes for hot Spanish and Mexican dishes and the hygienic department are big features of the publication. The recipes, brought out by The Times Prize Cooking Contest, are generally from Southern California cooks, and are tested chefs. Price 25c by mail, 5c additional. Address THE TIMES, Los Angeles.

PERSONAL — PROF. ALTHOUSE, NOTED astrologer and palmist, 204½ S. Spring. 30

SUNDAY REAL ESTATE LINERS—

Classified real estate advertisements for insertion in THE SUNDAY TIMES must reach the office not later than 10:30 o'clock Saturday nights. Other "want" advertisements for Sunday insertion will be taken over the counter until 11:30 p.m.

The great volume of liners printed in The Sunday Times, numbering regularly over 5000 separate classified insertions, this regulation absolutely necessary in order to get the big Sunday issue out on time.

WHERE CAN I GET
5 ACRES FOR
$1000
ON TERMS $5 DOWN
AND $5 PER MONTH PER ACRE?
Go and see the best orange land at Monte Vista. You can buy land anywhere, but choice land with water developed is worth looking up. Monte Vista is midway between Pomona and Ontario and only an hour's ride from Los Angeles. It has two railroad stations and three packing-houses. One packing-house right on the ground shipped 183 carloads of oranges this season. Bearing orange groves on four sides sell from $1000 to $2500 an acre. They return a net revenue of $500 an acre. You waste your time looking for better land for any purpose. It is the best fruit soil in the State. This land has a great future also, besides two railroads already, an electric line is surveyed through it.
WATER STOCK WITH THE LAND.
Water developed and piped direct to each 5-acre tract. If you seek good land, better see this at once as it is selling fast and the price never can go lower and will soon go higher.

WESTERN PACIFIC GROWS.

[ASSOCIATED PRESS NIGHT REPORT.]

CARSON (Nev.) Jan. 28.—A report reached this city today to the effect that the Western Pacific had closed a deal for the N. C. and O. R. R., the narrow gauge line that extends north of Reno to Madeline. The Western Pacific crosses this line about thirty miles north of Reno.

The plan of the Western Pacific is to broad-gauge the road, use it as a feeder for the Washoe country, and extend it to Klamath Lake.

MINING WOE.

GOLD BULLFROG ON THE GRILL.

STOCKHOLDERS ACTED WITHOUT LEGAL ADVICE.

Samples Were Taken With no Reference to Future Identification and It Is Almost Impossible to Get Testimony Before the Jury—Only One Sample Admitted.

Failure to lay a proper foundation for questions resulted in a mass of testimony being excluded yesterday when offered by the State in the Nash hearing. The State sought to identify some fifty samples taken from the Gold Bullfrog mine by stockholders. The defense claimed that it had not been shown that these samples were taken from the same places as were mentioned in the report, for the publication of which Nash is being prosecuted. The jury were excused during the arguments and the testimony was temporarily admitted. Later the bulk of it was stricken from the record, and only one sample was admitted as evidence.

An effort to connect Nash with knowledge of the falsity of the report was also made, and a witness put on the stand to prove that he spent a month at the mine making the assays upon which the report was based. The witness failed to qualify as an assayer and was not allowed to testify to that fact.

Jud Rush, who is to defend Callahan, was present, and assisted Nash and his attorneys with frequent suggestions.

The faulty presentation of the case is due, it is said, to the fact that the stockholders, when preparing to institute proceedings, failed to consult attorneys and took all samples without reference to a proper identification later. The testimony which is admissible under the charge is so mixed with immaterial matter that it is only separated with difficulty.

SMUGGLE BUBBLE BURSTS.

Owner of Diamonds, Which Were not Confiscated, Tells of Their Purchase.

The tangled yarn about Benjamin Schwob, No. 817 South Burlington street, and the alleged smuggling of "$10,000 worth of diamonds" has been cleared up.

According to Mr. Schwob, the value of the diamonds is $300, and if they were ever smuggled over the border of any country, he will be glad to hear about it. He says he bought them in Tucson last December, as a present for Mrs. Schwob.

"I thought they were a good buy," said Mr. Schwob. "so I took them, in spite of the fact that they were in a damaged jewel case. I endeavored, unsuccessfully, to buy a new jewel case in Los Angeles, but did not find one that would suit these particular gems and my idea.

"All of my business interests are in Mexico, so I sent to Hauser, Levy & Co. of the City of Mexico, old friends of mine, for a box. The one they sent me is of American manufacture.

"Evidently the custom-house officials at El Paso examined the box, for Special Agent Smith of the customs service arrived at my house every shortly after the box was delivered. He asked if I had any diamonds to put in the box, and I said I had. Then I told him about my purchase and took him to the bank, where the diamonds were in a safe-deposit box.

"As I make many visits to Mexico each year, I cannot afford to permit of any suspicion that I am smuggling goods across the border, in either direction, so I turned both box and diamonds over to the agent and asked him to investigate. I suppose he will be able to find out where the traveling man bought them, and then the whole matter will be straightened up.

"Any statement to the effect that the diamonds have been confiscated is false. Had I cared to do so, I need not have showed them to the agent, and he could never have located them. I certainly expect that they will be returned to me in a few days.

Collector of Customs Cornelius Pendleton has the gems locked up in his safe, and the matter is being thoroughly investigated. The diamonds have been examined by several local jewelers, who pronounce the cutting and mounting of American workmanship.

HOUSES BLOWN DOWN.

[ASSOCIATED PRESS NIGHT REPORT.]

ENID (Okla.) Jan. 28.—The most severe wind and dust storm in six years prevailed in Northwest Oklahoma this afternoon, causing more or less damage. As far as known, no lives were lost.

At Goltry, twenty miles west of Enid, several houses were blown down, and at Carmen, forty miles west of here, flames, driven by a fierce wind, destroyed half the business houses in town.

TRAFFIC BLOCKED.

[ASSOCIATED PRESS NIGHT REPORT.]

TELLURIDE (Colo.) Jan. 28.—The Telluride Power Company's transmission line was broken today by a snowslide at the Bullion tunnel of the Smuggler mine. The town and mines were without light or power for some hours. The railroad situation is becoming serious. The Denver and Rio Grande snow plow is out of commission, and it is impossible to state when traffic will be resumed with Durango.

LIFE'S SEAMY SIDE.

USED WIFE AS PUNCHING BAG.

Woman Tells Shocking Tale of Husband's Cruelty.

Divorce Granted from Cotton Broker of Louisiana.

Pitched Nude Into Swamp to Swim for Life.

[ASSOCIATED PRESS NIGHT REPORT.]

SAN FRANCISCO, Jan. 28.—In granting a divorce to Mrs. Alice E. Hall, wife of William R. Hall, a Louisiana cotton broker, Judge Graham said today, that the tale of the husband's cruelties as recited by Mrs. Hall, was the most shocking he had heard in many years of divorce court work.

Mrs. Hall said that while living with Hall in a cottage at the edge of a swamp two miles out of Alexandria, La., her husband had repeatedly fastened her feet to a ceiling beam with a rope, and, as she swung thus, head downward, beaten her face and head unmercifully, as a boxer in training rains blows on a punching bag. He wore gloves during the process in order to protect his hands from injury.

Not content with this, Hall, his wife declared, took her out on the swamp in a small boat at night and after compelling her to disrobe, forced her to jump into the water and swim to a tree, where she clung naked and shivering, until he chose to return for her.

The Halls were married two years ago in Oakland, where Mrs. Hall's mother lives. Hall is in Louisiana and allowed the proceedings to go by default.

OBITUARY.

Michael A. Hickey.

BUTTE (Mont.) Jan. 28.—[Exclusive Dispatch.] Michael A. Hickey, noted pioneer of Montana, discoverer of the famous Anaconda and St. Lawrence mines of the Amalgamated Copper Company, died in this city today at the age of 73. With his brother, Edward Hickey, he located the Anaconda on New Year's night in 1875, and regarded the property of such little value that they gave Marcus Daly a third interest to sink a shaft down ninety feet, and to the late Charles X. Larabie a half interest for sinking forty feet. The interest given Daly was the first start in life for the late copper king. The Anaconda has produced millions, and today is rated as one of the richest mines in the world. Hickey sold all his holdings in the Anaconda to Daly and died comparatively poor.

David King Wall.

DENVER, Jan. 28.—David King Wall, a pioneer, founder of the city of Golden, died in a hospital here yesterday, aged 82. He was born in Indiana and went to California during the gold excitement in 1849.

Rufus Henry Tyler.

KANSAS CITY, Jan. 28.—Rufus Henry Tyler, an Indian scout on the plains of Nebraska in the early days, died today, aged 70.

FLASHES FROM WIRES.

A rain which almost reached the proportions of a cloudburst did great damage in St. Joseph and vicinity, Wednesday night. A number of bridges and culverts were washed out, and railroads suffered.

Miss Anne Morgan, daughter of J. Pierpont Morgan, has enlisted her services to carry out a crusade against unsanitary cigar and cigarette factories in the city, where more than 30,000 girls are employed. Miss Morgan is taking up the work as a member of the women's department of the National Civic Federation.

Robert L. Spencer of Providence, R. I., was yesterday appointed permanent receiver for the New England Fire Insurance Company, one of the largest stockholders of the Central Trust Company of this city, which was liquidated January 19.

WHIST CLUB ENTERTAINED.

Mrs. B. A. Rogers entertained the O.O.C. Club at her beautiful new home, No. 2907 Hallidale avenue, yesterday afternoon. First prize was won by Mrs. Charles Morris; second, Mrs. Ramsey; guest prize, Mrs. Witzel. Many members were present.

Heart to Heart Talk With a Young Mother

CHILDREN SICK WITH ONE DISEASE AFTER ANOTHER ALL WINTER.

How to Avoid Catching Contagious Diseases---Something Every Mother Should Remember.

Good morning. I'm so glad to see you. How are the children? What's the trouble now? Seems like they have been sick all winter. First scarlet fever, then diphtheria, and now it is whooping cough. Well, you have had your hands full to be sure, but do you know I believe you could have warded off some of those diseases. Oh, no! I'm not accusing you of neglecting your children; you're too good a mother to do that. I know your new neighbors brought scarlet fever, but don't you remember the hard colds your children had just when they came? Now listen a moment; that has had more to do with it than you think. Your children were then particularly susceptible to disease germs. Eminent physicians now agree that children would not be near so likely to take scarlet fever, diphtheria, whooping cough or any of the catching diseases if every cold were doctored when it first makes its appearance. You have noticed that when two children are exposed to some contagious disease at the same time often one of them will take it and the other will not. Well, that is just the reason, one child had a cold and the other did not. I never allow a cold to run twenty-four hours without attention. You say you don't have any confidence in cough medicines? You have not used the right one yet. Just try Chamberlain's Cough Remedy and you'll change your mind. Of course you have heard of it. It has been on the market for thirty-five years. No, indeed, it won't hurt the children. There is nothing in it that will injure your little baby. Get a bottle of it while you are up town and you will find that your children will not catch everything that comes along.

LOCAL PRODUCE MARKET.

With the gradual advance of the season and the continued sameness of prices on apples, the demand for that fruit continues to grow. One of the largest dealers on the market declared yesterday morning that he can scarcely pack the fruit rapidly enough to supply the call, which is the best of the season. There are various reasons for the good demand. One of these is the fact that prices on apples at this season of the year always advance very rapidly and for several years past, have been much higher than at present. So far there have been no marked advances on account of the great amount of deciduous fruits still on hand. Another reason for the buying just at the present time, is the light offering of local stock. Dealers have made it impractical to pick and in order that people may buy one of the staple fruits, dealers are selling apples. Ballenfleurs, the variety which has been the principal call, are in good shape. The apple is coming out of storage in excellent condition, and is showing a very small percentage of rust. Colorado and Oregon Jonathans are cleaning up rapidly, while Baldwins are in good demand. Hood River stock is showing up well.

Eggs were more firm yesterday morning with receipts of only 168 cases. The local market is now almost entirely dependent on the receipts from the neighboring towns and country. Storage stock is entirely cleaned up and quotations are no longer to be found on the street. An occasional case of eastern fresh is arriving by express. Sales of locals were good and there was a variance of a cent in quotations of case count, making the present buying price from 31 to 32 cents.

Butter was strengthened by receipts of only 8230 pounds, less than sufficient to make up the deficiency in the production by the local creameries. Cooking stock is arriving in better quantities, and some dairy butter is coming in from the surrounding towns.

The first car of Utah calves to sell on the local market was reported yesterday morning. They are of the Australian Brown variety and will arrive within a few days. The car was about 200 sacks, and therefore makes little difference in the general situation. Prices were steady at quoted figures.

Some unsettling of potatoes was reported. It at no time amounted to more than 25 cents to the hundred pounds and made little difference in the general condition of the market. Arrivals again amounted to about 3 cars. Sweet potato receipts were more than 300 sacks.

LOS ANGELES STOCK EXCHANGE.

LOCAL MARKET CONTINUES FIRM.

HEALTHY DEMAND FOR BETTER INVESTMENT STOCKS.

Present Method of Trading Becoming More Popular as Brokers and Public Grow Accustomed to It, and Business Men Place More Dependence on Published Quotations.

The market on the Los Angeles Stock Exchange continued to show a strong and healthy demand for the better class of investment stocks. The new method of trading is becoming more and more popular among the brokers, their clients, bankers and business men, who can now place more dependence in the published quotations, than when the exchange was simply a "quotation factory."

The oil stocks continue to attract considerable attention, all in good demand, with trading active. Union Oil is about at the high level of its present movement. The best points of the recent financial report and the company's condition were discounted early in the year, and the opinion seems general that the stock may sag slightly in the next few weeks. There is no justification apparent for a further advance. It is above par now, and is paying less than 6 per cent. Sales yesterday amounted to twenty shares at 102.37½, and the stock closed at 102.37½@102.50, off 1¼ and ¼ respectively.

A rise in Associated Oil in San Francisco operated to the benefit of that issue on the local floor, where sales opened strong at 37.50, and closed at 38.25. Trading amounted to 130 shares, 2000@2500 at 37.50@38.50, a rise of 1 and 1¼ points being scored in the bid and asked prices, respectively. Heavy selling by one broker was a feature of the Associated trading.

Trading in Amalgamated Tuesday and Wednesday was a feature of the day's business, but the stock was remarkably quiet yesterday, and closed with a net loss of 7½ points in the bid, at 90.12½. None was sold. Opinions expressed by well informed is that the price has been too high. None was offered yesterday.

Union Provident was handled at 100.75@101.00, trading amounting to 20 shares. The close was at 100.75 bid, showing a ¼-point decline. United Petroleum closed without a bid, offered at 105.50, showing no change from Wednesday's closing.

Ten shares of Western Union Oil were sold at 85.50. This price is ¼ point below the sales level of the previous day. The close was ¾ points higher than on Wednesday, the stock being bid up to 86.75. None was offered.

Columbia Oil was bid for at 101.09¼, showing a ¾-point rise in the bid. It was offered at 1.14. Globe scored ¼ point gain in the bid, closing at 20¼, without a trade for the day. Olinda closed at 21¼@24, showing 1 point advance in the asked price.

Ten shares of Home Telephone sold at 76.50, and the stock closed quite firm, although showing a ¼-point loss in the bid. It was quoted at 76.37½@77.75. The asked price was ¼ point above Wednesday's market. The common was offered at 75.00, closing without a bid. Ten shares of Santa Monica Bay Home Telephone stock sold at 23.00. This is the first trading in this issue for several weeks. The close was firm at 23.50@25.00. Other industrials were about as usual.

The bank stocks and bonds remain practically unchanged.

One hundred shares of Furnace Creek Copper sold at 2½, and a few thousand shares of California Hills at 3½, regular, and at 3½@3½, buyer 30 days.

SAN FRANCISCO LIST.

FIRE IN MINE BREAKS MARKET.

COMSTOCKS FALL TWENTY-FIVE TO FORTY POINTS.

Extent of Damage Done by Blaze in Sutro Tunnel not Known at Close of Exchange, but Brokers Believe Mine Threatened—Balance of Nevada Stocks Weak.

[Special Service to The Times by B. F. Taylor, 524 Citizens' National Bank Bldg.]

SAN FRANCISCO, Jan. 28.—The Comstocks broke from 25 to 40 points at the opening, on the report that there is a big fire in the Sutro Tunnel which threatens the mine. The extent of the damage is not known at the time of the closing of the exchange, but a telegram received this afternoon said the fire was still burning at noon, and was more serious than first expected. All the miners have been taken out except twelve.

The big trading in the Comstock started last Monday, the 18th inst, when the largest business in six years was transacted, and many sensational advances were recorded. The market this morning in the Comstocks opened off 25 to 40 points from last night's close, and reminded the old timers who have been in constant attendance for the past ten days, of the big fluctuations that used to take place.

As compared with last night's close, Ophir lost 37½ points, Mexican 37, Gould and Curry 17, Consolidated Virginia 24, Savage 10, Hale and Norcross 8, Yellow Jacket 24, Belcher 7, Confidence 30, Sierra 16, Union 13 and Chollar 10.

The balance of the Nevada stocks were weak, Goldfield Consolidated sold down to 750 and closed 780 bid after selling up to 790. Florence was weak at 41½ bid. Daisy fell

GENERAL EASTERN.

CHICAGO BULLS BUY UP WHEAT.

MARKET SUPPORTED BY DEMAND WHICH PROVES LIGHT.

Prices Fluctuate Within Half-cent Range and Close at Almost the Lowest Point—Weather Favorable for Fall-sown Crop and Estimate of Argentine Shipments Is Liberal.

[ASSOCIATED PRESS DAY REPORT.]

CHICAGO, Jan. 28.—Local bulls gave the wheat market support today, but at times demand from that source was light and the market inclined to sag. Prices throughout the day fluctuated within a half-cent range and were almost at the bottom on final transactions. May closed at 1.07 1-4 and July at 97 1-4@97 3-8.

Firm cables and indications of a revival in cash demand helped to hold the market steady with favorable weather for the fall sown crop of wheat in this country and a liberal estimate on the amount of wheat to be shipped from Argentine this week inspired some selling.

There was only a light trade in oats and the market was steady all day, prices holding within a quarter cent range. May closed at 60@60 1-8 and July at 46@46 1-8.

Provisions were strong during the last half of the day on covering by shorts, with prices 7½ to 27½ higher.

Cash quotations were as follows: Flour was dull. No. 2 spring wheat, 1.08@1.09; No. 3, 1.03@1.09½; No. 2 red, 1.06½@1.07. No. 2 corn, 60¼@60¾; No. 2 yellow, 60¾@61; No. 2 white oats, 59@59½; No. 2 rye, 76; good feeding barley, 60; fair to choice malting, 61@64; No. 1 northwestern flaxseed, 1.04½; prime timothy seed, 3.50@3.85; clover, contract grades, 9.15; short ribs, sides (loose,) 5.37½@5.75; mess pork, per bbl., 17.00@17.12½; lard, per 100 lbs., 9.60; short clear sides (boxed,) 5.87½@6.12½.

The corn market was steady and closed unchanged to ¼c lower, compared with the previous close. May closed at 67¾, and July at 68¼.

There was only a light trade in oats. Final quotations were at 59¾ for May; July, 46¼@46¾.

New York Cotton Market.

[By Private Wire to E. F. Hutton & Co., Members New York Stock Exchange, No. 112 West Third street.]

NEW YORK, Jan. 28.—Cotton opened steady and unchanged with trading on a small scale around 9.52 for May; recent sellers covered and the bull crowd supported the market. There was very little news to influence prices. Spots were in no demand. A report that a large Wall street operator was going short of the market gained ground, but we know for a fact that there is no truth in this rumor. We see nothing to justify any material advance from this level, and on any further advance, believe sales are in order.

John Hill, of Logan & Bryan, says: Today's cotton market assumed a more sober tone, and after some little selling pressure around the opening, final figures proved to be the top of the day, a 10-point advance from the low of the day, and about 5 to 9 points above yesterday, the nearer months showing the most strength. Conditions have not changed, in fact, they grow more bullish every day, but the halting and hesitation has prompted many who had handsome profits to accept them, and this liquidation has held the market in check. The New York crowd, especially the professionals, seem to have permitted themselves to get short of the market, and the long interest having so nearly cleared up, makes it very susceptible to any big power that may show up. This is a period of hesitation, tomorrow's week-end figures of movement will be interesting, but from any expected or unexpected bullish tone, and may appear at any moment, we will have a market that will forge its way to a new high level.

Less favorable cables stated European spinners were well stocked with cotton, and new business was not coming forward as expected. It is also believed that January spot engagements are pretty well filled, and that the demand for actual cotton will fall off somewhat by the end of the week. Reports, rumors and advices concerning demand are at variance. It is reported that 50,000 bales will be shipped out of the local stocks by the middle of next month.

Hugh F. McElroy is thinking of taking out copyright on the story concerning all bull wheat literature, or else patenting the darn little bug itself.

The crowd that tried to manipulate the market upon the National Ginners' report, seemed to be trying to manipulate it down yesterday.

Some people seemed to think the South sold cotton yesterday on the speech of Senator Davis of Arkansas.

There will be a great deal heard about bad business in Russia and large mill stocks on the continent for the next few days.

The people who are selling cotton now, are not selling because they expect a 14,000,000 bale crop, but because they believe that a 11,000,000-bale crop is not worth 10 cents.

Some people say that practically all of the local stock has been sold for early movement, and yet it is not probable there will be sales of more than a few hundred bales a week reported while it is being moved out.

Bear, at New Orleans, says: "Spinners are apt to go into cotton any week now, especially as trade is gradually improving in England. Mill takings this week last year were 94,000 bales, and year before 240,000 bales."

Any favorable circumstances would start the market up and it would gather momentum as it goes, as there is much more cotton to buy than to sell.

Hill argues: "There are some rumors of bear pool forming in cotton, but I cannot believe this, as have heard of no inmates of Matteson tryers. 1.56@1.60.

THE CITY IN BRIEF

Snowbound!

NEWS AND BUSINESS.

Dies of Explosion Injuries.

Fred Eble, 35 years of age, who was terribly burned in an explosion of chemicals Wednesday, died at the County Hospital early yesterday morning.

Charity Conference Committee.

The Charity Conference Committee will meet in the directors' room of the Chamber of Commerce on Tuesday afternoon at 4 o'clock. It will meet regularly hereafter on the first Tuesday of each month.

Imperial Valley Shows Navelencia.

A fine display of citrus fruit is made by Imperial Valley at the Chamber of Commerce. Navelencias, a cross between a navel and a Valencia orange, are of interest to horticulturists. The exhibit includes other varieties of oranges, tangerines, grapefruit, spineless cactus, peanuts and cotton.

Demand to Hear Prof. Hale.

The announcement that Prof. George E. Hale, director of the Mt. Wilson Observatory, would lecture on next Monday evening, under the auspices of the Southern California Academy of Sciences, created such a demand for the free tickets of admission, that the place has been changed to Blanchard Hall, instead of in the smaller hall.

Diamond-Turquoise Fraud Order.

A fraud order against the Diamond-Turquoise Company, formerly located here, has been issued by the Postal Department at Washington. The order is hardly necessary as far as this city is concerned, since the concern has suspended business. It covers all the company's subsequent attempts to sell alleged valuable stones on mail orders.

Seeing Our Sights.

The Walla Walla excursionists went to Catalina yesterday. They will go to Redondo tomorrow with the delegates to the American National Live Stock Association's convention. The Washington people have been following their own itinerary for the most part, although the Chamber of Commerce has done all it could to make the visit of the party pleasant.

San Pedro Fortifications.

The Chamber of Commerce is preparing to urge the fortification of San Pedro Harbor, in accordance with the recommendation of the War Department. If necessary special representatives will be sent to Washington to lobby for Senator Flint's bill, providing for a large appropriation. The Committee on Fortifications sent a telegram to the Senator yesterday, requesting to know the status of the case.

Fourth Ward Association.

The Fourth Ward Improvement Association held a meeting last night at No. 1222 West Eleventh street, and listened to an address by City Forester Harper, on the subject of the elimination of unsightly trees from the streets of the city, and the adoption of a uniform system of planting. The following men were chosen to represent the association in the Federation of Improvement Associations: W. H. McGill, Melville Dozier and Richard Plant.

More Live Stock on Reserves.

More cattle will be allowed to graze on government forest reserves than in former years. Supervisor Charlton of the Angeles reserve has received a communication from district headquarters at San Francisco, stating that 4000 cattle and horses will be allowed on the reserve this year, an increase of 500 over the allowance of past seasons. The prices will remain the same, 45 cents a head for horses, and 25 cents for cattle during the season from April 1 to November 15.

They'll Pay the Taxes.

The West End Congregational Church has taken a unique step. There is no hall in the neighborhood where any sort of an entertainment can be held, and the law that prohibits a church from holding anything aside from religious services, if it wishes to escape the payment of taxes, has been set aside by the West End church. They voted unanimously to hold such entertainments as they please in the church, and pay the taxes demanded of them by the city, county and State. The first entertainment will be given tonight by the English hand-bell ringers, who have performed all over Southern California.

CHECK CROOK FOUND ARMED.

Youth Tries to Pass Worthless Paper, Is Arrested, and Held for Carrying Concealed Weapons.

Quick detective work on the part of a First-street business man, yesterday, resulted in the arrest of Clyde Allison on a charge of carrying a concealed weapon, as a means of keeping the young man in custody until his check operations can be investigated.

Allison, according to the statement of the police, has a bad record. He was sent to the Whittier Reform School, and since his release from that institution has been under suspicion.

Yesterday Allison entered a store and presented a check on the First National Bank. He indorsed it "George Woods." The business man became suspicious of the young man's actions and detained him for a few minutes while he sent the check to the bank. It was returned after having been pronounced worthless.

When informed of this, the young man pretended to be indignant and stated that he intended going to police headquarters at once to have the check investigated, and the man who had given it to him punished.

Instead of going to the station, Allison went to a near-by pawnshop and there flourished the check. Detectives were notified and arrested him. A revolver, dirk and dark lantern were found on him. Detectives will make a thorough investigation of the case today.

MULTI-MILLIONAIRE'S HONEYMOON SECRET.

VIRGIL PRESTON of New York, former vice-president of the United States Steel Corporation, and one of the "young partners" of whom Andrew Carnegie made multi-millionaires, arrived in Los Angeles yesterday and quietly registered at the Alexandria, where he patiently waited several hours before he could secure a suitable suite.

Mr. Preston is accompanied by his bride. They were married in New York a week ago and will spend nearly two months sightseeing on the Coast. The greatest secrecy surrounded Mr. and Mrs. Preston. They refused themselves to all callers until their identity became known. Then Mr. Preston laughingly acknowledged that they are on their honeymoon, and that he has dropped dull care for several months.

Mr. Preston was for some years the right-hand man of William Ellis Corey, president of the steel trust. This was in the days when Mr. Corey was superintendent of the Homestead Steel Works, and when neither he nor Preston dreamed of a steel trust. Preston at that time occupied a minor position at Homestead, and later was moved to the headquarters of the Carnegie Steel Company in Pittsburgh.

Carnegie added the name of Preston to his list of "young partners," which included Corey, Schwab, A. C. Dinkey, James Gayley and others. This was the most important happening to Preston and paved the way for his election as vice-president of the Steel Corporation shortly after its formation, and when Schwab was at the head.

For three years following the formation of the steel trust Preston was vice-president, and when Schwab resigned to give way to Corey, Preston also stepped out.

Preston, who is scarcely over 35 years of age, is virile-appearing, with an aggressive chin. He says his principal occupation at present is to drop out of sight for awhile and escape all publicity during his honeymoon on the Coast.

Mrs. Preston is a dainty, charming young lady, bearing the stamp of a typical New York society woman. The itinerary of the Prestons will include a run to Coronado, where they will remain for a month or more, and then a short trip to San Francisco and back East by the northern route.

"I am in no way connected with the United States Steel Corporation," said he last night. "It has been two years since I severed my connection with it. This is my first trip to Los Angeles, and although I have seen little of it as yet, I am prepared to like it very much. Mrs. Preston and myself will just idle our time away, seeing the sights and resting."

Here on Honeymoon.

Virgil Preston, multi-millionaire, former vice-president of the steel trust, and his bride.

AFTER SCALP.

COLORADO STOCKMEN GET AFTER PINCHOT.

Delegates Declare Forestry Chief Put Blight on Their State, but Convention Indorses Him—Election Ends Sessions—Sightseeing.

THE Colorado delegation to the American National Live Stock Association convention infused a liberal sprinkling of pepper into the closing proceedings of the meeting yesterday by mixing in a lively quarrel over United States Forester Gifford Pinchot and what the forestry service is doing in the Centennial State. While the short and ugly word was not used during the heated argument, several of the Colorado men in their arguments declared that the "other fellow did not know what he was talking about."

The tilt was precipitated by the introduction of a resolution that "under the capable and broad-minded direction of the United States Forestry Service by its chief, Gifford Pinchot, we believe that the administration of this service is steadily improving, and is conducted along practical and businesslike lines, with a view of obtaining the greatest possible use of the forests, consistent with their preservation, and that this convention heartily indorses the forest and water preservation policy and its management," and the further resolution indorsing and urging upon Congress the passing of the Curtis-Scott leasing bill which was prepared by the resolutions committee of the last convention and is now pending before Congress.

FIGHTER'S SUBSTITUTE.

E. M. Ammons, former State Senator of Colorado, and noted for his fighting qualities, was on his feet in an instant with a substitute resolution which completely ignored mention of Pinchot and the full text of which follows:

"Resolved, That we favor the passage of laws for the adequate protection of timber on all the public lands, and the establishment of a national policy, which will encourage the growth of timber on private lands. To this end we believe the Federal government should aid in experimental work along this line at all the agricultural college stations in the several States.

"That we favor the session of the public lands to the States in which they lie.

"To relieve the timber shortage, we suggest putting timber on the free list, to the end that we may replenish our diminishing supply and lower the price of building material to the people.

"Resolved, That we favor the restriction of the forest service to the growth and protection of timber. We believe that all lands more valuable for agriculture, grazing or mining than for timber, including all non-forested areas, except small sections for experimental purposes, should be immediately eliminated from the forest reserves. The forest service should be restricted in its operations to the growth, protection and disposition of timber. Congress should make laws for the control of the reservations to supersede the present rules and regulations which are often partial in their enforcement, and which may be changed at the pleasure of the service. Growing timber should only be sold to meet necessary local demands and at the lowest price the economical administration of the forests will permit. Rights of way for irrigation canals and reservoirs, power plants and other improvements, should not be made revokable at the pleasure of the service, and in the end

NOT AFRAID.

LAWLER'S LIFE THREATENED.

Anarchist Letters Are Sent to Washington.

Reds Try Frightening the District Attorney.

Revolutionists in Jail Must Face a Trial.

Letters containing threats to kill United States Dist.-Atty. Oscar Lawler are in the possession of Atty.-Gen. Bonaparte at Washington. They were evidently written by rabid sympathisers with the imprisoned Mexican revolutionists. Although anonymous, the writing is said to be remarkably like that of a local socialist leader, and handwriting experts may be asked to aid in the investigation that has been ordered.

In one of the letters it is stated: "You know what happened to Heney. If you don't turn the imprisoned patriots (yelept murderous bandits,) loose, you will get what he did, only worse." In another letter Mr. Lawler is assured that he is being shadowed and that death will be his portion if he persists in prosecuting the case.

"I have not the slightest personal fear of these persons," said Mr. Lawler yesterday. "The letters you refer to I sent to the Attorney-General merely to accentuate my statements as to the attitude of sympathizers with the three Mexicans.

"Many appeals have been sent to Washington on behalf of these men, and I have tried to show the exact stand taken by the local officials in securing the removal of the defendants to Arizona. The United States is seeking to have them tried in the Arizona courts for an alleged violation of our neutrality laws, in setting on foot an armed expedition against a friendly country. I have only done my duty as a prosecuting officer."

AWAITING MANDATE.

United States Marshal Youngworth and all the Federal officials, will be glad when the mandate arrives from the Supreme Court. It will make it at once possible to take Magon, Villareal and Rivera to Arizona, there to stand trial on the felony charge of violating the neutrality law of this country. They are not wanted in Mexico and no effort has been made to extradite them to the sister republic, since the United States brought proceedings in the local Federal court under the personal supervision of the Attorney-General.

A short time ago a fabricated report was sent to the United States Supreme Court asking that bail be accepted for the prisoners, on the ground that they were ill and would die if kept longer in confinement. An examination by several reputable physicians showed that the general health of the prisoners is good.

Ever since attorneys for the defendants admitted that they were defeated at every turn, the local officials have been deluged with inflammatory epistles from sympathizers. Some have been written by misguided women, who professed to believe the prisoners were patriots of the type of George Washington; others were coarse and defamatory in tone and expression. Not until lately have any been received in which positive threats were made.

Magon, Villareal and Rivera have been frantic to escape across the border, there to cause an outbreak among the ignorant peons and Indians. If bail had been granted these men it is believed they would have at once fled from the city, leaving their bondsmen at the mercy of the court.

It is asserted that the abortive bandit rising in a few Mexican States last fall would have been far more serious had Magon been there to direct operations. The imprisoned reds exercise a dangerous influence over their misguided followers and serious complications would have followed the escape of the punta leaders.

SAFE THEMSELVES.

The reds were permitted to see their friends and members of their families, until they took advantage of this kind-

BRINGS NEW MONEY HERE.

Eastern Concern Buys Factory Site for Two Hundred Thousand Dollars.

J. A. Graves, manager of the Farmers' and Merchants' National Bank, has effected an excellent deal in real estate which conveys the site of the Griffith lumber yard on Alameda street to an eastern concern for $200,000.

The buyer is the Oil Wells Supply Company of Pittsburgh. The grantor is the Griffith Bros. Company, a corporation.

The parcel of land consists of a little more than four acres, situated on Alameda street where Main crosses that thoroughfare, and lying directly north of the Kerchoff-Cuzner mill and yards of the present day.

The Oil Wells Supply Company leased this land about a year ago and built a plant upon it for the manufacture of oil well supplies. The concern is doing so well and sees so bright a prospect ahead that it has now decided to purchase the property outright.

The transaction brings nearly a quarter of a million dollars of new money into the country and also indicates a healthy disposition to put money into real property here for permanent investment purposes.

BACHELOR UPSETS IDEAS OF FRIENDS.

CONFIRMED bachelor, as he was supposed to be, Theodore Martin, well-known Los Angeles attorney and clubman, upset all the traditions he had so carefully established in society during fifteen years of singleness, by getting married yesterday.

At the Jonathan Club, where he has for so long made his home, Mr. Martin has condoled with and congratulated those of his friends who, as occasion arose, took unto themselves wives and deserted the bachelor appointments for homes of their own. No one for a moment suspected that for all these long years Mr. Martin bore in his heart a steadfast love for the One Woman.

Fifteen years ago Mr. Martin was called to Salida, Colo., on a mining case. It was there and on that visit that he met Miss Fannie McClure, who was just starting life as a school teacher. The friendship begun then soon ripened into love, but obstacles to their immediate marriage arose and for all these years their romance has been interlined with the bitter and the sweet.

In society Mr. Martin has taken a generous part and yet there has never been an intimation of the slightest love affair affecting him. He has been just a jolly bachelor, and his many friends had come to look upon him as one never to be changed. Yet during this decade and a half Mr. Martin has held true to the memory of his early love.

Last Monday, without any warning to his friends, Mr. Martin left his club home and for three days no word came from him to explain his disappearance. Yesterday afternoon the news was received from Salida of his marriage to Miss McClure. Their romance is progressing.

At the Jonathan Club yesterday the announcement caused a great deal of surprise and interest. His many friends and club associates are now anticipating the return of the couple from their honeymoon trip, and preparations are already under way to tender them such a reception as will mark the day as famous in the annals of the Jonathan Club.

In addition to the Jonathan Club, of which he is one of the original members, the Shriners, Knights Templars and several other orders claim Mr. Martin's membership. In legal circles his work, "Martin's Mining Laws" is considered one of the authorities on mining technicalities.

SIXTH WARD CLUB AGAINST RECALL.

Original "Recall" Organization of Five Hundred Members Adopts Strong Resolutions in Favor of Harper—Business Men for Him.

SATISFIED with one attempt to make the recall a panacea, the Sixth Ward Good Government Club, boasting 500 members, has about-faced and has arrayed itself against the recall of Mayor Harper. It denounces the present recall coterie as "self-clothed dictators."

It was this organization that was the backbone of the movement for the famous recall of Councilman Davenport, and the chief booster for the recall candidate, "Doc" Howton, who was sent to the Council to succeed Davenport. It was the first use of the recall in the United States, and as such achieved fame.

But the Good Government Club has enough, according to resolutions adopted at a meeting Wednesday night, when over 200 were present at the clubhouse. Secretary Arthur Grosser yesterday reported the resolutions that had been adopted by the club, which are as follows:

"Whereas a limited number of citizens at a secret meeting held in the city of Los Angeles, attempted to ordain themselves as fathers of the city and the community and become sponsors of a sinister plan in an attempt to punish the honorable Mayor of our beloved city, A. C. Harper, because the said Harper had the courage of his convictions and refused to be coerced into following the dictates of those whose only interest in our city is self-aggrandizement.

"And, whereas, said body of men are unjustly, unfairly and without legitimate cause or reason urging the recall of the Hon. A. C. Harper as Mayor,

"Be it resolved, that we, the members of the Sixth Ward Good Government Club, in open meeting held on this 27th day of January, 1909, at which session a majority of the members were present, do unequivocably denounce the attempt to recall the said Arthur C. Harper as Mayor, and the Sixth Ward Good Government Club pledges itself to support the said Arthur C. Harper and to exercise every legitimate effort to prevent the said recall, which in the present instance, is un-American, underhanded and unwarranted.

"And be it further resolved, that this organization approves the policies of the said Arthur C. Harper as Mayor and commends him as an executive of great ability who has performed his duty as a public officer, to the credit of the city and that he has courageously overcome the obstacles placed in his way by a certain coterie of self-clothed dictators.

"And be it further resolved, that the secretary deliver a copy of these resolutions to the Hon. A. C. Harper, Mayor of the city of Los Angeles, for his full term."

BUSINESS MEN'S ORGANIZATION.

The Business Men's Organization opened headquarters at rooms 203-4 Germain building yesterday as the first step of an active campaign against the recall movement. The headquarters are in charge of Herbert L. Cornish, and will be equipped today for the work planned by the business men of Broadway, Spring and Main streets who believe the tactics of the recall set are detrimental to the city's welfare.

The committees having charge of the preliminary organization were busy yesterday gaining accessions to the ranks, and the membership is now larger than the promoters expected.

"Business men who are not Harper men," said Mr. Cornish, "are becoming members because the organization is not distinctly a Harper organization. It is one of men who believe the recall movement a manifest injury to the best interests of the city, and men of all parties and affiliations may meet in it on a common ground for a common good. This has met the great common sense of our business men as a good idea, and they are becoming members with gratifying promptness."

THE RECALL PETITIONS.

The canvassers for the Municipal League are still working. They report meeting many difficulties, the most particular one being that the refusals to sign the petition are far more numerous than the acceptances of the opportunity. Most of the names are being gained only by persuasion, and many are gained by personal friendship. Those in charge of the petition claim over 2000 signatures; but others familiar with the facts say this is mere whistling in a graveyard, for the names already on the lists are those of the members of the league and the City Club; additional ones are being obtained only with great difficulty. Few lists with more than a score of names have been seen. Some of the canvassers already regard the effort as a failure.

Signatures to the pro-Harper club lists in the various wards yesterday aggregated about 9000, and lists in circulation contain about 1000 more names, according to estimates. These lists have been circulated by volunteers entirely, with little organization, but they are seized by all opposed to the recall as a convenient means of placing their hostility on record and putting themselves in the way to help fight the recall if the antagonists of the Mayor ever do get enough signatures, which is more doubtful now than ever.

Little Girl Cannot Be Found and the Woman She Walked Out With Is Arrested.

Mrs. Mary Dugdale of No. 420 South Hope street, who is accused by Mrs. T. R. Sweeney of No. 416 South Hope street, of abducting her daughter, Exa, was arrested last night by detectives, because she told conflicting stories. Her last story was to the effect that she left the girl in Central Park while she talked to friends, and that when she returned Exa had disappeared.

Mrs. Dugdale says that she went to Chutes Park and Eastlake Park in search of the child, and was unable to find her. The detectives believe Mrs. Dugdale knows where the girl is and she will be prosecuted if she does not explain clearly her connection with the case.

When Mrs. Dugdale was arrested she seemed unconcerned and refused to talk further about the affair.

MULTI-MILLIONAIRE'S HONEYMOON SECRET.

VIRGILE PRESTON of New York, former vice-president of the United States Steel Corporation, and one of the "young partners" of whom Andrew Carnegie made multi-millionaires, arrived in Los Angeles yesterday and quietly registered at the Alexandria, where he patiently waited several hours before he could secure a suitable suite.

Mr. Preston is accompanied by his bride. They were married in New York a week ago and will spend nearly two months sightseeing on the Coast. The greatest secrecy surrounded Mr. and Mrs. Preston. They refused themselves to all callers until their identity became known. Then Mr. Preston laughingly acknowledged that they are on their honeymoon, and that he has dropped dull care for several months.

Mr. Preston was for some years the right-hand man of William Ellis Corey, president of the steel trust. This was in the days when Mr. Corey was superintendent of the Homestead Steel Works, and when neither he nor Preston dreamed of a steel trust. Preston at that time occupied a minor position at Homestead, and later was moved to the headquarters of the Carnegie Steel Company in Pittsburgh.

Carnegie added the name of Preston to his list of "young partners," which included Corey, Schwab, A. C. Dinkey, James Gayley and others. This was the most important happening to Preston and paved the way for his election as vice-president of the Steel Corporation shortly after its formation, and when Schwab was at the head.

For three years following the formation of the steel trust Preston was vice-president, and when Schwab resigned to give way to Corey, Preston also stepped out.

Preston, who is scarcely over 35 years of age, is virile-appearing, with an aggressive chin. He says his principal occupation at present is to drop out of sight for awhile and escape all publicity during his honeymoon on the Coast.

Mrs. Preston is a dainty, charming young lady, bearing the stamp of a typical New York society woman. The itinerary of the Prestons will include a run to Coronado, where they will remain for a month or more, and then a short trip to San Francisco and back East by the northern route.

"I am in no way connected with the United States Steel Corporation," said he last night. "It has been two years since I severed my connection with it. This is my first trip to Los Angeles, and although I have seen little of it as yet, I am prepared to like it very much. Mrs. Preston and myself will just idle our time away, seeing the sights and resting."

Here on Honeymoon.

AFTER SCALP.

COLORADO STOCKMEN GET AFTER PINCHOT.

Delegates Declare Forestry Chief Put Blight on Their State, but Convention Indorses Him—Election Ends Sessions—Sightseeing.

THE Colorado delegation to the American National Live Stock Association convention infused a liberal sprinkling of pepper into the closing proceedings of the meeting yesterday by mixing in a lively quarrel over United States Forester Gifford Pinchot and what the forestry service is doing in the Centennial State. While the short and ugly word was not used during the heated argument, several of the Colorado men in their arguments declared that the "other fellow did not know what he was talking about."

The tilt was precipitated by the introduction of a resolution that "under the capable and broad-minded direction of the United States Forestry Service by its chief, Gifford Pinchot, we believe that the administration of this service is steadily improving, and is conducted along practical and business-like lines, with a view of obtaining the greatest possible use of the forests, consistent with their preservation, and that this convention heartily indorses the forest and water preservation policy and its management," and the further resolution indorsing and urging upon Congress the passing of the Curtis-Scott leasing bill which was prepared by the resolutions committee of the last convention and is now pending before Congress.

FIGHTER'S SUBSTITUTE.

E. M. Aenmons, former State Senator of Colorado, and noted for his fighting qualities, was on his feet in an instant with a substitute resolution which completely ignored mention of Pinchot and the full text of which follows:

"Resolved, That we favor the passage of laws for the adequate protection of timber on all the public lands, and the establishment of a national policy, which will encourage the growth of timber on private lands. To this end we believe the Federal government should aid in experimental work along this line at all the agricultural college stations in the several States.

"That we favor the session of the public lands to the States in which they lie.

"To relieve the timber shortage, we suggest putting timber on the free list, to the end that we may replenish our diminishing supply and lower the price of building material to the people.

"Resolved, That we favor the restriction of the forest service to the growth and protection of timber. We believe that all lands more valuable for agriculture, grazing or mining than for timber, including all non-forested areas, except small sections for experimental purposes, should be immediately eliminated from the forest reserves. The forest service should be restricted in its operations to the growth, protection and disposition of timber. Congress should make laws for the control of the reservations to supersede the present rules and regulations which are often partial in their enforcement, and which may be changed at the pleasure of the service. Growing timber should only be sold to meet necessary local demands and at the lowest price the economical administration of the forests will permit. Rights of way for irrigation canals and reservoirs, power plants and other improvements, should not be made revokable at the pleasure of the service, and in the end

NOT AFRAID.

LAWLER'S LIFE THREATENED.

Anarchist Letters Are Sent to Washington.

Reds Try Frightening the District Attorney.

Revolutionists in Jail Must Face a Trial.

Letters containing threats to kill United States Dist.-Atty. Oscar Lawler are in the possession of Atty.-Gen. Bonaparte at Washington. They were evidently written by rabid sympathizers with the imprisoned Mexican revolutionists. Although anonymous, the writing is said to be remarkably like that of a local socialist leader, and handwriting experts may be asked to aid in the investigation that has been ordered.

In one of the letters it is stated: "You know what happened to Heney. If you don't turn the imprisoned patriots (yclept murderous bandits,) loose, you will get what he did, only worse." In another letter Mr. Lawler is assured that he is being shadowed and that death will be his portion if he persists in prosecuting the case.

"I have not the slightest personal fear of these persons," said Mr. Lawler yesterday. "The letters you refer to I sent to the Attorney-General merely to accentuate my statements as to the attitude of sympathizers with the three Mexicans.

"Many appeals have been sent to Washington on behalf of these men, and I have tried to show the exact stand taken by the local officials in securing the removal of the defendants to Arizona. The United States is seeking to have them tried in the Arizona courts for an alleged violation of our neutrality laws, in setting on foot an armed expedition against a friendly country. I have only done my duty as a prosecuting officer."

AWAITING MANDATE.

United States Marshal Youngworth and all the Federal officials, will be glad when the mandate arrives from the Supreme Court. It will make it at once possible to take Magon, Villareal and Rivera to Arizona, there to stand trial on the felony charge of violating the neutrality law of this country. They are not wanted in Mexico and no effort has been made to extradite them to the sister republic, since the United States brought proceedings in the local Federal court under the personal supervision of the Attorney-General.

A short time ago a fabricated report was sent to the United States Supreme Court asking that bail be accepted for the prisoners, on the ground that they were ill and would die if kept longer in confinement. An examination by several reputable physicians showed that the general health of the prisoners is good.

Ever since attorneys for the defendants admitted that they were defeated at every turn, the local officials have been deluged with inflammatory epistles from sympathizers. Some have been written by misguided women, who professed to believe the prisoners were patriots of the type of George Washington; others were coarse and defamatory in tone and expression. Not until lately have any been received in which positive threats were made.

Magon, Villareal and Rivera have been frantic to escape across the border, there to cause an outbreak among the ignorant peons and Indians. If bail had been granted these men it is believed they would have at once fled from the city, leaving their bondsmen at the mercy of the court.

It is asserted that the abortive banditrising in a few Mexican States last fall would have been far more serious had Magon been there to direct operations. The imprisoned reds exercise a dangerous influence over their misguided followers and serious complications would have followed the escape of the punta leaders.

SAFE THEMSELVES.

The reds were permitted to see their friends and members of their families, until they took advantage of this kind-

Eastern Concern Buys Factory Site for Two Hundred Thousand Dollars.

THE PUBLIC SERVICE.

SUMMARY OF THE DAY.

City Auditor Mushet promises an effort to reduce the prices now charged for electric light when the reports of the companies are sent to the Council next week.

Testimony was concluded in the Thorpe divorce case yesterday and Judge Monroe intimated that he will look after the custody of the children, whoever secures the decision.

Lewis Wilson also had an opportunity to invest $700 in the San Luis Obispo ranch of "Mrs. Dora Nelson," but failed to accept her tempting offer.

William C. Mitchell, slayer of Cecil Thayer, is to be arraigned in Judge Wilbur's court this morning.

AT THE CITY HALL.

FIGHT LIKELY OVER RATES.

REPORTS ON PUBLIC UTILITIES MAY OPEN QUESTIONS.

City Auditor Promises an Effort to Readjust and Reduce the Prices Now Charged City Consumers of Electricity — Telephone Companies May Seek an Increase.

Annual statements from the gas, electric and telephone companies of Los Angeles are to be filed with the City Clerk before February 1. These statements are to show the volume of business, the gross receipts and expenditures and other statistical matter required by law. But the chief interest in them is what disposition will be made of them when they reach the Council, as it has the power, based on these statements, to review the business of the companies and readjust rates to consumers, if deemed proper.

So far there has not been a whisper from any member of the Council as to what may be done. There is a hint that the Home Telephone Company will again ask that its rates be increased to an equality with the Sunset company's and that the Sunset company may ask an increase in its rates based on the enormous increase in telephone connections and the area of distribution.

The City Auditor expects to be instructed by the Council to examine and compare the reports of the utility companies as soon as they are received by that body. As the Council is to meet Monday it is believed all the reports will be transmitted to it at that session or at latest at the regular session Tuesday.

Unusual interest attaches to the reports of the electric companies because the City-Auditor promises to renew his fight for a reduction of the price of 9 cents per kilowatt hour. Mr. Mushet would not discuss his purpose along this line yesterday further than to say that he would determine his course when the annual statements have been filed officially.

Members of the Council say they have made no special preparation for handling the utilities and express no purpose to cooperate with the Auditor in the matter of a reduction of electric lighting rates. The Auditor still insists that the large obstacle in the way of a reduction is the agreement which he alleges was made between the city administration and the lighting companies two years ago to the effect that no increase would be made during the term of the administration.

FIRE ALARM BOXES.

ONE HUNDRED ASKED FOR.

The Police Commission yesterday sent a communication to the Council asking for the purchase of 100 new fire alarm boxes which are sadly needed and widely demanded.

Which reminded the commission that it had asked for fifty boxes in 1904 and had never got them. Also that that mysterious "report" on the Gamewell company's bills amounting to $14,000, which has been held up for a year, has never been made. Further that the bids for a new system for a part of Councilman Wallace's ward, which it was believed last October would be received January 15, 1905, have been forgotten in the hands of a special committee of the commission.

But this chain of antecedents does not interest the men who have property remote from alarm boxes even if their streets are filled with fire hydrants. And it is because of this that the commission once more urges additional boxes.

The alarm system must be extended but the friction over Gamewell prices and differences of opinion between the commission and the Council have prevented any purchase for three years.

William H. Workman made a vigorous protest to the commission yesterday against the permit granted A. E. Fothergill to install a bakery steam boiler at No. 341 Bodie street. He presented a protest from the neighborhood and succeeded in causing the commission to revoke the permit.

MASTER OR MISTRESS?

MORE DOG POUND QUESTIONS.

The Mayor, in trying to solve the question of a poundmaster or a poundmistress, has asked the City Attorney to tell him whether a person has to be an elector of the city before he or she may be named as poundmaster. It has been reported to the Mayor that Lawson, poundmaster now, whose removal is asked by the Humane Animal League, is not an elector of the State or city, and is ineligible. And, as the charter provides that a person holding elective or appointive office must be an elector the City Attorney will also consider how this provision will affect Miss Helen Mathewson, president of the league, who has been indorsed for poundmistress.

There is still another phase that the attorney is thinking of. Is a poundmaster really needed? The contract between the city and the league seems, really, to make such an official unnecessary, it strikes the attorney. But he will not report to the Mayor until he has pored over all the law tomes and made certain.

LAND NOT FOR PARKER.

Affirming the decision of the local Land Office officials, the General Land Office at Washington has dismissed the protest of R. J. Parker, who claims the State of California has possession of land upon which he formerly filed desert entry. Several years ago John E. Hafener filed a claim on land near Brawley. He made assignment to S. M. Marshall, who later relinquished the claim. When the State exercised its right of selection of government lands to reimburse it for the loss of lands included in a Federal forest reserve the old Hafener claim was included. William De Legro filed on the land notwithstanding the paramount right of the State and assigned his claim to Parker. The latter has been contesting the matter for some time.

AT THE COURTHOUSE.

DENTIST TELLS OF SURPRISE.

WIFE ASKS HIM AT BREAKFAST FOR DIVORCE.

Defendant Testifies in Thorpe Divorce Case and Denies the Charges Made—Repeats Discussion With Wife About Her Alleged Love for Jones—Court to Decide Tomorrow.

The Thorpe divorce trial closed last evening, so far as taking testimony is concerned. Tomorrow Judge Monroe will hear the defendant, Dr. Arthur Thorpe, in regard to community property, which the court declared must be divided, whatever the issue of the case. Arguments will follow, and it is probable a decision will be immediately given.

During the proceedings yesterday, Judge Monroe laid down the proposition that the alleged acts of infidelity and cruelty were barred by the statute of limitations, in that none had occurred within the period prescribed by law.

The evidence consisted in a large degree of denials of charges made during the progress of the hearing. Dr. Thorpe recited his marital troubles with much feeling. He said the first intimation he had that his wife was not satisfied was on the eve of his departure on a business trip to Honolulu, about December 1, 1904. That day, at the breakfast table, his wife informed him that she thought Frank Dunham, a neighbor, was a very companionable gentleman, and asked him if he did not want a divorce. The witness said he was surprised, and told her he would talk to her more about it when he returned.

On Thanksgiving Day, 1905, she told him she was about to begin divorce proceedings against him. "Upon what grounds?" I inquired. 'Desertion,' she said. 'Upon what terms?' I asked.

"'You are a very rich man, doctor,' she said, 'and you must furhish me a good home and take care of the children.'

"I asked her if she was in love with L. E. Jones, and she replied that she was not, but that he thought a great deal of her," continued the witness. "I told her that she saw entirely too much of a man for whom she cared nothing, as there had not been more than one day in the past thirty that she had not been with him.

"'Have you been watching me?' she inquired. 'No,' I replied, 'simply trying to verify rumors that have come to me.' It looks bad for a married woman driving home with another man in a hack, and the vehicle stood in front of our house for more than an hour.

"I told her Jones was a hypocrite, and she would find it out. Then she broke down and cried. I told her it looked bad for her to be seen in Jones's room, but she denied she had been there, saying she merely knew the lady who conducted the house where Jones roomed. I told her that also looked bad. Then she became very angry, and denounced me and my family."

The witness denied that he had been guilty of indiscretions with either Sarah Lafferty or Sarah Caldwell. He told the story of the famous agreement, and said his allowance for household expenses to his wife was $150 a month. The witness entered a wholesale denial of all the allegations made by his wife, involving his conduct, and insisted that he had tried to get his wife to return to him, if she would give up her associations with other men.

Guy Rush denied that he had been guilty of any indiscreet conduct with Mrs. Thorpe, and Mrs. Louise J. Brown, mother of the plaintiff, told the story of the purchase of the buff silk dress in Minneapolis, by her daughter, that was claimed to be intended as a wedding dress, when the nuptials of the latter with Jones were to be celebrated.

Mrs. Thorpe denied that she had told Mrs. Clawson she loved Jones; that she intended to marry him; that she had a diamond ring, a gift from Jones, or that she had ever gone auto riding with him.

G. C. Thorpe, father of the defendant, testified that soon after the trouble Mrs. Thorpe paid a visit to Minneapolis, and she told him the separation had taken place; that she proposed marrying L. E. Jones as soon as she could get a divorce in the Nevada courts.

Attorney H. H. Appel, a neighbor of the Thorpes on Constance street, said he had seen Jones with Mrs. Thorpe on a number of occasions, and that when the doctor was in the East, Jones and Mrs. Thorpe had made so much noise in the house that he could not sleep.

N. M. Entler testified that Jones and Mrs. Thorpe had often dined at the Angelus grillroom, and he had on several occasions seen them together in an automobile bearing the monogram, "A.L.T." (Annie Louise Thorpe.)

May Livingston Thorn said she had cut the acquaintance of Mrs. Thorpe on account of the "uncongenial atmosphere at the Thorpe home."

Judge Monroe said the alleged agreement between Dr. and Mrs. Thorpe, under the provisions of which the latter was to be paid $2400 in monthly installments, on condition that she go to Reno, Nev., and begin divorce proceedings, would be declared void, and that he would look after the custody of the children in any decision he might reach.

BROUGHT TO COURT.

MANY CRIMINAL COMPLAINTS.

A complaint charging William C. Mitchell with the murder of Cecil Thayer, on January 1, was filed in Judge Wilbur's court yesterday. He will be arraigned this morning. Other complaints filed in the same court are: Willie Harkness, forgery; Elmer Young, grand larceny; G. W. Ware, burglary; W. H. H. Morris, felony, and Henry Chaves, grand larceny.

In Judge Willis's court these complaints were filed, and the accused will be arraigned this morning at 10 o'clock: Albert Hildebrant, arson; Ira W. Harris, assault upon Claude R. Brown; F. P. Swinney, criminal assault upon Hattie Williamson.

A NEAR-VICTIM.

ONE "SUCKER" WAS LOST.

Jane Lowenstein, alias Mrs. Dora Nelson, charged by George W. Harmer of Santa Monica with securing money and property by false pretense, was held in $2500 bail by Justice Stephens yesterday, and in default was committed to jail.

Since the arrest of the woman the authorities have been busy learning more of her operations in this city and elsewhere, and it is said that upon the hearing, fixed for February 1, there will be some interesting developments.

The maiden name of the woman is Minnie Jones, but she was known in the vicinity of her residence as Mrs. Batchelder.

It is also stated that she was once arrested on a complaint at San Luis Obispo, charging her with swindling operations in connection with taking suit orders; that she gave bond in $100, and nothing was ever done with the matter.

Lewis Wilson of No. 440 Park View avenue was one of the near-victims of the woman with many aliases. He said yesterday that he had answered the advertisement of the accused on January 13. The reply to his query for information was signed "Mrs. Elsa Clark," at No. 1125 Orange street, and the amount of money she wanted for a half interest in the dairy in San Luis Obispo county was $700. But he did not take the tempting bait, and with his wife had a hearty laugh on account of the clever ruse the woman attempted to work.

Mrs. Lowenstein was very indignant over her arrest on the complaint of Harmer, saying that he insisted upon marrying her, and she thought he was treating a poor girl very shabbily.

COURTHOUSE NOTES.

BREVITIES MISCELLANEOUS.

HEAVY DAMAGES. Betty Walden, as guardian of the minor heirs of Gottfried Ludwig Walden, has brought an action against the Pacific Electric Company for $30,000 damages for the death of Walden. It is claimed he was struck by a car of the defendant on Aliso street, January 4.

VICTORY FOR PHYSICIAN. Judge Oster yesterday gave a decision in favor of Dr. T. G. Devitt, in the action brought by Ruth Wiggins, asking $5000 damages for alleged malpractice in vaccinating and treating her arm. The court held there was nothing to sustain the charge in any way.

HELD UNDER BAIL. W. E. Rennie, a contractor, arrested at Bakersfield on a complaint alleging the embezzlement of $500 from Arthur H. Lacey, was held by Justice Pierce in $1500 bail, and in default was taken to jail. Lacey charges he gave Rennie the money to apply on paying bills for a house in the Golden West Heights tract, but, he alleges, Rennie failed to do so.

INCORPORATIONS. Articles of incorporation were filed with the County Clerk yesterday by the Olivita Water Company, capital stock $6000; Electric Dispatch Company, capital stock $50,000; Federal Finance Company, capital stock $25,000; Booth & Boylson Co., capital stock $30,000; M. E. Miller Co., capital stock $100,000. A certificate for the increase of capital stock from $10,000 to $50,000 was filed by the Pasadena Construction Company.

AGAIN POSTPONED. The habeas-corpus case of S. K. Williamson, charged with a violation of the banking laws of Nevada, was postponed by Judge Willis, until tomorrow. A statement was made that the hearing of Homer Taber, at San Diego, the partner of Williamson in the management of the Lincoln (Nev.) bank, was still going on, and it was suggested that nothing be done until the disposition of that habeas-corpus case.

MANGLED MAN WAS ALIVE.

Charged That Accident Victim Was Dragged from Engine Wheels and Left to Die.

An unidentified, middle-aged man, well-dressed and apparently of Spanish or Portuguese descent, was run over and horribly mangled by a switch engine at Alhambra street and the Southern Pacific tracks, shortly after 1 o'clock yesterday afternoon. Coroner Hartwell will make an investigation today of the alleged inhuman actions of the engine crew.

According to the statement of Frank Howard of No. 128 North Bunker Hill avenue, the victim was walking along the track and apparently did not hear the warning of the switch engine. He was struck and dragged beneath the wheels and carried a distance of more than thirty feet before the engine was brought to a standstill. Howard told the police yesterday that the crew left the man, dragged the mangled body from beneath the wheels and tossed it to one side of the tracks. They then entered the cab and the engine proceeded.

At the next station they notified the Coroner. Howard, in the meantime had noticed signs of life and sent in a hurry call to the Police Station. The man was still alive when the patrol wagon reached the scene, but died before the arrival at the Receiving Hospital. The wheels had passed over his body at the hips, literally tearing him in two. His arms were torn and wrenched.

The victim wore a blue serge suit, clean underwear and fresh linen. He had a note book in his pocket inscribed with the name of Trinidad Grijalva.

KILLS DOG, PAYS.

Motorman Fined for Shooting Fox Terrier Which Snapped at and Startled Him.

B. O. Cox, a motorman of the Inter-Urban Railway, of No. 617 West Sixteenth street, was fined $20, with the alternative of spending twenty days in the workhouse, yesterday, after conviction upon a charge of killing a dog.

Cox started for the theater Wednesday night, accompanied by his wife. A small fox terrier, belonging to Dr. L. A. Lauer of No. 644 West Sixteenth street, ran out and snapped at his leg. Cox was alleged to have returned home, secured his revolver, and shot the dog in the back. He paid his fine.

JURY SETS HIM FREE.

Charles Babbitt, charged with disturbing the peace of Mrs. Florence Babbitt, was acquitted yesterday, after a trial by jury in Justice Austin's Police Court. Mrs. Babbitt secured a divorce from her husband some months ago. On the 9th inst. he met her on the street. She was accompanied by an officer at the time. She alleged her former husband became abusive and she caused his arrest.

CASSELMAN CASE ARGUED.

Arguments were made in the Ruby Casselman case in the Second District Court of Appeal yesterday. Her counsel held that the late Judge Smith, who heard the case in the Superior Court, was seriously ill at the time and in no condition to properly consider the fine points of the evidence. All the civil cases were disposed of and court adjourned for the term.

FORTY FOR FEDERAL JURIES.

A venire of term trial jurors was returned in the Federal Court, yesterday. There will be about forty men available for jury work for the term which ends July 1.

UNCLE SAM RELIEF CORPS.

The Uncle Sam W.R.C. held their installation of officers yesterday afternoon at their regular place of meeting, Mammoth Hall, No. 517 South Broadway.

As it was a public installation many visitors were present. Several corps from outside the city were well represented.

Mrs. Martha A. Chapin of Uncle Sam Corps acted as installing officer. The following officers entered upon their duties for the ensuing year:

President, Lena R. Hogaboom; Senior Vice, Mollie Boswell; Junior Vice, Elizabeth Merwin; Treasurer, Elsie Edwards; Secretary, Josephine E. Wilkinson; Conductor, Gertrude Hatch; Assistant Conductor, Lydia Chase; Guard, Hannah Wagner; Assistant Guard, Alice Miles; Patriotic Instructor, Maude Preston; Chaplain, Abbie Gamage; Press Correspondent, Ida E. Carpenter; Musician, Nettie Gifford; First Color Bearer, Florence Phillips; Second Color Bearer, Capitola Buck; Third Color Bearer, Eva Green; Fourth Color Bearer, Martha Kendall.

After the installation services a short patriotic programme was given, and refreshments were served.

DANGEROUS SNOWBALLING.

Santa Fe Brakeman Did It Instead of Watching for Signals, According to Testimony.

That brakemen on a freight train, later in a collision, were snowballing, instead of watching for the headlights of an approaching engine, developed yesterday during the trial of the damage suit of Mark B. Hamble against the Santa Fé Railroad. The case is heard in the United States Circuit Court, for the third time, previous judgments having been reversed upon appeal. The plaintiff was conductor of a freight train on the run between Bakersfield and Mojave. A Santa Fé train crashed into the rear of the freight, seriously injuring the plaintiff.

Several of the witnesses, former employés of the Santa Fé, testified that brakemen were throwing snowballs at each other, instead of being on the watch for danger signals. A brakeman on the forward train was sent to the rear to put torpedoes on the track, and the plaintiff alleged that he was watching for signals in front, when the accident occurred. On the other hand, the defendant claims that the train crew on the forward freight were negligent and that the plaintiff disobeyed orders. The case was continued until this morning.

IF I WERE THE MAYOR

VII.

BY JUDGE

Were I to be elected Mayor of this my effort would be to conduct office with judicial fairness and a proper regard for the traditions of our republic and the Bourbon monarchs and C. D. Willard's legal opinions.

I would largely replace the system which obtains at present and which, am obliged to say, is somewhat lax. At present, our supreme authority in this city is vested in a body of mortals termed the "prominent citizens," who are chosen by means of C. D. Willard. I find this to be contrary to the principles enunciated in that well-known decision in the case of the People vs. Hooligan, vol. 9, p. .

The basic idea is good, in the main, but the procedure is deplorably loose. I propose the following amendment, viz:

I should favor the appointment of C. D. Willard as a commissioner with investigatory and nominating powers. Before the undertaking of any public matter, Mr. Willard, in his capacity of amicus curiae, would be called upon to nominate and designate all citizens to be rated as "prominent." Those, upon presenting themselves before the bar, would be required to take examination in the Des Moines Idea and to take the oath of allegiance of the City Club. [See the decision by Justice Hoopenpopple and concurred in by Justice Rathskeller and Friddlestein in that well-known cause, Ex-parte Schwartzenburg. Vol. 11, p. 41.]

In order to place our government in systematic harmony with the principles of the organic law as set forth in Zelwhack vs. Beldick et. al., I should inaugurate a plan whereby any official or any set of officials displeased with the meeting of "prominent citizens" should have the right of appeal to the City Club.

Having appealed in this manner from the tribunal of first instance and having presented their cause to Mr. Listener, sitting as the City Club, I would provide that there should still remain to them the right of appeal to Mr. Listener, sitting as the Municipal League, which should be considered the court of highest resort. [People vs. Carteret; Johnson vs. Simon; Ex-parter Haphasard.]

It is important, in my estimation, to bring the government back to the people. [See Gettysburg Address; Sermon on the Mount; United States Constitution; Speeches by C. D. Willard.]

I feel that I could do this successfully in the following manner, to wit: Let us take, for instance, the case of a man who wishes to complain that the garbage wagon neglected to stop at his house.

Having first instituted his complaint with the payment of a small filing fee, it would be regularly placed upon the calendar for hearing. Service should then be had both upon the garbage wagon driver and upon the garbage contractor and upon the Mayor and upon the Board of Public Works, both individually and collectively; upon the members of the City Council, both individually and collectively, and upon the members of the City Club, Municipal League and upon all prominent citizens.

It would be provided that the garbage man should be allowed due time to say ten days—in which to demur or plead for change of venue. This delayer should then be set down for hearing within sixty days.

After the hearing of the demurrer, overruling it should have been duly passed upon and overruled, the garbage man and party defendants should then be allowed time in which to answer—not less than thirty days.

The answers of the various party defendants having been filed, the cause should be set on the calendar for trial. In case the various party defendants consented to a joint hearing, the case would be taken up in due course and testimony taken and arguments heard, after which each party plaintiff and each and every party defendant would be allowed reasonable time in which to file points and authorities.

Assuming due diligence on the part of the investigators, my estimation is that it would not require more than a period of six months to ascertain whether or not the garbage man must pass the house in question; whether he should be considered guilty of tort; or whether the tort lay upon the other party; whether in point of fact the garbage pail may not have been placed upon the sidewalk at a time subsequent to the passage of the garbage wagon.

The criticism may be raised that, in case of appeal or in case the several party defendants demanded separate hearings, it might not be ascertained for a year or two.

Well, be this as it may. When the sacred rights of a garbage wagon are to be maintained, time is not to be considered. Certain principles of the common law, as enunciated by our forefathers and which stand as a monument to English freedom, must be preserved.

[See Magna Charta; Bill of Rights; U. S. Constitution and garbage contract; also C. D. Willard's speeches.]

I hereby make my position clear upon the principle of the recall, referendum and initiative. I stand firmly by them all; but not exactly in the manner indicated by our present movements.

As heretofore indicated by me [see proceedings of Prominent Citizens, ex parte—Willard's party,] I believe that the prominent citizens should constitute the supreme tribunal. The tribunal having the power of appointing, shall have the power of revoking. Ergo, the Mayor can be fired.

My idea of a recall would be as follows, to wit: Complaint having been lodged and duly verified by any prominent citizen, a citation should issue commanding the Mayor to appear before the tribunal and show cause why he should not be removed from office. On the day set apart for hearing, parties being duly present with counsel, a hearing should be had.

Each party—the Mayor and complainant—should be required to present briefs and points and authorities. If the complaining citizen were able to cite a line of the most legal points, then the Mayor should be removed from office. If the Mayor were able to cite the most decisions, then the citation should be dismissed and the Mayor allowed to go on with his job until the filing of the next complaint.

On the initiative and referendum, I take the following position, to wit: In the event of any ordinance being passed, any citizen shall have the right to cite the members of the City Council to show cause why they should not be restrained from continuing to enforce and pass the said law.

Each side being allowed its day in court, and due time having been set aside for demurrers and answers, the hearing should be had. At this hearing, if the City Council were able to cite the most legal points and the longest line of decisions, the ordinance should be allowed to become a law.

[See Robinson vs. Jackson; in re habeas corpus Johnsing.]

The intelligent citizen can continue the analogy for himself.

For instance, in the event of a bur-

If, upon due hearing, the burglar was able to cite points and authorities showing that he ought to be allowed to go into the house and burgle, then the citizen should yield; but, on the other hand, should the brief of the citizen show that the burglar is lacking in legal right to burgle, then the burglar must at once retire, leaving the house in statu quo; i. e., unburgled.

On the same legal principle, I should cite the abandoned women of the town to appear with counsel and show cause why they should not be good. If, on due hearing, they were not able to make out their right to be bad, then they would be compelled to be good or be in contempt of the City Club.

For further enunciation of the above principle, taken collectively and in severalty, I cite the following causes, to wit:

Robinson vs. Robinson; Jagson vs. Jigson; ex parte Halpin; in re Jennings; in re Happy Hooligan; in re habeas corpus Jelton; Pigson vs. Pogson; Jimson vs. Japson; Mathis vs. Rock; Mustig vs. Willard; Sample vs. Jones. Also speeches of C. D. Willard.

"FROM GENUINE."

MARKOVICH CALLS MEETING.

PROGRESS OF THE "RECALL" IN THE KOSHER SHOP.

Some of the Butcher's Neighbor's Hear About It—Jakie Has His Suspicions—"A Pure City Is When You Should Like Somethinks You Dunt Get It," Izzy Explains.

BY HARRY C. CARR.

Mr. Isidor Markovich, the prominent kosher butcher of East First street, has formally launched his brother, Jacob Markovich, as a candidate for Mayor in the event of the recall of Mayor Harper.

Mrs. Markovich assisted the launching of the political campaign yesterday by tending to the shop while Jake and Isidor held an informal conference with some of their prominent friends.

Izzy was attired in his long coat and

Izzy Markovich,
out doing recall politics ("prominunnt.")

his "from gold" watch chain, while Jake wore a "from genuine" celluloid collar with a stick pin advertising a well-known brewery. Thus arrayed, they made a round of visits.

They first went to Robinovich, who keeps the prominent kosher restaurant next door to the prominent butcher shop.

Izzy greeted Robinovich with unusual formality and eclat.

"Robinovich," he said, when the first exchanges were past, "I shoult tell you we have a meeting—a prominunnt meeting."

"I dun't want to buy no tickets. I make mit you my excuse, but I dun't want to buy no tickets," exclaimed Robinovich retreating toward the kitchen with some natural alarm.

Izzy frowned. "This is not such a ticket meeting," he said severely. "This is a from free meeting, an inwitation prominunt meeting, like dos Mr. Billboard's dos other day."

"You take it a collection?" said Robinovich darkly.

"We dun't take nothinks," protested Izzy.

"Should it be from nothinks, why should it you hev the meetings," argued Robinovich, still very suspicious.

"This is from nice feelinks we have it a meeting," said Izzy piously. "This is from politics—prominunt politics."

Robinovich brightened perceptibly. "Mit free beers," he suggested gladly.

"This is not such a beer meetings," said Izzy harshly.

"Mit free cigars?" asked Robinovich with a last glimmer of hope.

"This is it such a meeting as from lonk hairs," explained Izzy, "not mit beers or cigars, but mit kind feelinks."

"Should it be such a meeting, why it ut?" asked Robinovich listlessly.

"For a pure city," replied Izzy impressively.

"What is it a pure city?" asked Robinovich cynically.

"A pure city," said Izzy with heavy dignity, "A pure city is when you should like somethinks, you dun't get it."

"For why you dun't get it?"

"You dun't get it," said Izzy easily, "you dun't get it; a polis stands to say you if you should want it, then you dun't get it."

"Mit nice feelinks," repeated Robinovich scornfully. "I dun't like I should be such a meetings."

"We should make it such a meetings that A. C. Harper we should take from his chobs," explained Izzy, growing much excited.

"I dun't want I should take from off A. G. Harper no chobs," said Robinovich.

Izzy assumed a scientific and rather patronizing manner. "You couldn't to understand. The recall makes it A. C. Harper should lose mit his chobs."

Izzy leaned confidentially over the counter and whispered, "I should I could get dos chobs for Jakie."

Jake looked self-consciously out of the window.

Robinovich failed to enthuse. "I dun't care Jake should get no chobs," he said heartlessly. "Shoulin't it to be no beer; no free cigars. I dun't be such a meetings."

Izzy leaned furiously over the counter. "You should to be such a meetings or you shouldn't to get no trust at the shop; we dun't have it to give free kosher meat. You dun't make a meetings, then you should pay cash."

"I tenk I should be such a meetings," said Robinovich, meekly.

Profiting by experience from the coldness of Robinovich, Izzy came at once to the point at Boliman, the pedler's.

"We have such a meetings as lonk hairs, mit speeches and nice feelings and nothink from beer and nothink from cigars, and we make voting for Jake to take from A. C. Harper dos chobs."

"Maybe we dun't make a vote for Chake; maybe we make mit a vote for somethink odder peoples," said Boilman craftily.

"You dun't votes for Chake, then your vote dun't count," said Izzy, promptly, "This is a from Chake meetings."

"Well I thenk I should maybe come by such a meetings," asented Boilman, graciously.

As they went away, Izzy's brow wore a trouble look.

"Why you should have such a cross feelings?" asked Jake tenderly.

"It dun't make me I shoult like dos Boilmans," said Izzy. "He makes it he should come too easy. He dunt esk how much he gets it should he come. Kind feelings mit Boilman makes mit me a scare. When Boilman comes mit de meetings dunt let him to get in."

Izzy suspected treason of Boilman.

Izzy and Jake spent the morning extending invitations to the "from Jake" meeting. Many of their friends accepted, some with alacrity and some with indifference and some with reluctance.

As they came back to the butcher shop Jake put a question that had been troubling him all morning.

"Izzy," he said, "How it should it be this voting? You say mit kind feelings dos fellers they should make a meetings and vote mit me. Shouldn't they vote for mine chobs, would somebody else be Mayor?"

"If they dun't vote mit your chobs, then they don't be prominunt citizens; then we dun't make no count mit their votes."

"If they don't make no count from no votes which is not mit me why should it be they vote at all?" was Jake's troubled query.

"Dunt bother mit me," growled Izzy crossly. "You dun't know prominunt citizens; you dun't know pure cities; you dunt know pure politics. You should make it to cut kosher meats; I will make mit you a chobs from A. C. Harper, by dos prominent votes."

Mr. and Mrs. Robert Oxnard, Claus Spreckels, Jr., Mrs. John D. Spreckles of San Francisco, sailed on the steamer Moltke yesterday from New York for Mediterranean ports.

The Norway Storthing is in session, whatever the Storthing may happen to be.

The "recall" attachment apparently does not make the office of Mayor attractive.

Poor old Missouri! "Gum Shoe" Stone has been really reelected to the Senate.

Why the recall, men and brethren, when the men invoking it are getting just what they voted for?

Slight seismic shocks are reported in England, probably caused by King Edward putting his foot down.

Look out for serious trouble in Panama. Eighteen women's clubs have been organized there recently.

And the joke of it is that nobody cares what the little Express thought about it ten years ago or thinks about it now.

It is passing strange that the recallers are not talking of their old idol, "Doc" Howton, for Mayor—or the other "doc."

The number of fellow citizens disposed to beckon to Trouble by running for Mayor of Los Angeles seems somewhat limited.

The growls emitted by Congress these parlous days ought to be an excellent education for the President, pending his trip into darkest Africa.

Nothing has been heard of Eugene Debs for some time. It is possible that the distinguished red is preparing for another race for the Presidency.

There is no danger of any international troubles with Japan so long as an American baseball team is allowed to travel unmolested in the country of the Mikado.

The stories in the daily dispatches concerning the zero weather prevailing in the East make interesting reading for those who dwell in the sunkissed climate of Los Angeles.

Gov. Harmon of Ohio has spent the first three weeks of his administration trying to pry a Republican Railroad Commissioner from his job. The Democrats of Ohio, however, are very hungry and very thirsty.

A bill has been introduced in the California Legislature providing for a census of the Japanese of this State. Wonder what Hon. Richmond Pearson Hobson thinks of this "cottoning" to the little brown men?

Gov. Marshall of Indiana is opposed to the erection of a home for the Chief Executive of that State. Marshall is Governor of the State that elected "Blue Jeans" Williams Governor about a decade ago.

President-elect Gomez was inaugurated President of Cuba yesterday, and the evacuation of the island by the United States will at once begin. Thus Uncle Sam is keeping another of his promises to the nations of the world.

It now appears that the enemies of Ex-Gov. Herrick of Ohio are playing a few tacks along the road of his ambition to be Secretary of the Treasury in the Taft Cabinet. Really, Herrick should have something for forgetting all about the attack that President-elect Taft made upon the Cox machine in 1905, in his famous Akron speech, which was one of the big factors in Herrick's defeat for reelection that year.

Congress did the proper thing in declaring the seat of Gov. Lilley vacant in the House. Lilley is the man who made the baseless charges that some of his fellow members were involved in submarine contracts, which he signally failed to substantiate. It requires the loud sound and reverberating roar of thunder to compel Lilley to let go of anything with a salary attached. His Yankee modesty should have prevented him from violating the ethics.

LOVELY.

What really seems to be needed is a more general recall provision—something in the charter or somewhere making it possible for a committee of Prominent Citizens, assembled on invitation, to attack the reputation of any man holding any salaried position, and to vote, without giving him a hearing, to take his job away from him and ruin him. This species of "recall" would seem to be exceedingly desirable for application to newspaper editors who do not "stand in." It would be just lovely for "our set"—just suited, one might say, to the Tuxedo coat form of municipal government.

NOT SO LOVELY.

Perhaps the most regrettable feature of all this "recall" rumpus is its dissemination of bitterness, ill will and feuds that will long disturb the harmony of our people, interfere with general public coöperation for the common good, and bring many painful and lasting wounds to those on the firing lines. Such results are inevitable when the folly is perpetrated of making angry personal grievances the basis of an electoral warfare. There is no political fight so nasty as a spite fight.

ANTI-JAPANESE LEGISLATION.

The Times finds much interest on the part of its readers in the legislation pending in Sacramento with regard to persons of Japanese birth.

The subject divides itself under three heads:

First, exclusion of these people from entering the United States at all.

Second, if here, why shall they, or why shall they not, be naturalized?

Third, why shall they or shall they not be permitted to own property and organize corporations to carry on business within the State of California?

As to the first question, the Federal government has entire control over it. Wisely the separate States are not permitted to pass laws for the exclusion or admission of alien people.

It needs no argument to establish the proposition that the Federal government may enact such laws as it sees fit to exclude from entrance into the United States all aliens or any particular race or nationality. It is a question of expediency and diplomacy.

As a matter of fact, the Federal government, coöperating with the government of Japan, is proceeding along wise and diplomatic paths to stop all further inflow of Japanese laborers to the United States. We are assured by the President and by the Department of State that these negotiations with the Mikado's government promise to be entirely effective.

The question of naturalization is another one left to the general government at Washington. The State cannot pass laws touching naturalization.

Going back to the Constitution, in that basic instrument on which all our laws must be founded, it is specifically provided that all free-born persons in the United States on the organization of the federation of States should become and be citizens, excepting Indians living under their own tribal relations, forming thus an imperium in imperio, and not subject to taxation. The Constitution further provides that Congress may pass such a general law for the naturalization of aliens as may seem to the Congress proper and right.

Congress at various times passed such laws providing for the admission of alien-born persons to the rights of citizenship. Generally such rights were restricted to Caucasian foreigners.

Coming down to late years after the war, in 1875 Congress enacted a law found in the revised Statutes of the United States, providing that all foreigners, white or of African birth or descent, might be admitted to citizenship, and this provision was properly construed as excluding all persons not white or African.

In 1882 a specific act of Congress was passed which forbade the naturalization of any Chinese.

So the law remained until 1906, when Congress passed a general act providing for the naturalization of those seeking citizenship under this government. The act is long, and goes minutely into detail. It absolutely excludes no person. Taking this act upon its face, any person of foreign birth, no matter on what soil or under what flag he was born, by what race or color he might be, is admissible to citizenship.

But the Department of Commerce and Labor, with the Immigration Bureau within it, has affixed to this latest law a rule which forbids the naturalization of any person excepting whites or Africans or those of African descent. This rule insists that the limitations set therein shall be effective under the new law, and The Times believes this is a wise rule. The United States cannot safely admit the Japanese to the privileges of naturalization.

The third point, as to the holding of property and the organizing of corporations to do business by persons of alien birth, is the State's question. Different States have different statutes upon this head. As matters stand at the present time in California, aliens have a right to hold property and the right to organize corporations under our laws for carrying on business. But the State may prohibit aliens of any name, nationality or race from these privileges while leaving them open to all nations and races not named.

It is the opinion of The Times that any legislation discriminating between the different alien nationalities would be an extremely unwise step for our State to take. It is too late in the day for laws based on race prejudice or nationality. If any law is passed it should be general. To advance this statement is to make it plain to all persons of ordinary sense that no such law should be passed. To discriminate against the Japanese would be cruel, would be insulting, would be unwise. To exclude all persons of alien birth from the privileges of holding property and of organizing corporations to carry on business within the State would be a hundred times worse than all we have just said in regard to excluding the Japanese specifically.

PANACEAS THAT HAVE FAILED.

The faddist of today is as sure that his pet idea is a panacea as was his forerunner of other days. And so will be his kind during all the years that shall come.

Richard Cobden, the free-trade proselyter of a past generation, was asked how English manufacturers would be able to hold their own under a free-trade policy against their competitors in countries whose industries were protected by the tariff. The theorist—and he was a man of great mental acumen—was ready with his prophecy, as all his kind are. He told those who interrogated him that within a few years after England should establish her fiscal system upon a free-trade basis her advantage over protected countries would be so great and so apparent that all competing countries would follow the example set by Great Britain and adopt a free-trade policy.

Remember, that was sixty years ago. Two generations have come and gone. We would not say that England has not progressed under the free-trade system, but that has been not because of anything intrinsic in that system but because of peculiar conditions which made general free trade advantageous for the English people. The point is that the faddist's prophecy failed to fulfill itself. To this day England remains, as she was in Richard Cobden's time, the only free-trade country in the world.

And behold! In these days of ours, instead of free-trade England compelling by her advantageous position all her competitors to become free traders, the protected countries are now enjoying so much advantage over their English rivals that England is seriously considering the question of protective

HARMONY ON THE RANGES.

tariffs. The London Times, in one of its latest issues, points out that the country is suffering so grievously under the disadvantages of free trade in competing with protected countries that a protective tariff association is an immediate necessity for the empire. England undoubtedly will adopt features of the American protective tariff system—and before very long.

Let us take another panacea. The abrogation of all party lines, the destruction of all party organization in our politics, the nomination of all candidates for office by the people themselves, is to secure for us, if we believe the Cobdenites of today, great efficiency on the part of all elective officials, and, above all, an honesty that will exalt our politics into an ethereal region to which the corruption and dregs of earth will be unable to rise. Civic righteousness is to blanket the land as the waters cover the sea under this scheme of direct primaries.

They have just had such an election in Wisconsin, and under this system a leader of machine politicians is charged with squandering over $100,000 in corrupting the immaculate electorate composed of all the voters. In Ohio a Legislature elected under a different system, and with no popular nomination of any candidate, has chosen for United States Senator a man conspicuous for his anti-machine standing in politics. In Wisconsin the figure of adroit old Ike Stephenson and in Ohio that of straightforward Theodore E. Burton, stand up and contradict all the prophecies made by the faddists who set up the claim that the direct primary, particularly touching United States Senators, would give us most exalted characters of angelic purity to wear the Senatorial togs.

In New York the old system has twice elected Charles E. Hughes Governor. In Oklahoma the new system gives the State a Governor deposed from the head of the Democratic National Committee last fall for gross misconduct and corruption in politics. With other fads which we were promised would make that newest-born State entirely angelic in its citizenship, we find the Oklahoma jails so full that those guilty of crimes less than highway robbery, malfeasance in office and murder must be paroled to make room for the "higher-ups," speaking in criminal terms, to occupy the vacated cells.

This brings us home. Next Tuesday we shall have an election in Los Angeles for the adoption or rejection of certain amendments to the city charter. One of these provides for the obliteration of the party mark upon ticket or candidate, for the destruction of party organization in our politics, for the making of nominations for city officers directly by the people themselves at the polls, without the intervention of any conventions, discussions, corrections of mistakes, or any of the methods followed in this country for over 100 years.

The Times contends that this amendment to the city charter ought to be defeated. The grounds of our contention are two:

First, that it will not accomplish any of the things promised for it. It would seem as if a child could see that these promises are not based upon reason. The scheme provides two elections to secure an official for the city, instead of one. Why or how dual election shall or can clog the cogs of the machine, put the boss out of commission, or prevent corruption, we can't see. The result in Wisconsin tells us distinctly and positively that the predictions of benefits from this new way of making nominations will not be fulfilled. It makes the business of choosing officials doubly cumbersome, doubly troublesome, doubly costly, doubly uncertain, doubly risky—and that is absolutely all it will or can do.

Our second objection to it is that it renders it almost if not entirely impossible for a man new in politics or without a long purse, such as that of Senator Isaac Stephenson of Wisconsin, to get his head above the general crowd in politics at all; that it rules off of the ticket all candidates of all parties excepting the two dominant ones; that this effect of the new scheme makes it impossible for numerous citizens to vote their convictions or their aspirations in a city election. They can have no place upon the ticket because they are in the minority, however respectable that minority may be in numbers or in character.

We contend that these effects, sure to follow from the proposed scheme, are unfair and unwise. It is not fair nor sensible to compel any citizen either to vote against his convictions or to stay away from the polls.

With nothing to recommend it, with an absolute certainty that it will not fulfill the promises made for it, and with these grave objections against it, the proposed direct primary amendment should be defeated.

THE RIGHT MAN—M'NUTT.

When the recall election takes place, the recallers should not be in doubt as to their candidate. Former Judge McNutt, until very recently of Little Rock, Ark., for a few months more or less of Los Angeles, is the ideal man.

Judge McNutt is the recaller of them all. At the City Club luncheon last Saturday this great southern solon, Bourbon, but reformer, told the other recallers that the matter was clear as an electric light and simple as one, two, three. He put the argument in a nutshell, not to say a McNutt shell. Here is his brief in the case:

"Has the city a right to discharge its employé? Have I a right to discharge any servant?" And the jury in the box (Meyer Lissner) brought in a unanimous verdict, "Fire him."

The jury may have been a little biased, not having been interrogated beforehand. Indeed, it was a packed jury.

But the judge from Little Rock is the man to run. If he does not suit the City Club and the Express and put on his official letterheads, "No one outside the Municipal League and the City Club (one and the same thing) and no one not indorsed by E. T. Earl, need apply for any favors at the City Hall," he will be judged out of his own mouth and discharged at once—not standing on ceremony or rights before the law.

If some one who was not so explicit in his statements should by any chance get into the office, and a person with a grouch should come around and say, "Mr. Mayor, I do not like the way you part your hair; get out, melt, fade away, be not," he might put up a fight and say, "Not today. I am a servant, engaged under contract. I will not be fired. The city elected me Mayor for a definite period. I took my oath of office. You cannot fire me; all the people of Los Angeles cannot fire me, unless I violate my oath. If you think I have done this, impeach me, and let the courts judge between you and me."

Judge McNutt of Little Rock is a true reformer and will set up no such flimsy technicality as this. He will suffer himself to be fired by the City Hall janitor, or a committee from the Honorable Association of Mothers-in-Law, or the Sublime Order of Ancient Spinsters, and say never a word.

McNutt, McNutt of Little Rock! We nominate Judge McNutt, second the motion and declare it carried unanimously by Meyer Lissner.

THE STATE OF MIND OF THE STATE OF TEXAS.

Texas, if Gov. Campbell's latest recommendation is followed, will outstrip her neighbor and apt pupil, Oklahoma, in hostility to railroads and capital. The Lone Star State was the home of most of the policies which have made Oklahoma notorious. The latter went further than the former, and while capital continued, at least for a time, building railroads to some extent in Texas, it has ceased to do so in Oklahoma. Will it keep on if the Legislature is mad enough to listen to this last proposal?

The Governor wants a 2-cent fare all over the State. It is 1000 miles from El Paso, at the western corner, the gateway to New Mexico and Arizona, to Texarkana, on the Arkansas line. Come over the Texas and Pacific from Fort Worth to El Paso. Towns are few, far between and very small. For long distances there are but stations for orders and water and for shipments of stock from widely-scattered ranches. If you have crossed New Mexico and Arizona and the desert of Southern California you know what it is like. Imagine a 2-cent fare enforced there!

On the southern route from El Paso to San Antonio it is even worse. The distance between points in each case is about 600 miles. Del Rio, Alpine, Marfa, Valentine and Sanderson are almost the only places worthy of the name of even village or hamlet. By the courtesy of the West they are called "towns," possibly some may dub themselves cities, but those who know the country understand that well. Valentine and Sanderson were created by the railroad as division points. Most stations are merely stopping-places for train orders, watering engines and shipping points for scattered ranches. In similar territory elsewhere passenger fares are 4 and 5 cents a mile. Texas arbitrarily cuts them to 3, and now proposes 2.

This last route is part of that traveled by the Southern Pacific between San Francisco and New Orleans, yet the Southern Pacific, as such, does not enter Texas, although it goes into New Orleans on the east and operates in New Mexico, Arizona and California on the west. At the west the Espee terminates at the Rio Grande and on the east at the Louisiana-Texas line. The railroad could not escape the Populistic régime, but it has cut loose as far as possible by removing it agents from Texas soil, placing everything under the separate corporations which the State law requires for all in its jurisdiction. East of El Paso the railroad is the "Galveston, Harrisburg and San Antonio." This is the name that appears on the trainmen's caps, on the cars and all literature. In Louisiana it becomes again the Southern Pacific (Atlantic system.) The difference has taken root in popular speech; in Texas the people and the newspapers almost invariably use the local designation, while at New Orleans the other is employed, as in California.

The Atchison, Topeka and Santa Fé corporation, as such, also keeps out of Texas. Its lines to Galveston, Houston and other points are those of the "Gulf, Colorado and Santa Fé." All other big roads do the same thing.

A requirement put into effect a few years since, and, I presume, still operative, was an order by the Railroad Commission that all trains must leave terminals on time, only a thirty minutes' wait for connections being permitted. If the Southern Pacific train from Los Angeles were an hour late at El Paso, the Galveston, Harrisburg and San Antonio must start another train east for New Orleans on time. When the California passengers arrived they were held up until next day. Another law, which was declared unconstitutional by the United States Supreme Court as an interference with interstate commerce, required all trains to stop at county seats, frequently very small places.

One of the worst features is the readiness with which almost any case against a corporation is won in the courts. The Mexican Central used to be mulcted every session of either State or Federal Court at El Paso for accidents all over Mexico, some cases justly and some of rather doubtful character. About a year ago this was stopped by the United States Supreme Court ruling that the American tribunals were incompetent to pass upon matters arising in Mexico. This undoubtedly will save the Central tens of thousands of dollars annually. On the other hand, it may work hardship on American employés injured in Mexico, who have no redress unless in the courts of that country, and just how these will rule is unknown.

The Standard Oil Company has been driven completely out of the Texas oil fields. Now it is locating a big refinery at New Orleans to supply independent refiners in the entire Gulf coast outside of Texas, taking oil from the new light oil fields at Caddoo. It is active in Louisiana. Thus Texas is helped by this condition is open to room for difference of opinion.

The 2-cent fare is the most extreme proposition yet submitted. If enacted, it will undoubtedly stop all railroad building, and Texas needs railroad lines as badly as any commonwealth in the world today. At present there are a hundred and one regulations of fares, time tables, etc., some of which some open to question.

The long controversy between the State and the Waters-Pierce Oil Company is well known. To the world it looks as if Senator Joe Bailey was the chief and practically only beneficiary.

Incidentally, it may be mentioned here that the Standard threatens to abandon Oklahoma entirely as a result of constant agitation, obstructive laws and general hostility, and take no more oil from that State's wells, just as it has done in Texas. Its original plan was a pipe line to New Orleans for Oklahoma oil, through Arkansas and Louisiana, but the difficulty of getting a franchise and obstacles encountered in Oklahoma may lead to a change of plans. It is also said that the refinery at Sugar Creek, Mo., will be dismantled and the machinery removed to New Orleans. If the Standard does leave Oklahoma, it is certain to be a severe blow to that State's great oil industry. There are three buyers today, the Standard being the largest. If it quits, there will be only the two independent companies. Inevitable results: Less demand for oil and fewer facilities for transporting—there not enough now—and lower prices.

BY OZMITE.

They who love shall parted be,
Say the stars maliciously.

On this 29th day lovers' quarrels are flowing. Let not small and trivial disputes arise. The results will be out of proportion to their magnitude. Unusual complications are indicated between the sexes. Dealings between men and women are marked by mutual forbearance if disagreement dispute arise.

Venus, in conjunction with Uranus, exerts over the more subtle and obscure emotions of the brain and heart during this period.

Shopping, amusements, visiting and entertainments are under a good sign.

At 7:30 p.m. wintergreen, willows, cabbage, turnip, pumpkin, arrowhead, cucumber, parsnip, coltsfoil and white lily—herbs under the moon—will be beneficial.

Surgeons, physicians and specialists will be attentive for good this day.

Good counsel will come from the lips of the aged.

Women with this birthdate will probably have a happy and prosperous year, with exciting adventures to come news.

Speculation and quarrel must be avoided by those with this birthdate. Those in employment may profit by preparation.

Fortune and change are indicated for children born this day. Girls will probably be married soon after. Boys may show great capacity for the legal profession.

It Won't Work.

And now they are going to try the "recall" on Mayor Harper. It is difficult to arrive at a correct understanding of the situation in Los Angeles from the press of that city, but from this distance it looks as though the Mayor's chief offense was in refusing to take orders from those who assumed to have the morals of the city in their keeping. A meeting was called by those opposed to the Mayor, and only those attended who were invited by the enemies aforesaid. At this rather singular meeting the recall was determined upon as the best means of getting rid of Harper, and so petitions were circulated to that end.

It is always difficult to prophesy, but if one is aught of the temper of the American people it is safe to say that on the showing so far made the enemies of the Mayor of Los Angeles in the recall movement will fail, and fail miserably. The people are usually just; they are not likely to approve the humiliation of a public official because he has been independent, and that seems to be the case here that is the matter with Harper.—[Bakersfield Californian.

MINES AND MINING.

"SHOESTRING" NEW DISTRICT.

A Strike Between Colorado and Salt Lake.

California-Nevada Line Is Quite Active.

Tonopah Companies End Suit Over Apex.

D. F. Matthews, D. C. McFarland and J. J. Howell report having made a rich discovery in what the pioneer miners in the district call the "Shoestring Camp." The ore vein is traceable on the surface for over 1000 feet. Various assays show a good grade at the surface, ranging from $30 to $100 a ton, and a six-inch strike of high grade in the vein shows $423. Shoestring Camp is near the Nevada and California line, about sixty-five miles southeast of Searchlight. It is properly a southern extension of the Searchlight gold belt, somewhat proven in mining development for over 100 miles in length, extending southeast and northwest and crossing the Nevada State line, the Searchlight camp at the north and the Orange Blossom mine in California at the south end.

Southwest from Seachlight along this gold belt, between the Colorado River on the east and the Salt Lake railroad on the west, are the mining camps of Thurman, Manvel, Hart, Warfield, Bonanza King mine, Shoestring Camp, Canon mine, Hidden Hill mine and Orange Blossom mine. The rich discovery at Shoestring has practically closed up the gap in the hundred-mile strip, showing a continuous belt of good mining territory.

Prospecting has been going on for several months in the Shoestring district. The Fountain Peak Mining Company has driven a tunnel 100 feet, cross-cutting a vein of pay ore. W. M. Nesbit, Jr., and Glen Snodgrass are driving an incline shaft on the Monitor Claim in a vein of good values at the surface. E. E. Cox has opened a vein on the Yellow Rose claim, showing assay returns of $97. There are already about fifty miners interested in the district. The geological formation of rocks is good for ore values. The "country" rock is cut by true fissure veins trending in uniform directions, formation showing heavy porphyry intrusions, contact veins with quartz, rhyolite and andisite dykes.

The location is near the Nevada State line, about eighteen miles east of Kelso Station on the Salt Lake, and about twenty miles due west of Fenner on the Santa Fé. Water is obtainable from springs in the camp and there is sufficient wood near-by for fuel.

Getting Good Values.

The California Queen property in the Picacho district is reported to be making remarkably good showings with development. The shaft has been sunk 150 feet in ore and a cross-cut is being run, that last week was thirty-seven feet in the ore with no hanging wall in sight. Average assays are $12. The 100-ton mill is being installed and will be ready in April. The ore is all free milling and practically all the values are handled at the lowest cost. The owners are Bradner W. Lee, D. W. Field, A. J. Smith and other Angelenos.

Litigation Ended.

A compromise has been reached between the Tonopah Extension Mining Company and the McNamara Mining Company in litigation instituted four years ago. The McNamara attempted to follow a rich vein into the Tonopah Extension property and was enjoined against such action. While the case was pending, the McNamara continued working the vein in its own ground and shipped some fifty tons a day from it.

At the same time the West End Mining Company was following an almost flat vein which finally broke into the McNamara, and it was found that both companies were working on the same. Then the West End claimed to have the apex and enjoined the McNamara from further operations. Last August this action was dismissed on the report of the West End's engineers that the vein was flat and had no apex.

The discovery that the vein ran through all properties clearly destroyed the McNamara's claim to a right to enter the Tonopah Extension's ground under the apex. The McNamara lies between the West End and the Extension properties and the vein was proven to go through all three; there could be no apex on the middle claims. To end the lawsuit, vertical boundaries were agreed upon and proper papers signed to that effect.

Concessions Closed.

The W. C. Greene concessions in Chihuahua have expired, but, contrary to general expectations, the Mexican government has not thrown the lands open to prospectors and no denouncements are accepted at the mining agencies. No reason has been given, but rumors are abroad that a new syndicate headed by John W. Gates has obtained exclusive rights on these lands, in fact, has practically taken over the Greene privileges. Presumably this is a part of the movement to reorganize all Greene's corporation affairs.

Will not Close Smelter.

The suit at Helena, Mont., brought by miners to close the Washoe smelter and for damages to farmers' property, has been decided for the company. The plant will be allowed to operate and no damages are awarded. The court will inquire into the alleged discrimination of arsenic and if any improvement is found possible it will be ordered. The court holds that the farmers have slept on their rights, and that the closure asked for would result in far greater harm than that now complained of, by throwing thousands of men out of employment, shutting off the market for products, perhaps destroying utterly the government of two counties, driving the great smelting industry out of the state, and irreparably injuring the cities of Butte and Anaconda.

ORANGE.

ORANGE, Jan. 28.—Since the dynamite explosion in Santa Ana Monday night the police of Orange have been trying to trace the theft of dynamite from the Pixley Hardware Company, and have secured the names of some boys. The youngsters say they knew of the theft, but had no part in it, and seem to have been ignorant of the dangerous nature of the dynamite. Beyond admitting their knowledge of the affair the boys have refused to give any information that would connect the theft with the explosion at Santa Ana.

Last Week of the Jan. Blanket Sale

Certainly you've realized recently the necessity for warm bed covering; nights the year round in California are cool enough to make blankets on one's bed very comfortable articles. The chance to save on their purchase ends this week, with the January Sale of Bedding:

Comforters of $1.50 grade are $1.15; of $2.00 grade are $1.65; of $3.00 grade are $2.50.
Pillows of 75c grade are, each, 55c; of $1.50 grade are, each, $1.25; of $3.00 grade are, each, $2.50.
Double blankets of $3.00 grade are $2.50; of $4.00 grade are $3.25; of $5.00 grade are $4.00. Higher priced ones reduced in like manner.
Single blankets of $1.75 grade are $1.50; of $4.25 grade are $3.75; of $6.50 grade are $5.00.

Women's Stylish Coats $15.00
Values Included Worth Double

And certainly there's ample wear-time ahead for just these weights. As to styles, they couldn't be improved upon, for every garment in the lot is a new fall or winter style:

Such handsome shades as taupes, tan, brown, navy, peacock, catawba, reseda, cardinal, in plain effects or wide wale weaves; fancy stripes and mixtures; three-quarter and full lengths; some cut Empire style, others half and loose fitting; honestly worth, and their duplicates sold at $20.00 to $35.00; specially priced at $15.00

A Clearance of Black Silks

Surplus numbers of black silks must be reduced in short order; these prices should interest all dressmakers and those who have home sewing to do:

19-inch taffeta; 85c grade for	75c	36-inch Moire Francais; $2.00 grade	$1.75
26-inch taffeta; $1.00 grade for	85c	36-inch Peau de Soie; $2.25 grade	$2.00

EVENTS IN LOCAL SOCIETY.

A BIT OF NEWS of interest to society folk is the engagement of Miss Daisy D'Onge and Leonard B. Fowler, a popular young club and society man of Green Bay, Wis., which is to be announced today by the parents of the bride-elect, Mr. and Mrs. S. P. D'Onge of No. 1055 South Burlington avenue. After a honeymoon trip abroad the couple will make their home at Green Bay.

Dinner Party.

Mrs. Hugh Livingston Macneil was hostess last evening at a delightful dinner party of twenty covers, with which she entertained Mr. and Mrs. L.

Mrs. James A. Godwin,

announcement of whose wedding will be received with interest by her friends.

M. Brunswig, at her home on South Figueroa street. The house was bright with pink azalias, combined with ferns.

Mrs. Newhall Hostess.

In compliment to Mrs. Phillip Andrews, who is a guest of Mrs. J. C. Drake of Hoover street, Mrs. Walter Newhall of No. 21 Chester Place gave a luncheon yesterday.

Invitations Issued.

Mrs. Robert Edwin Page, Mrs. John Wightman McAlester, Miss Page and Miss Elizabeth Page of Elden avenue have issued invitations for two card matinées. They will be given February 4 and 5.

Club Members Lunch.

Mrs. W. Mackie of No. 981 Menlo avenue recently gave a luncheon in honor of members of the Westlake Card Club, and a number of friends. The home was attractive with quantities of violets and many yellow candelabra. Besides club members those present were Mrs. Charles Grosse, Mrs. W. Barry, Mrs. Arthur Teter Metcalf, Mrs. R. H. Arnold, Mrs. Homer Hansen, Mrs. Gillingham O'Daniel, Miss Ethel Graham, Mrs. W. J. Variel and Mrs. Frank Nichols.

At Leighton.

Mrs. Leon Horigsberger of San Francisco is living at the Hotel Leighton, where she will receive her friends the first and third Mondays of each month.

Ocean Trip.

Miss Florence M. Small, who has been spending four months in this city, will leave Monday on a pleasure trip to Tahiti.

Recent Wedding.

Announcement is made of the wedding of Miss Signe Westerholm and James Albert Godwin of Brawley, which was solemnized Wednesday at the home of the bride's parents, Mr. and Mrs. A. G. Westerholm of Fifty-fourth street. The bride wore a gown of white silk messaline with a long veil, and carried a shower of bride roses. Mrs. O. L. Bohlen assisted as matron and wore a pretty creation of soft messaline, and carried pink carnations. The maid of honor, Miss Mede Westerholm, was attractive in a costume of pink messaline, completed with an arm bouquet of enchantress carnations. The groomsmen were Max Hendrichson and Earl Thompson. The home was decorated with pink and white carnations, mingled with quantities of greenery. The officiating clergyman was Rev. E. Anderson. After a wedding supper Mr. and Mrs. Godwin left for their home in Brawley, where they will receive after February 15.

Wedding Pretty.

At the home of Mrs. H. L. Keys of No. 1862 Winfield street a pretty wedding took place one day this week, when her daughter, Miss Morna Elliott, became the bride of Tuthill P. Arnold. The ceremony was performed by Rev. W. W. Logan, assisted by Rev. C. H. Kerchaw, in the presence of the immediate family only. Mr. and Mrs. Arnold will make their home at No. 115 North Soto street.

Supper Party.

Mr. and Mrs. Herbert Ferguson Poole of No. 1231 West Seventh street, assisted by their niece, Miss Ethyl Carson, and Miss Dolly Sturtevant, entertained members of the Fortnightly Whist Club with an enjoyable supper at their home this week. The guests were Mr. and Mrs. Edward Myers, Mr. and Mrs. A. A. Gilson, Mr. and Mrs. Myron Carr, Mr. and Mrs. H. F. Boyd and Mr. and Mrs. Charles Welch.

Month's Outing.

Mr. and Mrs. Robert T. See of Maines street will leave this week for a month's outing in Honolulu.

At Maryland.

Miss Florence Canfield of South Alvarado street gave a luncheon of twelve covers yesterday at the Hotel Maryland, followed by a jolly automobile ride. The guest of honor was Mrs. J. H. Hampson of Mexico City, who is a guest at Hotel Alexandria.

For Visitors.

In honor of a number of eastern friends who are visiting Los Angeles, Mrs. Nellie Hibler gave a luncheon yesterday afternoon at her bungalow home in Hollywood. The table was fresh with enchantress carnations. Cards adorned with hand-painted sketches of roses were laid for Mrs. Charle Orr of Parker, Pa.; Mrs. R. C. Shearman of Texas, Mrs. M. E. Mitchell of Chicago, Mrs. William Weller, Mrs. Henry Babel of Buffalo, N. Y.; Mrs. John Mead, Mrs. Milton Stewart, Mrs. C. V. Merrick, Mrs. F. F. Freeman, Mrs. L. C. Blakeslee, Mrs. C. B. Buss, Mrs. Jayne, Mrs. Howes and Mrs. Janes Broder.

LETTERS TO THE TIMES

[The Times freely publishes the views of correspondents without holding itself responsible for writers' opinions. Be brief, write plainly, state clearly. How About the Boulevard?

THE CLOISTER (Altadena, Cal.,) Jan. 26.—[To the Editor Los Angeles Times.] Can you agitate the question of good roads between Pasadena and Los Angeles? They are impassable in spots, after a rain. We can go to Riverside better—a paved (or oiled) road all the way. At the foot of Main street in your city (Naud Junction) there is one place that they tell me has been torn up for a year or more. I know it has been for three months—when it should have been worked on night and day until finished. Some days there have been one or two men working, some days none, and always stopped at 4 o'clock. Why is it that such a thing is allowed in a city the size of Los Angeles? On the boulevard there is a place where they have been filling in for weeks and made no provision for getting around it.

You'd better have some women put on the "good roads" commission; perhaps something would be done. They say, with the money that has been appropriated for good roads, they could all be paved with gold. It is outrageous that the main thoroughfare in Los Angeles county should be in such a condition. There is simply no excuse for it. I hope I have said enough to have some effect.

KATE C. GARTY.

Garbage, not Recall, the Question.

LOS ANGELES, Jan. 27.—[To the Editor of The Times:] The question of collecting garbage is to be considered by the Council next Monday evening. At present the custom is to place the garbage can on the curb line where it is, or should be collected by the scavenger during certain hours. On appointed days the householder is obliged to carry the several days' accumulation of the garbage from the back yard to the street. Once in a while through some one's neglect or forgetfulness the garbage is not placed in front on time for the scavenger's call. What is the result? It is left there for several days awaiting the next regular visit of the garbage collector.

As residents of Los Angeles, we take great pride in writing our eastern friends of the beauty of this great city. We praise it enthusiastically. We claim this is the city beautiful. But let us go for a walk some morning, just to breathe in a bit of that bracing air before breakfast. Glorious climate! City beautiful! Bracing air! Do we believe it, when as far as the eye can reach and the nose perceive, the streets are lined with garbage cans, some half emptied, with covers thrown anywhere by a hurried scavenger. But it may be said, it is up to the householder to remove the cans. But suppose the householder is careless. Usually the garbage can is not thought of again, until it is needed. It is just this individual carelessness and irresponsibility that the law should provide against. It is a misdemeanor to expectorate on the sidewalk. The law has made it such. Is it not reasonable to pass an ordinance requiring that garbage should be collected from the back yard?

The present method is a menace to the city. Such an ordinance may mean a greater expenditure for the [illegible]. But if it cost twice as much as at present the benefit would nevertheless be inestimable. The solution is easy. Let the scavenger be provided with a receptacle which he can carry from his wagon to the back yard. There, let him empty into his receptacle the contents of the householder's garbage can. He may then return to his wagon, making but one trip to each back yard. It would take but little more time and would insure the regular removal of garbage, and prevent its being left for days or weeks perhaps, in some back yard, to contaminate the air and breed disease.

This is a much needed reform, besides which the silly attempt to recall the Mayor and other professional reforms occupy a place in the background. The present method smells to heaven.

The nuisance is literally at our front doors and under our very noses. For the sake of health and cleanliness, the City Council should insert a stipulation in the new contract to provide for the collection of garbage from the back yards.

HOUSEHOLDER.

The Recall Outrage.

LOS ANGELES, Jan. 25.—[To the Editor of The Times.] Would you permit me as a citizen and taxpayer of Los Angeles, through your columns, to express my views on the question of the Mayor of the city of Los Angeles and recall.

I speak as a citizen, free from politics, and do not mix with politics in any way whatsoever.

First, I think it a shame and a disgrace to our beautiful city to mention a recall of the man who is its head official, a man who has done business and has been before the public in a business way here for years, on account of some appointment he made that did not please every one. If Mr. Kern was so objectionable, why did the honorable gentlemen of the Council confirm him? Why not have fought it out there instead of bringing it up in this way, at several thousand dollars cost when the money is needed so much to improve our streets and schools?

I must say I admire our morning paper, The Times, in the position it has taken in this affair. A staunch Republican paper would naturally be prejudiced against a Democratic official, and it is certainly an honor to that paper to lay politics aside and to speak out plainly and squarely for the interests of the taxpayers of this city, and in my opinion the taxpayers and voters will not be wheedled into signing any recall papers or any other document that will incur a large expense on our city to try to recall an honorable citizen whose term of office expires in less than a year. Those advocating it better let it drop where it is or they will be the means of Mayor Harper being elected to the Mayoralty a second time. No good citizen will help to forward any act that is brought through spite and malice.

Taxpayers of Los Angeles, forget the recall proposition and adopt the motto, "with malice toward none, charity for all."

FACTS, FEATURES AND FANCIES FOR WOMEN

BY MISS SYDNEY FORD.

[illegible] yesterday seemed so mild and lamb-[illegible] that I felt exactly like looking at [illegible] hats. I saw one, in fact, in the [illegible] of a Broadway shop that fair-[illegible] made me sniff the yellow jonquils—[illegible] the hat I mean was all done in [illegible] soft yellow and bright brown [illegible].

[illegible]'s the time when the woman who [illegible] been bravely wearing her last [illegible]'s hat up to date, has her in-[illegible]. Verily virtue hath its own re-[illegible] and some of us are half sorry [illegible] got any hats before Christmas [illegible] we behold the $25 beauties that [illegible] sighed for but couldn't quite reach, [illegible] for half price—and less.

[illegible]'s a fact. I inspected the whole [illegible] department of a certain swell [illegible] goods store on the east side of [illegible] way yesterday and I saw such [illegible] hats that I really fear I shall be [illegible] of exaggeration if I tell the [illegible]. There was a peacock blue tur-[illegible] in the fashionable Ottoman silk, [illegible] a peacock breast around the brim [illegible]. The other evening I saw an [illegible] $20 hat that I could conscien-[illegible] call worth the money, it was [illegible]ming. Well, at this very store [illegible] its counterpart in a Copen-[illegible] blue beaver, broad-brimmed [illegible] its entire top covered with [illegible] Ottoman silk in the same [illegible] and a wreath of the most mag-[illegible] roses entirely surrounding the [illegible]. It was marked $11. Another—[illegible] this was simply perfect—was a [illegible] pale, leather-brown, pressed [illegible] affair, the whole crown formed of [illegible] after round of soft-twisted tulle [illegible] the same shade, finished by a [illegible] coil of gold ribbon, laying on [illegible] brim. A big bunch of roses in [illegible]s of brown completed this most [illegible]tic and fetching creation. Its price [illegible].

[illegible]member, all of the above were [illegible] pattern hats. They may be [illegible] now for aught I know, but they [illegible] there yesterday morning. At an-[illegible] store on the opposite side of [illegible]way I saw a perfect regiment of [illegible] at the uniform price of $5. There [illegible] one that I particularly fancied—a [illegible] satin, with soft folds of Ottoman [illegible] and a stunning bunch of green [illegible] feathers jauntily perched on one [illegible]. Then there was a lovely Bur-[illegible] hat all in green—the bright St. [illegible]rick's Day-in-the-Morning shade [illegible] still another done in different [illegible]s of silver-green laid in soft folds [illegible] entire crown made of the ribbon [illegible] a great rose. There was a leather-[illegible] and felt, too, with a wreath of [illegible] exquisite roses in silk and velvet [illegible] would well repay the price let alone [illegible] hat itself. Another in gray—that [illegible] popular color—had its under brim [illegible] the taupe shade in Ottoman silk, [illegible] the outer brim and crown were [illegible] in pearl gray chenille.

[illegible] always have a feeling of sympathy [illegible] the men when it comes to the hat [illegible]tion, because they can never, never [illegible] the perfect joy of wearing a really [illegible]tic creation on their heads. Just [illegible]eary derby, or a tall tile, or a straw [illegible], or a prim Panama, limits their [illegible]—with never a ribbon or a bow [illegible] feather or a flower on it.

• •

Buggy.

[illegible] that the rains are over and [illegible], warm spring days are upon [illegible] baby, bless him, must have a [illegible] his daily airing. Whether it [illegible] brother's express wagon, or a [illegible] or a smart English perambu-[illegible] it must be something on wheels. [illegible] the Spring-street windows of a [illegible] big furniture establishment [illegible] filled with a fine display of these [illegible] polished perambulators that our [illegible] cousins have set the seal of [illegible] upon. And really they are [illegible] and away the most comfortable [illegible] I know of, with their easy, swing-[illegible] motion and protecting hoods. [illegible] would do well to go down and [illegible] a look at this display which is [illegible] only to the automobile show [illegible] it comes to things on wheels.

• •

Washable Waists.

[illegible] same store that had those pat-[illegible]hats on sale yesterday has a fine [illegible] of shirtwaists priced at the exceed-[illegible] modest figure of $1.25 each. This [illegible] never carries anything that is [illegible]. It is famous for showing the [illegible] up-to-date things. These waists [illegible] not of an old, last year's left-[illegible] stock, but are just in and have [illegible] perfect 1909 cut, with long sleeves [illegible] with pointed cuffs and the [illegible] material is wonderfully fine and sheer [illegible] compared with the price. Then [illegible] are the new, severely plain tail-[illegible]ges waists, some with Persian [illegible], which come at from $5.75 to [illegible] each. Any and all of these are [illegible]dingly good to wear with a smart [illegible]-made suit.

Gospel of Laughter.

[illegible] woman from Covina writes, offer-[illegible] a timely suggestion as follows: "A [illegible]ndustry for women would be to [illegible] the present generation to laugh. [illegible] genuine laughter is well-nigh a [illegible]. One hears a giggle and a [illegible], loud and unmeaning. But a [illegible], jolly, gurgling laugh is almost [illegible] heard nowadays. I'd be willing [illegible] some one to come in every day [illegible] laugh—and give me some-[illegible] to laugh at. ...Makes a Habit.

...one has said that the habit ... cheerful is worth a thousand ... a year. If that be true it surely is worth while to cultivate it. I read the other day of a beautiful old mother at the threshold of her eighties who has always preached the doctrine of cheerfulness. She holds that mothers can do a great deal along this line by making little folk see the bright side. Our own Dr. Burdette says that he can always see the bright lining of a cloud sticking out, and who in the world can be a better apostle of the gospel of cheerfulness than this gentle, sweet-souled humorist with his fund of fun and words of wit?

The dear old mother above referred to counsels parents to not talk much about disagreeable things in the presence of the children, to correct them when they need it, but never to scold or nag; to talk economy when necessary, but never "hard times." She says that sharp, suspicious children usually have critical parents and holds that two-thirds of all our trouble comes from being grumpy, grouchy, captious and critical. We all remember the old lady who said that during her whole life she had worried about her troubles—most of which had never happened. Don't let's do it. Cheerfulness keeps people young, drives away the wrinkles and eradicates the frown on the brow quicker and more effectually than any cosmetic or massage known in all the whole, round world. Don't let us be as gloomy as the old Irish woman who said, "Faith, an' I'll niver be happy till I read me death notice in the papers."

NINETY-FIVE DIAMONDS.

Visitor to Shrine Charity Ball Loses Valuable Pendant and the Police Are Notified.

While waltzing at the Shrine charity ball Wednesday night, Mrs. L. Kleinberger of No. 1026 South Bonnie Brae street lost a diamond pendant valued at $5000. The pendant, containing ninety-five diamonds of fine depth and color, was a present from her husband and she wore it on a thread gold chain about her neck.

During the evening the chain, in some manner, was snapped and the pendant fell to the floor. Mrs. Kleinberger does not believe the valuable piece of jewelry was stolen.

A thorough search of the auditorium failed to bring the pendant to light yesterday and the police were notified of the loss and requested to aid in the search. A careful watch is kept on the pawn shops so that any attempt to dispose of the property through that source will be frustrated.

Members of the family think the pendant probably was picked up by some one who will return it as soon as the name of the owner is made known.

THEIR PERSONALITY.

"Give Yourself a Chance," an Address That Interests Students at U.S.C. Chapel.

"Give yourself a chance," was the subject of a forceful and helpful address given by Dr. Charles Edward Locke before a large gathering of students at the chapel of the University of Southern California, yesterday morning. The occasion was the observation of the Day of Prayer, a day set apart by colleges throughout the country as a time for religious intercession and meditation.

The speaker eloquently discussed the various things that young people should do if they would ever attain to the fullest and broadest realization of their personality. The remarks were based on the biblical story of David and Goliath, the particular incident being the fact that David refused to array himself in Saul's armor, because he had not tested its usefulness, and he met the giant with the weapons he had been trained to appreciate, the sling and shot.

The speaker urged his hearers to remember that the personality which they would use in influencing their associates in after life, is formed during their college days, and they should grasp every opportunity for advancement and real culture during this constructive period. To accomplish this end it would be necessary sometimes to transform their environment and thus defy heredity, as Bunyan transformed his dungeon into an inspired vault, in which he conceived and produced "Pilgrim's Progress."

The speaker warned the students not to be conceited, as no fool was greater than the self-centered, arrogant person, but to cultivate the habit of a just estimation of one's self. Dr. Locke closed with the paradoxical assertion that to achieve to the highest and best, to give one's self the greatest chance for development of character and usefulness, one must give himself in the service of his fellow men, and must give God a chance to lead him into this achievement.

In the afternoon Dr. E. P. Ryland charmed an attentive audience of students with an instructive and eloquent address on "Manhood."

The mid-year examinations of the college of liberal arts will commence this morning, and will continue until next Thursday. Registration of students for the second semester will begin on the latter day, although new students may enroll any time next week.

More Loaves To The Sack

It is an absolute, scientific fact that you can make more loaves of bread from one sack of CAPITOL FLOUR than from any one sack of any ordinary flour.

The scientific reason is—the larger percentage of gluten in CAPITAL FLOUR makes the dough rise lighter and it therefore requires less dough per loaf—and naturally—less flour. Isn't that economy? Order a sack today from your grocer.

CITY ATTORNEY CHANGES MIND.

ALTERS OPINION ON FRESNO SALOON QUESTION.

Turns Right About and Finds City Can Vote "Wet or Dry" Under Its Charter—Eastern Trolley Officials Visit the City to Spy Out the Land. May Build to Hanford.

(SPECIAL CORRESPONDENCE OF THE TIMES.)

FRESNO, Jan. 28.—David S. Ewing, City Attorney, and Frank H. Short, his assistant, appointed by Mayor Bush to aid in coming to some decision regarding saloons, have rendered an opinion to the effect that the question can be put on the ballot at the coming city election in April.

Ewing formerly rendered an opinion directly to the contrary, declaring that under the present charter the saloon matter could not be included on the ballot at a municipal election.

As the result of this opinion Fresno will decide next April whether it shall go "dry" or not.

The saloon men are determined to fight the matter to the end, and it is expected the campaign will be bitter.

INSPECT INTERURBAN LINE.

W. E. Davis, vice-president of the Cleveland Construction Company, and Harry Howitz, an engineer in the employ of the same concern, have arrived to go over the proposed interurban line from Fresno to Hanford. This line is being promoted by F. S. Granger and already all rights of way have been secured.

The eastern men are viewing the proposition with a view to building the road. After making an investigation they will report to their company in the East.

The Cleveland Construction Company is one of the largest electric railway corporations in the Middle West, and has built over 2000 miles of interurban lines.

It has done no work on the Coast, but is considering starting an interurban system in the central and northern part of this State.

While on the Coast, Davis and Howitz will investigate conditions in San Francisco, and stated last night that if they accept the local proposition they will undoubtedly endeavor to inaugurate a gigantic interurban system out of San Francisco. Before coming to this city, the officials spent several days around the bay, and declared that they were surprised that there was no interurban system out of San Francisco to Sacramento, San José and surrounding towns.

The estimated cost of construction for the Fresno-Hanford line is $3,000,000. While securing rights of way, Granger, the promoter, met practically no opposition, and all the towns through which the road will pass have granted extensive franchises.

SUGAR DOES IT.

Corcoran Goes Rapidly Ahead—Sixty Houses and Barns in Five Months.

(SPECIAL CORRESPONDENCE OF THE TIMES.)

CORCORAN, Jan. 26.—Forty new houses and barns in five months is the splendid building record made by Contractor Cleveland since coming here. These are all of a substantial character. Contractor Walker has also erected several houses and barns, others have been built by property owners themselves, giving a total of at least sixty during the past six months.

R. D. Hunter is building a dairy barn 44x180 feet on his 1200-acre ranch south of Corcoran. He will stock the place with 200 fine Jersey cows. Mr. Hunter has recently sunk two deep wells on his ranch and is now having six 3000-gallon water tanks built.

J. E. Rice has arrived from Los Angeles to take the position of bookkeeper at the George A. Smith Jersey stock ranch. Mr. Smith has recently erected a neat office building for the accommodation of his rapidly-growing business and now employs fourteen men regularly in the care of his Jersey herds.

Maj. A. C. Pickerell of Prescott and R. B. Lane of Hollywood have ordered 65,000 Muscat grapevines from the local nursery and will plant 120 acres of vineyard here.

MORE WATER FOR MIDWAY.

Three Thousand Barrels Are Being Shipped Daily, and Situation Is Steadily Improving.

(SPECIAL CORRESPONDENCE OF THE TIMES.)

BAKERSFIELD, Jan. 27.—The water situation in the Midway is much relieved. The Kern-Midway Water Company is sending ten carloads, 3500 barrels, daily. Of this amount half is going to the Associated section, while the remainder is distributed along the line to other customers. The pumping plant of the former is working well. The independent customers are pumping from the siding.

L. A. Crandall is preparing to develop several sections for the Matson Navigation Company, southwest of the lake, in a heretofore untouched part of the Midway. He has adopted a water system of his own. A three-mile pipe line has been laid, a pumping plant constructed at the lake and the water will be sent to a big storage tank.

RAINFALL DATA.

Almost two inches of rain fell during the storms of the present month, bringing the season's rainfall to 3.96. This is less than last year at the corresponding time. Four and three-quarter inches was the mark then. Feed is sprouting in the hills.

Charles Whitside was mysteriously shot while walking the Santa Fé tracks near Barstow, by an unseen person, yesterday. The bullet shattered the bone of the left hip.

INCREASE ALL AROUND.

Under the management of Principal Conger, the local High School has greatly increased in size and scope of work. The number of teachers has been increased to twelve, and the enrollment is 256. In response to a widespread demand that secondary education be made more practical the Kern County Board of Education has authorized several new courses, which will be especially helpful to a large number of High School students who do not plan to go to the universities, but must earn their living at once.

TUCSON TALK.

MEXICAN GONE, BONDSMEN LEFT.

MAN AWAITING EXTRADITION DECISION DISAPPEARS.

Bride Says Her Husband Will Return in a Few Days—Two New Companies to Be Mustered Into the National Guard—Pumps Proposed to Provide Water for Irrigation.

(SPECIAL CORRESPONDENCE OF THE TIMES.)

TUCSON, Dec. 27.—Manuel Sarabia (who is at liberty under $1000 bail, pending possible extradition to Mexico for crimes which he says are purely political) has disappeared and it is rumored that he has gone to Canada and that he has left his bondsmen in the lurch. His bride, formerly Miss Trowbridge of Boston, is still to be found at the printing office where Sarabia had his headquarters. She says her husband has simply gone away for a few days' rest and recuperation and is expected to return very soon.

For six or seven years Tucson has had no company of the National Guard. Tomorrow night two companies are to be mustered into the First Infantry of Arizona, to be known as Companies K and L. About 120 recruits will then be sworn in by Col. McClintock. It is proposed to establish an armory for the two companies and the Chamber of Commerce has become especially interested in the matter, as the plans considered include the assembly hall, which would be of great use to the city for large gatherings, such as the irrigation congress.

George F. Kitt has been elected president of the Tucson Chamber of Commerce, and H. F. Fallor has been reelected secretary.

The Chamber of Commerce will assist in the celebration of Lincoln's Birthday. A committee headed by K. C. Babcock of the university, is working on arrangements for an elaborate banquet to be given at the old Pueblo Club.

An effort will be made in the present Legislature for an appropriation of $50,000 for repairs and furnishings for the buildings of the Territorial University at Tucson.

A new canal is being built in the San Pedro Valley, near St. David, for the irrigation of 2000 acres of new land. The canal is said to be assured of a supply of water, as its heading is at a point where the water of the San Pedro River rises because of a hardpan formation.

Prof. G. E. P. Smith of the Territorial University, lately addressed a gathering at the Chamber of Commerce rooms on the water resources of this vicinity. He stated that a large expanse of land might readily be irrigated by means of pumps, there being a considerable underground supply, and he advocated the establishment of a central power plant, from which power would be furnished at different pumping stations a half mile apart along the course of Santa Cruz Creek.

Arturo M. Borton died in Tucson Tuesday, aged 34. He had been a resident of Tucson since 1874.

TIDE STOPS TRAIN.

Shoofly at Punta Gorda Can Be Used Only When Ocean Conditions Are Favorable.

The shoofly around the big landslide at Punta Gorda was completed yesterday, and an unsuccessful attempt made by the Espee to run a train at low tide between Ventura and Santa Barbara. Tide conditions were unfavorable, and the train was unable to get to Santa Barbara. It turned back to Ventura. It is hoped that by tonight or tomorrow at the latest trains can be operated over the temporary track.

Communication between the two points was effected as heretofore stated, by transfering passengers at the slide. This is possible at very low tide and is attempted only when conditions are favorable. At times when it is considered the transfer can be safely made trains are run from Ventura with mail and passengers, who walk around the slide on the track and are taken up by the work train and carried into Santa Barbara. No passenger trains are run from the latter place to Punta Gorda, and no effort is made to maintain any fixed schedule.

It was stated at the general superintendent's office yesterday that it will be some time before resumption of regular traffic.

PASADENA.

GET READY FOR STATE MEETING.

DAUGHTERS OF REVOLUTION START PREPARATIONS.

State Regent Guest at Luncheon. Nervy Burglars Make Small Haul. City Will Raise Pigs on Garbage Collected from Houses—Rev. Mr. Dowling Decides to Remain.

Office of The Times, No. 36 S. Raymond Ave.

PASADENA, Jan. 29.—The State Advisory Board of the California Daughters of the American Revolution held a meeting here yesterday morning, when preparations were begun in earnest for the State convention in San Francisco next month. Routine business kept the committee busy in the morning, and in the afternoon it was the guest of the Pasadena Chapter. Mrs. Fred Jewell Laird of Berkeley, State Regent, presided at the meeting, and the members of the advisory board present were: Mrs. Nathan Cole, Jr., State Vice-Regent; Mrs. Henry J. Martin, State Treasurer; Mrs. R. E. Beach, Regent of the Oakland Chapter; Mrs. David Gage of Oakland, chairman of the Patriotic Educational Committee; Mrs. Charles Grey, representing Tamalpais Chapter of San Francisco; Mrs. J. D. Young, chairman of the Ways and Means Committee; Mrs. F. J. Woodworth, representing the Sierra Chapter of Berkeley; Mrs. George P. Buck, representing the Compton Chapter; Mrs. F. J. Huse, representing La Puerto Del Oro Chapter of San Francisco; Mrs. F. L. Wiley, Regent of the new Fresno Chapter; Mrs. Hewett, Aurantia Chapter of Riverside; Mrs. G. W. Wells, Regent of the Santa Monica Chapter; Mrs. James D. Graham of Gaviata Chapter, Long Beach; Mrs. Henry C. Dillon of Eschscholtzia Chapter of Los Angeles; Mrs. H. H. Henderson of Golden West Chapter.

Mrs. C. H. Alden of No. 182 North El Molino avenue, in behalf of the Pasadena Chapter, entertained the visitors, the officers of the local organization being asked to meet the State executive. At the noon hour luncheon the Pasadena officers present were: Mrs. Maynard Thayer, Vice-Regent of Pasadena Chapter; Mrs. J. D. Mersereau, Treasurer; Mrs. Thomas S. Tompkins; Miss Mary Phelps, Recording Secretary; Mrs. Upton, Historian; Miss Upton, Register; Mrs. Robert J. Burdette and Miss Mary Vaughn of the Board of Managers. Other members of the organizations from various parts of Southern California attended a reception in the afternoon.

MORE MUNICIPAL OWNERSHIP.

Not satisfied with running a municipal lighting plant, this city has embarked in the farming business. Part of the sewer farm has been set aside for the raising of hogs.

Mayor Earley yesterday hired T. L. Cochrane at a salary of $125 a month to raise hogs, the swine to be brought up on the garbage collected from the houses of this city.

PRIZES FOR HORSE SHOW.

Cups for winners at the Pasadena Horse Show have been donated by Hotel Raymond, Hotel Green, Hotel Maryland, Col. W. J. Hogan, John B. Miller, Col. John Lambert, F. E. Wilcox, Frank G. Hogan, Montgomery Bros., Thaddeus Lowe, Fred H. Bixby, L. H. Farlow, Mrs. L. H. Farlow and S. Nordlinger & Son of Los Angeles.

WILL REMAIN IN PASADENA.

Rev. F. M. Dowling, pastor of the First Christian Church, will remain here indefinitely, as is desired by the official board. He decided to do so with hesitancy, as he felt that certain conditions were not as he liked them, but as they are in a way to adjustment he now announces he will remain.

ACADEMY BESTS COLLEGE.

In a practice game of baseball last night the academy nine of Throop beat the college team by a score of 11 to 3. Hester and Duarte did the twirling for the victors, while Brown and Taylor occupied the box for the college players.

BENEATH TON OF EARTH.

Henry Geiswine, a laborer, nearly died yesterday, before he was dug out from beneath a ton of earth which caved in on him while he was digging a ditch. Two Mexican boys who rescued him, left before their names were learned. Geiswine was still in a serious condition when attended by Police Surgeon McCoy. After being taken to the Emergency Hospital he recovered sufficiently to be sent home. He sustained a broken shoulder blade.

ELKS' HARVESTING.

Although the sun did not shine the first part of the week Pasadena Elks made hay, figuratively speaking, for so well did their harvest festival fare the first three evenings that it was decided to continue it the rest of this week. It is believed that by Saturday night enough money will have been cleared to nearly pay for the expense of entertaining the grand lodge.

ARRESTED FOR FORGERY.

Because he longed for the climate of Southern California and had no other way to get here, Guy C. Dunn, formerly deputy city treasurer and a bank cashier of Eldorado, Kan., is alleged to have forged a check in that city. Sheriff Jolliffe of Eldorado left there yesterday evening for Pasadena and will take the man back for trial. Chief Favour and Constable Austin arrested the man at the home of his wife's relatives here.

UNION MEETING.

The Women's Union of the First Presbyterian Church held its midwinter meeting yesterday, beginning with a luncheon at noon.

NERVY BURGLARS.

In spite of the alertness of the police on Wednesday night, burglars entered the house of William Wonig at No. 61 Elevado Drive and secured $44 in cash. The daring of the men is the more evident because it was known that Chief Favour had detailed an extra large squad of men to patrol the district on the edge of which the robbery occurred.

DINNER DANCE.

Few social functions have been more anticipated than the elaborate dinner dance given last evening at the Pasadena Country Club by Mrs. John Warden of St. John avenue, complimentary to her daughters, Mrs. William Kerr of New York, and Mrs. Osgood Pell of Pittsburgh. Palms, oleanders and other flowering shrubs adorned the clubhouse, while the tables were beautified with pink carnations and ferns. Pink-shaded candelabra and pink tulle carried out the delicate color scheme.

After the dinner, dancing was indulged in until a late hour. Arend's Orchestra furnishing the music. Those present were Mr. and Mrs. Charles Crans Perkins, Mr. and Mrs. Tod Ford, Mr. and Mrs. Freeman Ford, Mr. and Mrs. Henry H. Trowbridge, Mr. and Mrs. William R. Staats, Mr. and Mrs. C. M. Henderson, Mr. and Mrs. Lloyd Macy, Mr. and Mrs. E. Chapman Smith, Mr. and Mrs. John S. Cravens, Mr. and Mrs. H. W. Bailey, Mr. and Mrs. Thaddeus Upde Graff, Mr. and Mrs. John E. Jardine, Mr. and Mrs. William Park, Mr. and Mrs. John B. Miller, Mr. and Mrs. Harrison I. Drummond, Mr. and Mrs. Eugene Hewlett, Mr. and Mrs. Edward H. Groenendyke, Mr. and Mrs. A. W. Armstrong, Mr. and Mrs. E. O. Robinson, Mr. and Mrs. Torrey Everett, Mr. and Mrs. Robert Pitcairn, Jr.; Mr. and Mrs. Charles D. Callery, Mr. and Mrs. Harry Gray, Mr. and Mrs. C. M. Yullock, Mr. and Mrs. Henry M. Robinson, Mr. and Mrs. Samuel Cuppies Pierce, Mr. and Mrs. Calkins, Mr. and Mrs. Robert A. Rowan, Mr. and Mrs. H. Page Warden, Misses Fore, Dwight, Symington, Nevin, Tullock, Gill, Graham, Messrs. C. B. Scoville, Barry, Shyder, Dwight, Hutchinson, Nevin, Montgomery, Kay, Dorworth, Cook, Flint, McGilvray and D. R. Warden.

BRIDGE PARTIES.

Miss Vera Rockwell entertained at bridge yesterday afternoon at her home on Terrace Drive in honor of Miss Loyden of Hartford, Ct. Those present were Misses Ladd, Bartell, Ruth Bartell, Gilchrist, Alma Gilchrist, Julia Holmes, Cora Auten, Constance McClintock, Margaret Sherk, Trene Grosse, Daisy Dake, Grace Clark, Shields, Laura Shields, Ethel Hinds, Pattie Woods, Josephine Lewis, Madelina Barnes, Angie Holmes, Elizabeth Speer, Marguerite Hatch, Rankin, Jessie Rankin, Merrill, Himes, Frederick Grable, Luther Newby, Clarence Austin.

HAPPY AFFAIR.

The bridge and five hundred party given by Mrs. Eli Lilly of Indianapolis, a guest at the Maryland Hotel, from 3 to 6 o'clock in the Maryland music room, was a happy affair. The color scheme was pink, pink sweet peas and pink carnations tied with pink ribbons. About fifty people were present, including Mmes. Dixon, Los Angeles; Carter Harrison, Day, Kastenbine, R. V. Day, Los Angeles; Frank Ryder, W. J. Jerrems, R. Bronson, Los Angeles; J. J. Tanner, McRae, Williams, Harter, Estabrook, Miner, Gilcrist, Lamm, McPharran, Barnhardt, Mae Jerrems, Burkhart, S. S. Miller, Ross, Malone, Madden, Wilson, Bradley, Porte, Shelley, DeAucheul, Garvey, Hebert, De Witt, Chamberlin, Blow, Durkee and Abbott, and Misses Romley, Kastenbine, Mather and Jerrems. Following the games, a repast was served.

SNOWBALL PARTY.

Manager Linnard of the Maryland has arranged to give a big snowball party on the west lawn this forenoon. A carload of snow is en route from Mount Lowe.

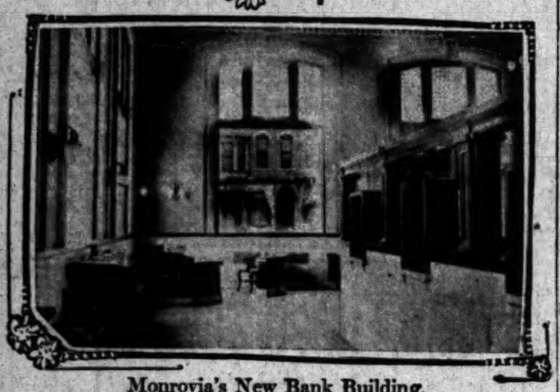
Miss Florence Canfield of South Alvarado street, Los Angeles, with a party of ten friends, autoed over from Los Angeles, yesterday, and, in honor of Mrs. J. H. Hampson of Mexico, gave a luncheon in the grillroom of the Maryland. The table decorations were violets and orchids. The guests were Miss Slewlyn, Mrs. Anderson, Miss Ruby, Mrs. Canfield, Mrs. Dobeny, Mrs. Hampson, Miss Brown, Mrs. Barnwin, Mrs. Danziger and Miss de Lund.

THEATER PARTY.

A charming theater party of Hotel Green guests went to Los Angeles in a private car Thursday evening to attend the performance at the Orpheum. Supper was served at the hotel upon the return of the party to Pasadena. In the company were: Col. and Mrs. W. J. Hogan, Maj. and Mrs. Charles A. Winship, Mr. and Mrs. H. T. O'Fallon, Mr. and Mrs. James Houston Holmes, Mrs. George H. Lincoln, Hallett E. West, Roy Carney, Mr. and Mrs. W. F. Tilton, Miss J. E. Waterman, Miss Tilton, Mr. and Mrs. L. E. Gruby, Mr. and Mrs. Waterous, Mr. and Mrs. P. B. Wiley, Misses Plover, C. Newhall, Miss Alice Newhall, Mrs.

COSTLY.

WORK ON MONROVIA'S NEW BANK FINISHED.



Monrovia's New Bank Building.

Exterior and interior views of just completed premises which, furnished, represent an expenditure of $65,000.

MONROVIA, Jan. 28.—Work on the new $50,000 home of the Monrovia National Bank is finished. It was designed by Parkinson & Bergstrom of Los Angeles, and built by F. O. Engstrum & Co. The structure has a frontage of fifty feet on Myrtle avenue and seventy feet on Orange avenue. It is thirty feet from foundation to the top of the cornice, and twenty-four feet from floor to ceiling.

It is built of white pressed brick, with terra cotta ornaments. The floors are tiled and the ceiling and walls are richly decorated. Counters and wainscoting of corridors are of veined white marble, with mahogany rails, mouldings and panels. The grille is of bronze and glass.

The chrome steel and cement vault is pronounced the last word in modern safe construction. Banking men who have seen it consider the structure one of the finest of its kind in Southern California or anywhere else. The bank paid $15,000 for its site, and its new home and furnishings cost $50,000.

F. S. Read, George E. Dyer, D. L. Streeter, Charles A. Cook, S. Morrill, Mrs. W. F. Bartlett, S. and L. J. Mandel, E. S. Wilkinson, Mr. and Mrs. E. W. Woodcock, Miss Suthield and Mr. and Mrs. E. K. Lord.

Recent arrivals at Hotel Green include: Mrs. Frank E. Mandel, two children and maid, Chicago; Mrs. Lowenthal, Chicago; Mr. and Mrs. G. L. Mohn, Savannah, Ga.; Hattie M. Green, Rochester, N. Y.; R. D. Davis and wife, Pasadena; L. Lamb, wife and maid, Clinton, Iowa; Mrs. Charles H. Bennett, Chicago; Mrs. M. O'D. Spencer, Richmond, Ind.; E. J. Grant, Los Angeles; Barney Link and wife, New York; G. A. Packard, Boston.

Artists' materials at Wadsworth's. Unique valentines at Grace Nicholson's, 46 N. Los Robles.

Hotel Vista del Arroyo and bungalows, Pasadena.

Phelps for wall paper and paints.

Mr. F. H. Bush of the Wetherby-Kayser Shoe Co., Los Angeles, will be at the Hotel Maryland, Pasadena, with samples, Wednesday, Thursday and Friday of this week.

PINERO FOR STUDENTS.

Playwright's "The Magistrate" to Be Staged in Claremont Tomorrow Evening.

CLAREMONT, Jan. 28.—Posters are out announcing the presentation of A. W. Pinero's "The Magistrate," Saturday evening in Holmes Hall, as the annual athletic farce. The cast will be made up of undergraduates from different classes, with two members of the faculty, S. E. Blakeslee and W. L. Stanton. Leading parts will be taken by Mrs. J. D. Johnson, Miss Le Sueur, Miss R. Norman, E. O. Essig, A. J. Wingard and L. W. Case. Coach Stanton has had charge of the training of the cast, and a well-rounded performance is anticipated.

The music will be by the college orchestra. A new set of stage scenery for the production has been purchased by the Associated Students, into whose treasury will go the proceeds from the play. The advance sale of tickets has been exceptionally large, practically the entire house having already been sold out.

WILL CONSIDER ADVERTISING.

A meeting of the Board of Trade has been called for tomorrow evening at 7:30 o'clock in Holmes Hall, for the adoption of bylaws and the consideration of plans for advertising Claremont.

At the chamber music recital Prof. Butler yesterday was assisted by Miss Bess Daniels, and Prof. and Mrs. R. M. Staples. The concert was given in the college chapel, instead of Smiley Hall. Weber and Hummel were the composers presented. Next week's recital will be in Smiley Hall, and will deal with the compositions of Schubert.

Rev. M. S. Hughes of Pasadena addressed the Pomona student body this morning at the exercises of the day of prayer for colleges. He preached a powerful sermon on the subject of "Faith," taking for his text "For we walk by faith, not by sight." There were many visitors present, the chapel being filled.

MEET COUNTY HALF WAY.

Trustees of South Pasadena Will Pay Share of Cost of Concrete Bridge Across Arroyo.

SOUTH PASADENA, Jan. 28.—At the last meeting of the Trustees a resolution to pay one-half the cost of a concrete bridge to be built by the county across the arroyo on East Mission street, providing it does not exceed $2500, was passed. The work will commence immediately. The bridge will connect South Pasadena with the Oak Knoll section direct.

The regular meeting of the Woman's Improvement Association was held yesterday in the rooms on Meridian avenue. Mrs. W. P. Freeman read a paper on "Corporal Punishment in the Schools;" George Bush, superintendent of schools, spoke on the same subject, and Mrs. Leo Longley gave a paper on "Agricultural Training, vs. Track Training."

The Baraca Class of the Presbyterian Church will hold a social meeting at the home of Ralph D. Johns, No. 1136 Fremont avenue tomorrow evening.

Edwin Cawston, J. S. Vallely and H. J. Vatcher, Jr., secretary of the Cawston Ostrich Farm, went to San Jacinto Wednesday. They will try to establish a new farm there.

Edward L. Bowman is building a bungalow on Mound avenue.

The members of the D.A.R. attended a reception at the home of Mrs. C. H. Alden, No. 182 North El Molino avenue, Pasadena, this afternoon. The affair was given in honor of Mrs. Frederick Jewell Laird of Oakland, State Regent, and the State Advisory Board.

Mr. and Mrs. William C. Bergen of Honolulu have arrived and will spend the winter with relatives.

The wedding of Mrs. Florence L. Smith of No. 1029 Doran avenue to Frank P. McKinley of Kansas City is announced. They will live in Kansas City.

CRISIS.

ULTIMATUM FOR SCHOOL BOARD.

UNVACCINATED CHILDREN MUST BE WITHDRAWN.

District Attorney Notifies the Long Beach Authorities That They Must Act by Monday in Obedience to the State Health Law or Risk Arrest and Prosecution.

LONG BEACH, Jan. 28.—An ultimatum was issued from the District Attorney's office in the Long Beach vaccination case today. By Monday noon, every unvaccinated child must be withdrawn from the schools, or the school trustees will be arrested and prosecuted.

One of the school officials had a conference with an official of the prosecutor's office. He was informed that the District Attorney has no choice but to carry out the provisions of the State law as insisted upon by the State Board of Health. Monday was fixed as the limit, as that will give plenty of time for all the school children who so desire to be vaccinated.

Three members of the Long Beach Board of Education were found at home today. President Craig is in New York, and will not be home for a week. Jonah Jones is in Hollywood. The other members, Messrs. Yeomans, Hakes and Gunby, were seen and asked as to their position in view of the District Attorney's declaration, but each declined to express any opinion as to his stand. Hakes said the report would probably be considered in the board meeting, and careful deliberation given a question now evidently serious. Yeomans and Gunby said they had nothing to say, as there had been too much said already. It is understood that Jones and Craig have been the most outspoken in defiance of the State board throughout the entire controversy.

ALERT PROPRIETOR.

The alertness of William Sorkness, proprietor of the White House Café, last night undoubtedly saved him from being robbed and perhaps slugged. Sorkness was closing up, when he heard two men prowling outside. Seizing his revolver, he threw open the door, and in the full light confronted a man and demanded to know what he wanted. The fellow mumbled that they wanted a lunch, and were looking to see if the place was open. About this time a friend of the café man came across the street and the two others walked hastily away.

CATTLE BURIED.

Five head of cattle were buried in a landslide at Dominguez this morning, when tons of earth fell in one of the gullies just below the Ocean View Cemetery. Four were dead when dug out by Mexican employés of the Pacific Electric; the other will have to be killed. The mass of earth loosened by the heavy rains fell from a cliff forty feet high, at the foot of which a drove of fifty cattle were browsing.

After a delay of several days caused by the breaking of two "agitators," the big dredger in the inland harbor resumed operations this afternoon, and will finish the turning basin in ten days. She will then be turned southward, and begin the opening of the ocean entrance now spanned by a drawbridge.

VIEW TIDE LANDS.

Engineer F. G. Jones of San Francisco, with several engineers of the Edison Electric Company of Southern California, was in Long Beach today viewing the tide lands west of town, where it is said the company expects to build a $1,000,000 plant to supply all coast cities with power. They refused to be interviewed, saying their report would be made to President Miller.

Harry Earley, just arrived from Chicago, walked into a penny arcade on the Pike today, and, seeing the proprietor was busy, robbed the penny rack and walked out. He was caught by Detective Phillips, and admitted his guilt.

The annual picnic of the Kansas Society of Southern California will be held tomorrow at the sun parlor. Basket dinner will be served at noon, after which there will be a programme of speeches and music.

DEMANDS TAX.

The city has made a demand upon the Supervisors for the road tax paid by what is known as the Carroll Park district, which was annexed to the city lost October. It amounts to several thousand dollars. The Supervisors allowed the demand, and ordered an estimate made.

The lessees of the booths on the pier opposite the auditorium received notice from the Board of Public Works to vacate when their leases expire on March 1. It is probable the booths will be torn down and replaced with more attractive structures, unless the Seaside Water Company secures an injunction to prevent further occupancy of what it claims is its property. The contention is that the company's ownership of land extends upward to the sky.

READY TO BID.

Half a dozen big contractors are here to bid on a big contract for concrete walk and bulkhead on the beach extending from Chestnut avenue to San Gabriel River. The bids are to be opened tomorrow. The work, which is to be done under the Vrooman Act, will cost about $100,000, according to the engineer's estimates.

BURBANK.

BURBANK, Jan. 28.—Mrs. Addie McClough died here this morning after a short illness.

Miss Urania Edmunds has just sold eleven lots of the Edmunds estate to Los Angeles parties.

The Wood brick block is completed. It consists of three storerooms which are occupied by George H. Wood, S. Geodenow, E. M. McClure, Burbank Review, and the Masonic Hall, upstairs.

Balfour, Harry Fay and Mrs. Clarence E. Hibbs. There will be a chorus of fifty.

Mrs. Oscar F. Gifin of East Holt avenue, has returned from San Francisco.

BILL FOR MAINTENANCE.

Measure Before Legislature to Provide Money for Upkeep of Santa Monica Station.

SANTA MONICA, Jan. 28.—A bill is pending in the Legislature providing an appropriation of $5000 for the maintenance of the Santa Monica forestry experiment station during the biennial term, this station being under the supervision of the regents of the University of California.

The Santa Monica and Compton High School baseball teams are to play their first game here Saturday afternoon.

Henry Welsh was today sentenced to the County Jail for a term of thirty days for disturbing the peace.

New officers were installed by the Royal Arcanum last night. A. E. Jackson is the Regent.

Before a jury in the court of Justice of the Peace Steele, Policeman Oakley was this afternoon found guilty on a charge of assault. The complainant was C. Petersen, who alleged that he was severely beaten by Oakley. Petersen paid his fine for drunkenness on the next day, but declared the officer had no authority to black his eye and beat him over the head with handcuffs or other weapon. He had the officer arrested and the jury agreed with Petersen. Oakley will receive his sentence tomorrow.

MASONS INSTALL OFFICERS.

Royal Arch Chapter at Redondo Holds First Convocation Since Receiving Its Charter.

REDONDO, Jan. 28.—The local chapter of Royal Arch Masons held an interesting convocation here tonight, on the occasion of the first installation of officers after the issue of its charter at the last Grand Convocation in San Francisco. A full attendance was on hand. The ceremony of installation was conducted by Deputy Inspector Gainor of Los Angeles. The outgoing High Priest, E. Cowperthwaite, now of San Francisco, was not present, having been detained in the northern city. A telegram was received from him, however, expressing his regret.

The new officers of the chapter are Arthur Steel, Excellent High Priest; J. C. Gillespie, King; Charles S. Colemen, Scribe; Ernest Heath, Treasurer; Charles Mangold, Secretary; Fred W. Howland, Captain of the Hosts; B. A. Furiong, Royal Arch Captain; C. W. Grassel, Master of the Third Veil; L. Rettig, Master of the Second Veil; W. Culver, Master of the First Veil; J. A. STATEN ISLAND MAN IS STRONG FOR COO

Had Been In a Precarious Condition a Long Time.

George W. Tucker, of Graniteville, Staten Island, is among those who have become strong believers in L. T. Cooper. On Wednesday, when interviewed at Cooper's headquarters, he said: "A month ago I was a chronic dyspeptic, caused by catarrh of the stomach. Now I am a well man.

"I came here a month ago, saw this man Cooper, got his New Discovery medicine and started taking it. At that time everything I ate caused gas to form in my stomach immediately. For an hour or so after meals I would be in pain, which would not leave me altogether until nearly time for the next meal. I had to be extremely careful in what I ate, as I could only digest the simplest food. My appetite was very poor and I was nervous and ill nourished, due to the failure of my food to digest properly. I felt tired and run down and lacked vitality. I did not sleep well, only getting about four hours' sleep a night and tossing about even when asleep. I would wake in the morning just as worn out as when I went to bed.

"I have been in this ... long time and have tried ... to find something that ... I have been discouraged ... past year to such an ... did not believe I would ... again. I started to take ... with very little faith ... perhaps it would do ... for a while at any ... more for me than ... would. I now ... and eat anything ... no longer any gas ... FOREGO THE MEETING.

Venice Citizens See no Need for It as Trustees Will Reconsider Pier Action.

VENICE, Jan. 28.—The citizens' meeting that was to have been held tonight for the purpose of discussing the proposed sewer pier bond issue was abandoned. The meeting was called when the City Trustees refused last Monday night to call a bond election, and the meeting was to voice the people's protest. But it having been learned that the Trustees were thinking about reconsidering their action there no longer remained a demand for the public expression.

The plan under consideration is the extension of the Venice pier for a distance of 1500 feet, the object being to provide a method of carrying the outfall pipe from the asceptic tank. Opponents to the pier method of disposal favor the placing of the mains on the bed of the ocean. Another theory recently advanced provides for the building of a new ocean outfall at the southern limits of the city, where there are but few homes and where the nuisance would be annoying to only a few.

HOPE BILL WILL PASS.

If the general appropriation bill should pass the Legislature in the form in which it is at this time being discussed by the Ways and Means Committee, it would carry the appropriation of the comfortable item of $35,000 for the installation and maintenance of a biological launch to be stationed at Venice. The establishment of an aquarium and biological station at Venice has resulted in bringing that section of Santa Monica Bay into prominent mention and the recognition of the station by the State makes the presence of a launch essential. Facilities for biological study and research on the West Coast are limited and it was with a view to the development and study of marine interests and life that the station and aquarium were established. The bill provides that the expenditure of the funds shall be made under the direction of the fish commission.

UNFORTUNATE COMBINATION.

Small Boy Tosses Lighted Match Into Gasoline Can at Ocean Park With Usual Result.

OCEAN PARK, Jan. 28.—The combination of small boy, lighted match and gasoline can proved an unfortunate one. The boy, aged 5, son of Mr. and Mrs. Edward Hill of Marine street, sustained painful burns. Just why he tossed the match into the liquid was not learned, as result followed with such rapidity that the little fellow was overcome with forgetfulness. His burns are painful, but he will probably suffer no permanent injuries or disabilities.

Should the McCartney bil, now before the Legislature, become law, the method of effecting the consolidation of this municipality with Santa Monica will be made easy. According to it, the only thing that will be necessary to bring about an election will be the filing of two petitions with the Santa Monica City Council. One must come from Ocean Park and the other from Santa Monica, and each shall contain the names of not less than 20 per cent. of the qualified voters of each city. SAN BERNARDINO MAN FAVORS OTIS-WALKER BILL.

Thirty of His Colleagues Take the Same Stand, Which Is Nine More Than Necessary to Pass the Bill Abolishing the Bookmaking Features of Race Tracks.

SAN BERNARDINO, Jan. 28.—[Exclusive Dispatch.] State Senator Willis in a private dispatch from Sacramento today, goes on record as an ardent supporter of the Otis-Walker bill, the anti-race track measure. He says he will vote for it and use his influence for its adoption. This makes thirty senators favorable to the bill, nine more than is necessary to pass it.

BITTER LITIGATION.

The bitter suit between Ernest H. Greene and J. E. Meyer of Los Angeles, over a group of mining claims in Panpah Valley, was dismissed this afternoon in the Superior Court on stipulation. Greene obtaining undisputed title to the property.

In the course of the fight, John Lambert and J. H. Williams, original owners of the group, were arrested at Los Angeles on complaint of Meyer, charged with selling him the property after they had disposed of it to Greene, but the accused were freed at the preliminary examination.

A few days later Williams commenced suit for heavy damages against Meyer, for alleged false arrest and imprisonment. This action is still pending.

NO BABY IN THE CASE.

The Times a few days ago received a dispatch from San Bernardino saying that Mrs. Della Bergon, who was accused of conducting a "blind pig" at Upland, was "delivered" at the County Jail. By a mistake in editing the correspondent's copy it was stated that she was delivered of a baby. There is no baby in the case. Mrs. Bergon was "delivered" at the jail as a matter of form, in order that her attorney might commence habeas corpus proceedings.

BEST WAY OUT.

The matrimonial troubles of Mr. and Mrs. Merrill Clay Hendrick of Pomona, who were married here recently, have been adjusted, and Mrs. Whitaker has consented to the dismissal of the action instituted here to secure the annulment of her daughter's marriage to Hendrick. Hendrick wrote from El Paso to the County Clerk last week, asking the status of the suit, and explaining that the woman's attorney had told him to leave the State and avoid trouble, but his relatives has encouraged him to return and fight the action, and he proposed to do so. The annulment suit was based on the allegation that the girl is under age.

Row in Upland Ends in Justice's Court. New Grammar School Is Dedicated.

UPLAND, Jan. 28.—A recent row in the local Chinatown resulted in the arrest of George Shiflet and Owen Wilson, both charged with disturbing the peace. Some one gave Fong Mon a terrible beating. The Mongolians accused Shiflet, and swore out a warrant for his arrest. He was brought before Justice Crane, who imposed a fine of $25, with the alternative of twenty-five days in jail. Wilson was given a fine of fifteen days, and paid his fine.

With almost a thousand people present, Tuesday evening, the splendid grammar school, just completed, at a cost of $36,000, was dedicated. Among the speakers were members of the school board, Judge B. F. Bledsoe of the Superior Court, San Bernardino County Superintendent McPherson of the same city. The stage of the auditorium was beautifully decorated for the occasion.

BEE TOO BUSY.

President of Order Fails to Appear in Ventura Court, but Sends Lawyer to Plead.

VENTURA, Jan. 28.—Attorney Danford of Los Angeles, legal advisor of the Order of Bees, entered a plea of not guilty in a local court yesterday, in behalf of his client, John Nelson, president of the order, who is accused of failing to pay a livery bill of $20. Nelson did not appear in person, but wired from Colton, where he is busy organizing another branch of the order, that he would do so later. February 12 was set as the date for the hearing.

The rainfall for the season is 17.50 inches, which is close to the figures of the whole of last season—18.01 inches. There has been no damage by high water in the creeks and rivers.

The new Thompson boulevard leading eastward out of this place, which has just been completed by the petrolithic street workers, has been damaged by some mischief-maker to the amount of at least $2000. In the first heavy rain, water was found running over a portion of the roadway, and it was discovered that some one had placed a board in front of one of the drainways leading under the road. This board was held in by a long stake driven into the ground.

Several sections of the big outfall sewer, which extends far out into the ocean west of town, were thrown out of place by the heavy seas in the recent southeast storm.

D. Frank Hunt, postmaster of Santa Barbara, was marooned here for two days. He brought a registered package here from the Channel City, and did not care to walk around the Benham slide.

MAKE IT HARD FOR SMUGGLERS.

REWARD OUT FOR CONTRABAND CHINESE AND GUIDES.

Five Dollars for Every Pigtail Spirited Into Los Angeles via the Underground Route Is Last Offer of Immigration Authorities, Who Suspect Organized Gang.

SANTA ANA, Jan. 28.—The heathen Chinee, who travels the underground from Mexico to Los Angeles, may find it harder to make all the connections from now on. Knowing that Chinese are being brought into this State from Mexico, Harry H. Weddle, inspector in charge of the immigration service for the Southern California district, has decided to offer rewards that may help break up the contraband trade.

Weddle has just completed a trip through Orange county, which is on the alleged route of the underground, and has offered for every Chinese caught, $5; for every guide of contraband parties, $50; for every master of a vessel landing Chinese, $100.

Some years ago capture of smuggled Chinese received a reward for their work and risk. This was taken off, and since then officers not connected with the customs service seldom put themselves out to hunt up smugglers.

ORGANIZED GANG.

Inspectors believe that there is an organized gang that escorts bands of Chinese from Mexico to Los Angeles at a fixed price per head.

It has long been thought here that Chinese were landed on the coast near the San Mateo Creek in the northern part of San Diego county, from which point Mexican guides escort the Chinese over the hills of the O'Neil ranches by night, hiding in the brush by day, to some point between El Toro and Santa Ana, where automobiles from Los Angeles pick them up and whisk them into Chinatown. Several months ago an automobile bearing seven Chinese broke down near this city, and the Asiatics were captured, and deported.

Two boys who escaped from the Whittier State School on Monday or Tuesday have given officers of this county a merry time. Tuesday evening the boys were arrested by City Marshal Ruddock of Fullerton. He did not place the boys in a steel cell, but gave them the run of the small building. During the night the boys picked the lock of the calaboose. Ruddock and City Marshal Jernigan of Orange hunted all day yesterday for the boys. Constable Jackson learned today that the lads took an early morning freight train toward San Diego.

ESCONDIDO.

ESCONDIDO, Jan. 28.—The Eucalyptus Culture Company of San Francisco has 500 acres of its recent purchase of 4000 acres of the Bernard tract, six miles below Escondido, ready for planting to eucalyptus trees. The purpose of the company is eventually to have the 4000 acres planted. The planting of the 500 acres, to blue, gray and sugar gum, will be started February 10. The necessary 500,000 trees, or ten carloads, will be from the nurseries at Oceanside. Next season the company will put in 1500 acres. It will install extensive nurseries at the ranch in the fall.

The Business Men's Association has sent letters to Senator Wright and Assemblymen Johnson and Hinkle, asking them to work for the establishment of a polytechnic school here.

BALBOA.

BALBOA, Jan. 28.—Work will begin on the bulkhead around Collins Isle on February 15. A dredger will deepen the channel, and fill in the low places. About $200,000 will be spent in the improvements.

NAVAL MACHINIST ON ALBANY TEMPORARILY INSANE.

Leaves Letter for Brother, Announcing Determination to End His Life, as He Is Crazy—San Diego Police Arrest Man Who Is Wanted in Ohio.

[BY DIRECT WIRE TO THE TIMES.]

SAN DIEGO, Jan. 28.—[Exclusive Dispatch.] While in a temporary fit of insanity last night, Joseph Sidney Mohland, first-class machinist, shot and killed himself while alone in the machine room of the cruiser Albany. He left a note addressed to his brother in Denver. It reads:

"This is the last letter you will receive from me, as I am out of my head and am going to commit suicide."

Mohland shot himself in the head with a revolver, which he had evidently carried on board himself, as it is unlike the regulation pistols of the cruiser. Mohland was 25 years of age. He enlisted in the navy at Denver, June 14, 1907. Interment will be at the naval cemetery on Point Loma.

WANTED IN OHIO.

Arthur Nyberg, a well-dressed young man, was surprised last night when detectives told him he was under arrest, charged with stealing $100 from his employer in Ohio. He readily admitted his identity, and told the officers he thought he was safe from prosecution in California on account of the small amount he had taken by means of forging his employer's name.

Nyberg was book-keeper for William Zahner, a florist of Conneaut, O. Finding that his salary did not meet his wants, he, it is alleged, signed checks with his employer's name.

According to his own story, Nyberg left Conneaut on January 7 for Chicago, then coming to San Diego after spending a few days in Los Angeles. He had arranged to leave on the steamer Queen last night for San Francisco. A telegraphic warrant from Conneaut, however, cut short further flight.

The young man was recognized by the detectives from a description and photograph sent in advance of the telegram. Local officers say the warrant, which is to be brought here by an officer now en route with the necessary requisition papers, charges Nyberg with forging three checks, one for $60 and two for $20 each. Nyberg says he will go back without a contest to face the charge.

SCHOOLS CROWDED.

The Board of Education has added to the teaching force five, who are to go on duty Monday morning. This is found necessary because of the crowded condition of many of the rooms, some of the classes numbering more than fifty pupils. Three of the teachers will be assigned to the Brooklyn Heights building, just completed; another will be added to the High School faculty, where classes are unusually large.

RESUME BULLFIGHTING.

A concession has been granted to resume bullfighting in the ring at Tia Juana. The first fight is announced for Sunday, February 14. Individuals from the City of Mexico claim to have the Tia Juana privileges, and say they will pull off no farces, such as have taken place there in the past.

PRACTICABLE.

FLOOD SCHEME IS APPROVED.

EXPERIMENT ON THE SANTA ANA MAY BE TRIED.

House Committee on Public Lands Reports Favorably on Project for Storing Water for Irrigation Purposes in Waste Wash Near Redlands—Land Withdrawn from Entry.

REDLANDS, Jan. 28.—A dispatch from Washington announces that the House Committee on Public Lands, which had under consideration the bill providing for flooding of certain lands in California, has reported favorably on that measure. The land to which the bill refers is practically valueless and it is proposed to try an interesting experiment with it.

It is in the wash of the Santa Ana River, near here. For nearly half a mile on each bank of the river there is no soil whatever, and it is pointed out that boulders, gravel and coarse sand predominate.

Only a few applicants have filed requests for the land, and the Secretary of the Interior has withdrawn the land from further entry.

The idea is to fill this land with water which will sink to bedrock, and it is thought that it will make its appearance again in the lower part of the river, where it may be diverted into the irrigation canals and also feed the flowing wells.

The report emphasizes the fact that if these flood waters are not turned into the earth they will speed on down the river's course and empty into the ocean without serving any good purpose whatever.

The government incurs no expense, as it merely permits persons to flood these lands.

WILL GO TO EL CENTRO.

The Redlands society and musical people who will put on the comic opera H.M.S. Pinafore at the local opera-house tomorrow and Saturday evenings, have decided to go to El Centro Friday evening, February 19, and give the opera in the Holt Opera-house. A special train will leave Friday morning, and will return Saturday.

LA CASA LOMA GUESTS.

The tourist season in Redlands is rapidly approaching its height. Every train brings people, some planning to remain a few days, and others until the end of the season. La Casa Loma already has a large number of eastern, middle western and northern people, others are arriving daily, and the first week in February will see still more. Recent arrivals are: Andrew Robson, R. G. Herndon, Louis Haines, Mr. and Mrs. E. M. Swenson, Mr. and Mrs. S. E. McCormack, Mr. and Mrs. J. C. McCreery, New York; W. M. Edwards, Philadelphia; Mr. and Mrs. J. West, Vancouver, B. C.; A. T. Mehle, Chicago; Mr. and Mrs. Charles McIlrath, Portland; O. N. Hall, San Francisco; Judge and Mrs. O. P. Resumption of Travel on Coast Lines Releases Floods of Guests for Big Hotels.

[BY DIRECT WIRE TO THE TIMES.]

SANTA BARBARA, Jan. 28.—[Exclusive Dispatch.] With the resumption of travel on the Coast line of the Southern Pacific tonight, floods of belated guests are now due at the Potter Hotel. The "shoofly" track around the wreck at Punta Gorda has been completed. Trains will leave tomorrow for Los Angeles, and through service from the southern city will be resumed north. The steamer Queen, which will reach here at daylight tomorrow, will bring more than 100 guests for this hotel. Many reservations are booked for the next few weeks.

Gen. and Mrs. Biddle gave an "army" dinner in the hotel's main dining parlor, tonight. The table decorations were acacia and yellow ribbons, the army colors. The guests were Sir John Eardley-Wilmot, Mr. and Mrs. William Miller Graham, Mr. and Mrs. John Edward Beale, Miss DeYoung, Mrs. Wingate, Mrs. Porter, Mrs. Loring, Mrs. Rogers, Dr. and Mrs. Page, Miss Bowditch, and Messrs. Ogilvy, Broome, Wilson, Barker.

Editor Michael DeYoung of the San Francisco Chronicle arrived today with Mrs. DeYoung and their daughter, Miss Kathleen. The two ladies will take prominent parts in the private theatricals to be given by Mrs. William Miller Graham at her country place on Booths' Point Monday night. The play will be unique. The DeYoungs will return to San Francisco next Tuesday to take part in a similar affair there, and then will come back here again.

BECOMES STATE INSTITUTION.

College of Medicine, University of Southern California, Affiliates With University at Berkeley.

The application of the faculty of the College of Medicine of the University of Southern California for affiliation with the University of California was approved by the trustees of the University of Southern California at a meeting held yesterday, the decision being effected after a full discussion of the report of the special committee appointed to investigate said relation. This arrangement will become effective next fall.

This action does not in any way disturb the present amicable relation of the College of Medicine with the University of Southern California. This year's work will proceed as usual, and the graduates of the college will receive their degrees from the University of Southern California at the commencement in June.

WARSHIPS AT CALLAO.

LIMA (Peru) Jan. 28.—The American Pacific squadron, under Rear-Admiral Swinburne, which came into Callao yesterday, will remain at the port until February 10, when it will resume its trip to Magdalena Bay, via Panama. Admiral Swinburne, accompanied by his staff, will later come up to Lima and call upon the President of the republic and the members of the Cabinet.

Fifty cottages will be built at the Naval Hospital at Fort Lyon, near Las Animas, Colo., operated by the Federal government, for the treatment of tuberculosis patients. The total cost of the buildings will be $150,000.

JOY WORK
And the Other Kind.

Did you ever stand on a prominent corner at an early morning hour and watch the throngs of people on their way to work? Noting the number who were forcing themselves along because it meant their daily bread, and the others cheerfully and eagerly pursuing their way because of love of their work.

It is a fact that one's food has much to do with it. As an example:

If an engine has poor oil, or a boiler is fired with poor coal, a bad result is certain, isn't it?

Treating your stomach right is the keystone that sustains the arch of health's temple and you will find "Grape-Nuts" as a daily food is the most nourishing and beneficial you can use.

We have thousands of testimonials, real genuine little heart throbs, from people who simply tried Grape-Nuts out of curiosity—as a last resort—with the result that prompted the testimonial.

If you have never tried Grape-Nuts it's worth while to give it a fair impartial trial. Remember there are millions eating Grape-Nuts every day—they know, and we know if you will use Grape-Nuts every morning your work is more likely to be joy-work, because you can keep well, and with the brain well nourished work is a joy. Read "The Road to Wellville" in every package—"There's a Reason."

THE OIL INDUSTRY.

GUSHER GROWS STILL BIGGER.

TWELVE HUNDRED BARRELS THE DAILY AVERAGE.

Land Owner Puts Up Price of His Single Acre Over Three Times in Consequence of Strike—New Company to Drill in Coyote Hills, on Chino Ranch.

The big well of the Pacific Petroleum west of Beverly, continues to excite the interest of oil men. Instead of declining or sanding up, as the Amalgamated's big wells in the old Salt Lake field frequently did, this gusher is increasing its output and now, by calculations based upon measurements, it is producing an average of 1200 barrels a day. It is 19 gravity.

There is practically no land to be had in the region. If there was, prices would go skyhigh. The Associated, through the Amalgamated and the West Coast, its subsidiaries, and the Union have almost everything except the little patch of the Wolfskill ranch on which the owner maintains his home. One oil and real estate man who owns a single acre right on the Los Angeles-Pacific right of way and with a sixty-foot road on three sides, offered to sell at $1500 an acre the day before the well came in and the other day he declared he would ask three times as much or more.

The Union is preparing to erect a rotary and bore on the southeast corner of the Consolidated Petroleum just north of this site. This will be the first new work to get under way in this vicinity.

The big gusher is not an Amalgamated property as it is commonly referred to. It belongs to the Pacific Petroleum, which is owned by the West Coast, and this is, in turn, a direct subsidiary of the Associated. It is under the same management as the Amalgamated.

Now Well in Coyotes.

Charles Victor Hall has acquired a large tract in the Coyote Hills and has his first rig in. The site is between the Murphy wells and the Union lease on the Meyer ranch. The work is in the name of the Coyote Hills Oil Company.

Union's Operations.

The Union's first string on the Chino ranch in San Bernardino county, was down 1000 feet some weeks ago. It is in new territory, though not very many miles from proved ground.

The Union's annual report has brought to light the fact that the big company has leased the San Souci property at McKittrick, a small, but rich tract, opened by T. A. O'Donnell and the McCray brothers as a part of the plan of getting into the San Joaquin Valley fields.

High Opinions of New Lands.

S. C. Foltz of the Homestead Oil Company, when in this city, expressed a very high opinion of the new districts that are expected to be opened this year in Northern Kern, Kingv and Southern Fresno counties in the Temblor, Devil's Den, Kettleman Hills and Kreyenhagen. His company has land at several points in this region and will drill in Temblor very soon. Mr. Foltz is confident of getting oil.

"There is a continuous belt," said he, "that is easily traceable from McKittrick to Coalinga. The formation is plain. The break is shown all along points to oil on its east side just as it is found in Coalinga and the West Side field in Kern. In the [illegible] Dan the Stark well good well. The government experts, Messrs. Arnold and Andersen, have made a very strong report on the ground."

Midway Water Situation.

E. D. Burge, manager of the Stratton Water Company at Midway, is in the city and declares the conditions much improved. The new compressor, he says, is working very well, but the six-inch main line pipe is essential to handle the business. The material is on the ground. Some difficulty was found in the action of the water when driven into the pipe under full pressure, cutting the pipe at the well. Galvanized pipe has been tried and is working all right. It is intended to have some lined with wood as an experiment. The rig is up for a second well and when all is finished there will be a complete duplicate plant with one set of machinery to take up the work if the other breaks down.

COLORADO STOCKMEN.

(Continued From First Page.)

that all citizens may have equality before the law and protection in the courts against the abuse of power."

SAYS THROTTLING INDUSTRY.

In support of his substitute Ammon declared he came before the convention representing thirty-one cattle associations of his State, and all the leading business interests. He declared his substitute bill provided for more than the forest service pretends to give.

He charged the forestry service with having placed a throttle upon Colorado's neck by seizing thousands of acres of the very richest agricultural lands in the State, which it would not allow being opened up to homesteaders; that the mining industry is being killed by the practical prohibition of prospectors and miners from the mountain preserves of the forest service and that timber is being cut now at a faster rate than ever before.

The mountain cattle men, he declared, are being discriminated against because they are being charged for grazing their herds on regions where trees cannot be grown at the same rate charged the cattle men on the plains reserves.

He declared they wish to protect their timber against fires and irrigate their lands, but they are balked by the foresters, who will not let them dig ditches and improve land which is now almost worthless. In conclusion he declared:

"It would seem that, having control of the very best lands of our State, the forestry service should be more than self-supporting from the fees it collects. But it is not, and it is branching into other businesses to make up its deficits. They are now in the stock business, and in ten years will be in every business in the State. It is proper that all lands should be devoted to the best uses for which they are fitted, whether it be grazing or mining or what-not, yet this is not being done. The forestry service has done more to retard Colorado's progress than anything in the State. We believe that the people of the State should be left the encouragement of our natural resources and ask that the government cede to us our public lands."

SKELETON OUT.

Murdo Mackenzie let the skeleton out of the closet and resurrected the old fight which has tended to disrupt the Colorado cattle men's association when he answered Mr. Ammon:

"Mr. Ammon takes a great deal upon himself when he says he comes here as the representative of Colorado. He does not represent the sentiment of my part of the State, nor does he represent a majority of the business interests, as he says. By the way, Mr. Ammon, is not your own association divided in its opinion, and have not many of the small associations severed their affiliations with you?"

"Yes," replied Ammon quickly, "three of the associations have left us and four more have joined. [General laughter.] Our association is unanimous in the beliefs I have expressed, and I will prove it to you."

At which Ammon gave to President Jastro an indorsement from his association, which he requested read, but Mr. Mackenzie declared he accepted Ammon's word, and the incident passed.

DECLARES BLIGHT ON STATE.

C. B. Rhodes of Denver corroborated Mackenzie in the statement that Ammon was taking too much upon himself, which drew a response from Congressman-elect Taylor, who said:

"I have lived for a great many years on the western slope. The forestry system in the mountains is impracticable. In fact, the entire policy of Pinchot has put a blight on Colorado. He has practically put a stop to prospecting, the work of those men who have done so much for the State and the unearthing of her treasures. He has taken lands which could be homesteaded. Pinchot has thousands of acres of rich lands upon which there is not a shrub in his princely domain. Of course we want our forests conserved, but we believe we can solve the problem better ourselves. And when any one says that Mr. Ammon does not represent Colorado, he does not know what he is talking about, because the views he has expressed are concurred in by nearly all the cattle men, miners, and larger business interests."

PINCHOT INDORSED.

At this point Senator Joseph M. Carey of Wyoming, chairman of the Resolutions Committee, declared that the Colorado men were exhibiting a selfish spirit; that they should not insist that every State vote against Pinchot because they do not like him. Both Carey and Sam H. Cowan, attorney for the association, stated that if the clause relating to cession of lands to the State were passed, it would be, if made a law, a repeal of every present existing land law. At this point President Jastro put the questions, which resulted in overwhelming defeat for the substitute and the adoption of the original measure.

TRANSPORTATION BILL TILT.

Another tilt came when a resolution was introduced indorsing and urging the passage of the bill now pending in Congress, known as the Culberson-Smith Car and Transportation Service bill, which declares it to be the duty of railroads, subject to the Act to Regulate Commerce, to provide sufficient facilities to perform with dispatch their duties as common carriers in furnishing cars and transporting all freight, including live stock, and to promptly transport same, and to exchange loaded and empty cars, and otherwise to provide sufficient facilities, fixing penalties for failure of such duties, and giving to the shipper the right to recover in any court of any State or Territory having jurisdiction, his damages and attorney's fees, and in case of failure to furnish cars for shipping live stock, double the damages sustained; and also empowering the Interstate Commerce Commission to enforce penalties for violation of the act and to make rules and regulations with respect to the time and manner of giving notice for cars, furnishing cars, exchange and interchange of cars and all needful rules and regulations in the administration of such law and to compel its observance, and providing rules applicable to the different classes and kinds of freight and the varying circumstances and conditions of shipment.

IDAHO HEARD FROM.

Murdo Mackenzie, speaking in support of the resolution, said that while conditions had improved greatly in the past year yet he believed the passage of the measure would do no harm. Delegate Gooler of Idaho replied quickly:

"That may be true in Colorado but it is not true in Idaho. In fact conditions are worse if anything. There is no reason for the outrageous delays we are subjected to every time we ship. The railroads persist in sidetracking stock trains for any old kind of dead freight. They keep us waiting needless hours at division points.

"But the worst feature is the overcrowding of the trains. The railroads insist they must have from 900 to 1200 tons in every train. The ordinary cattle car carries about thirteen tons. Thus it would take about seventy cars to make up a cattle train. They can seldom get that many cars of cattle so they tack on dead freight and tax the engine and speed sometimes becomes so slow a man walking could beat it.

"And they do this just because they must get the money. Why, the railroads get about $14,000 for every train they run from Idaho to Chicago, while they receive only about $6000 for a train from Chicago to Los Angeles, a much greater distance. Is that fair to Idaho shippers?"

Gooler's speech was greeted with cheers by the northern stock men and the resolution was passed unanimously.

SLATE GOES THROUGH.

The election of officers at the close of the session resulted as was slated in The Times yesterday morning, as follows:

President—H. A. Jastro, Bakersfield.

First Vice-president—Murdo Mackenzie, Trinidad, Colo.

Second Vice-president—Joseph M. Carey, Cheyenne, Wyo.

Treasurer—Col. W. E. Hughes, Denver, Colo.

Attorney—Sam H. Cowan, Fort Worth, Tex.

Secretary—T. W. Tomlinson, Denver, Colo.

Denver was selected as the convention city for 1910, but not until after such a hard fight with Fort Worth that the Texas city was virtually promised the meeting for 1911. Fort Worth withdrew from the race gracefully, as exemplified by a side-splitting passage-at-arms between Sam Cowan and W. D. Davis, who had extended the Texas invitation.

Davis, in citing the attractions of his home town, related how Cowan came to Texas from the backwoods of Tennessee as the greenest tenderfoot that ever hit the Panhandle, with carpet bag, white socks and trousers eight inches too-short. On his first day in Fort Worth, Davis said, Cowan had gone into the finest hotel in the city and after studying a French bill of fare an hour, called a waiter over and ordered a "glass of buttermilk, some corn bread and a fox squirrel, and he would call it square." Davis guaranteed to exhibit the trousers and socks.

Davis had stood at his seat in the hall when he addressed the convention and Cowan got back at him by declaring that Davis wore boots, and "boots that were run down at the heel, and on the inside, too," and did not dare to come to the platform.

MUCH IN RESOLUTIONS.

Among other resolutions adopted by the convention are the following:

That Congress enact a law which will prevent railroad companies from changing rates except on approval of the Interstate Commerce Commission and after notice to parties interested.

That a law be enacted providing for a minimum speed limit for the transportation of live stock and other perishable goods of not less than twenty miles an hour, including stops, with such exceptions as the Interstate Commerce Commission might make.

That free transportation be given by railroads both ways for attendants of stock trains.

Favoring adequate and needed protection to all live stock and its products and hides and wool and an adjustment of tariff relations that will increase the export trade.

Expressing hearty appreciation of the valuable and efficient work of the bureau of plant industry, especially in the investigation of poisonous plants; and the bureau of animal industry, on behalf of the live-stock industry, and urged upon Congress the necessity of liberal appropriations for the carrying on and extending of the work of these departments.

Requesting Congress to make sufficient appropriation to allow the secretary of agriculture to continue the work of eradicating the fever tick.

That all Western States enact laws empowering sanitary boards of such States to condemn, appraise and slaughter and pay compensation for all cattle and horses found to be infected or exposed to infection from fatally contagious diseases.

Thanking President Roosevelt and Secretary of Agriculture James Wilson for their efforts toward the upbuilding of the live-stock industry.

Thanking the officers of the association for their efficient and devoted services, and the Los Angeles newspapers for "valuable assistance in announcing various convention matters and the complete and comprehensive reports of the convention transactions."

LOOKING AROUND.

Though the delegates at yesterday morning's sessions concluded their business, most of the visitors will remain in California from several days to several weeks. Nearly all of them will remain in Los Angeles over Sunday.

Yesterday afternoon several hundred of the visitors were given an automobile ride about the city as guests of the Chamber of Commerce, in machines donated for the purpose by citizens. Today the visitors will take a trolley trip to Pasadena. Some will go on to Mt. Lowe. Saturday there will be a trolley trip over the Los Angeles-Pacific lines to the beach towns on Crescent Bay, with a fish dinner at Redondo. Later, many of the visitors will go to San Diego, Santa Barbara, Sacramento and Berkeley.

The Executive Committee met in the convention offices in the Chamber of Commerce building last night to appoint sub-committees and plan a campaign for the coming year.

CLIPPING BUREAU MOVES.

Allen's Press Clipping Bureau has moved its offices to the sixth floor of the Jeffries building, Fourth and Winston streets. A large space has been leased to take care of the growing business. This bureau also has offices in San Francisco and Portland. Some idea of the extent of the business may be gained from the fact that the bureau prints 1,000,000 "headings" at a time. These are pasted on the clippings taken from the paper and show the name and date.

LAWLER'S LIFE.

ness and sent out inflammatory proclamations to their misguided followers. They urged the poor peons to "strike for liberty." Letters were smuggled out, directing the operations of the junta, and in every way they endeavored to foment strife, although restrained from engaging personally in the campaign of revolt and bloodshed.

Because of this underhanded method of inciting their friends to plot against the two republics, the Federal authorities decided to keep the prisoners incommunicado, although their attorneys have been allowed to see them at reasonable intervals.

A plot to bring about a jail-break was discovered through the watchfulness of one of the officers, and a letter giving a detailed description of the prisoners' cells and the interior arrangement of the jail, fell into the hands of the Federal authorities.

Neither Sheriff Hammel nor United States Marshal Youngworth felt any apprehension over the projected attempt to free the reds. They both declared at the time the letter was placed in their hands that it would be impossible to get the prisoners out of their steel cages, through the jail, and into the street, without arousing the guards.

With their removal to Arizona, it is expected that the scene of plots and conspiracies will be transferred to Douglas and Tombstone. To avoid any publicity, the United States Marshal will not give out any information in advance as to the day of removal. The prisoners will be taken quietly to the Arcade Station, and under heavy guard be escorted to Tombstone, where they will be transferred to the custody of the Territorial Federal authorities.

UNAVOIDABLE ACCIDENT.

Woman, Crossing Congested Street in Middle of Block, Becomes Confused and is Injured.

Becoming confused by the rush of traffic while trying to cross the street in the middle of the block at Third and Fourth streets yesterday afternoon, Mrs. E. E. Bertram, 154 West Jefferson street, stepped in front of a closed carriage and Mrs. Charles Wellington Rand was knocked down. Mrs. Bertram was not seriously injured, but received severe shock. She was removed to a near-by store and attended by Dr. Janss. Later she was taken to her home in an automobile.

According to those who witnessed the accident, the driver of the carriage was not to blame. He was driving north along Broadway at a moderate rate of speed, as the crowded conditions required. When Mrs. Bertram was half way across the street she paused a moment and then stepped directly in front of the horses. Realizing her peril she could not go forward or backward. Mrs. Rand, who was in the carriage alone, could not see that Mrs. Bertram was not aware of the approach of the carriage and attracted her attention was attracted by the gathering crowd. She immediately interested herself in the case of the injured woman, and assisted in doing everything possible to make her comfort.

In the evening Mrs. Rand called on Mrs. Bertram at her home, which is located only after considerable search. She expressed great concern for the injured woman, presented her with a beautiful bouquet, and made arrangements to repay her for any expenses resulting from the accident. Mrs. Bertram gave assurances that the accident was in no way to blame for the accident, nor was the driver of the carriage.

Mrs. Bertram sustained a severe cut on the head and side, and a severe contusion where one of the horses stepped on her foot, and her injuries are painful. According to the physicians in attendance there will be no serious results, and she will be able to be out in a few days.
